2. SETUP

Panda Premium Soft & Strong Toilet Paper is designed for standard toilet paper dispensers.

1. **Remove Used Roll:** If a used roll is present, remove it from the toilet paper holder.
2. **Prepare New Roll:** Unwrap the new roll of Panda Premium Soft & Strong Toilet Paper.
3. **Install Roll:** Place the new roll onto the toilet paper holder spindle. Ensure the paper unrolls from the top, over the front, for optimal access.
4. **Secure Holder:** Re-attach the toilet paper holder spindle to its brackets, ensuring it is securely in place.

3. USAGE

This toilet paper is engineered for effective and comfortable use.

- **Dispensing:** Pull the desired amount of toilet paper from the roll. The two-ply construction provides enhanced strength and softness.
- **Tearing:** Tear the paper along the perforations for a clean separation.

- **Disposal:** After use, dispose of the paper in the toilet. This product is **septic-safe** and designed to break down effectively in septic systems.

4. CARE & MAINTENANCE

Proper storage and disposal ensure optimal product performance and environmental responsibility.

- **Storage:** Store unused rolls in a dry, cool place away from direct moisture to maintain product integrity.
- **Disposal:** Always flush used toilet paper. Avoid disposing of other materials in the toilet to prevent plumbing issues.
- **Environmental Note:** This product utilizes tree-saving technology, contributing to eco-conscious paper production.

5. TROUBLESHOOTING

Issue	Possible Cause	Solution
Paper tears unexpectedly during dispensing.	Excessive force or improper tearing angle.	Pull gently and tear along the perforations. Ensure the roll is not too tight on the holder.
Toilet clogging.	Excessive amount of paper used at once, or non-flushable items disposed.	Use a reasonable amount of paper per flush. Do not flush items other than toilet paper. If clogging persists, consult a plumber.

6. SPECIFICATIONS
