Zinus OLB-SB13-18K

ZINUS SmartBase Heavy Duty Mattress Foundation Instruction Manual

Model: OLB-SB13-18K | Brand: Zinus

Product Overview

The ZINUS SmartBase Heavy Duty Mattress Foundation is engineered with heavy-duty steel to provide unwavering support for your mattress without the need for a box spring. This all-in-one foundation is designed for durability and convenience, offering significant underbed storage space.

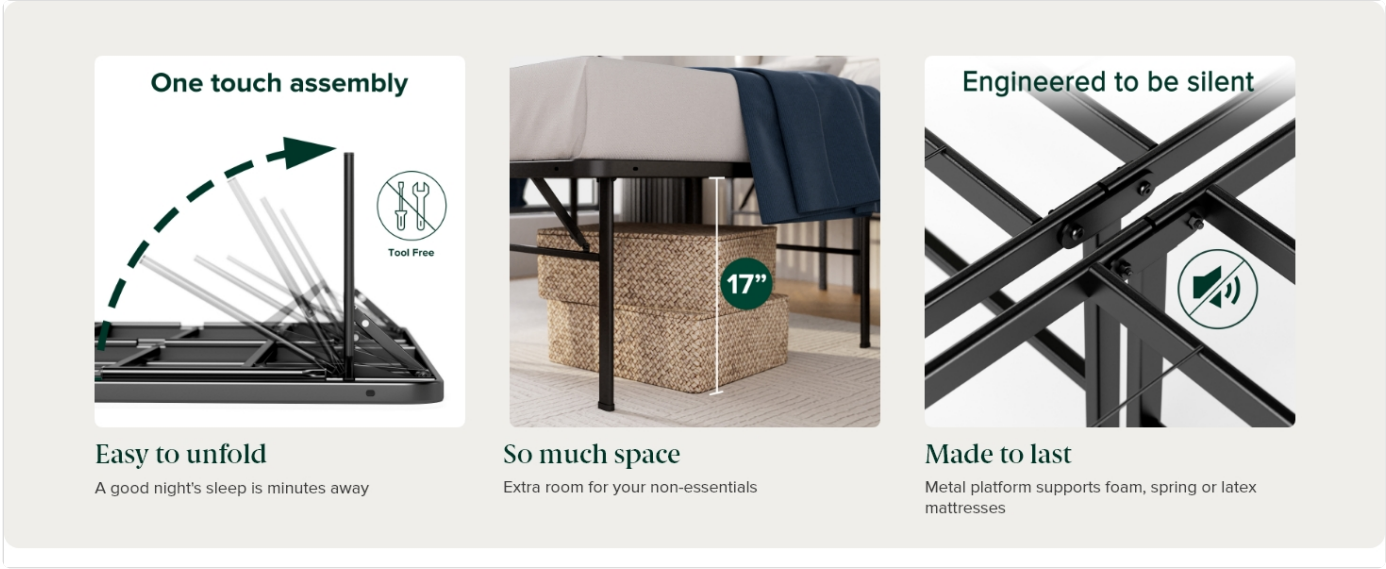

- **Strong and Durable Steel:** Built to support substantial weight.
- **No Box Spring Needed:** Metal platform supports various mattress types directly.
- **Underbed Storage:** Provides ample clearance for storage, with recessed legs for safety.
- **Quick, Tool-Free Assembly:** Designed for easy setup.
- **Worry-free 5-year limited warranty included.**

The ZINUS SmartBase provides a sturdy foundation for your mattress, eliminating the need for a traditional box spring.

Setup and Assembly

The ZINUS SmartBase is designed for quick and tool-free assembly. Simply unfold the frame, extend the legs, and use the easy locking system to secure everything in place. No additional tools are required.

The SmartBase features a one-touch assembly design, allowing for quick and easy setup without the need for tools.

For detailed step-by-step instructions, please refer to the official Installation Manual:

Usage and Features

The SmartBase provides a robust and silent foundation for your mattress, designed to enhance your sleeping experience. Its elevated design also maximizes underbed storage, making it ideal for smaller living spaces.

- **Optimal Mattress Support:** The heavy gauge steel wires provide firm support for latex, memory foam, or spring mattresses, eliminating sagging.
- **Recessed Legs:** The frame features recessed legs to prevent accidental toe stubbing, enhancing safety in your bedroom.
- **Noise-Free Design:** Engineered to be silent, ensuring a peaceful sleep environment.

Benefit from significant underbed clearance, perfect for storing various items and maximizing space.

The recessed leg design helps prevent accidental toe stubbing, improving safety around the bed frame.

The frame is engineered to be silent, ensuring no creaks or noises during use.

Maintenance

To maintain the quality and appearance of your ZINUS SmartBase, simply wipe it with a dry cloth as needed. Avoid using harsh chemicals or abrasive cleaners that could damage the finish.

Troubleshooting

While the ZINUS SmartBase is designed for durability, occasional issues may arise. Here are some common concerns and potential solutions:

- **Squeaking Noises:** Although engineered to be silent, ensure all locking mechanisms are fully engaged and tightened. Check for any loose connections or debris between the frame and mattress.
- **Frame Instability/Bending:** Verify that the frame is assembled correctly according to the installation manual. Ensure the weight on the frame does not exceed the specified capacity. For King size, the maximum weight capacity is 3000 lbs (evenly distributed).

- **Mattress Sliding:** If your mattress tends to slide on the frame, consider using a non-slip mattress pad or mattress stoppers (not included) to keep it in place.

If you encounter persistent issues, please refer to the**User Guide (PDF)** or contact Zinus customer support for assistance.

Specifications

Feature	Detail
Size	King
Product Dimensions	80"L x 76"W x 18"H
Special Feature	Storage
