Severin BC 7035 Canister Vacuum Cleaner User Manual

Model: BC 7035 S'POWER snowlight

1. IMPORTANT SAFETY INSTRUCTIONS

Please read these instructions carefully before using the appliance and keep them for future reference. Always observe the safety notes. This appliance is intended for domestic use only.

- Do not vacuum up water or other liquids.
- Do not vacuum up hot ashes, burning cigarettes, or sharp objects.
- Ensure the dust bag and filters are correctly installed before operation.
- Unplug the appliance from the mains socket after use, before cleaning, or in case of malfunction.
- Keep the appliance out of reach of children.

2. PRODUCT OVERVIEW

The Severin BC 7035 is a compact and powerful bagged canister vacuum cleaner designed for efficient cleaning of various floor types.

This image shows the complete Severin BC 7035 vacuum cleaner assembly, including the main unit, flexible hose, telescopic tube, and floor nozzle, ready for use.

Components:

- Main Vacuum Unit
- Flexible Hose
- Telescopic Tube
- Switchable Wessel-Eco Floor Nozzle
- XL Parquet Nozzle
- Crevice Tool

- Upholstery Brush
- Dust Bags (2 included)

A side view of the main vacuum cleaner unit, highlighting its compact design and integrated carrying handle.

The included crevice tool and upholstery brush, essential for cleaning tight spaces and delicate fabrics.

3. SETUP AND ASSEMBLY

Follow these steps to assemble your vacuum cleaner before first use:

1. **Attach the Flexible Hose:** Insert the hose connector into the suction opening on the main unit until it clicks into place.
2. **Connect the Telescopic Tube:** Attach the handle end of the flexible hose to the telescopic tube. Ensure a secure connection.

Hands demonstrating the connection of the flexible hose to the telescopic tube, ensuring a secure fit.

3. **Attach the Floor Nozzle:** Connect your desired floor nozzle (e.g., Wessel-Eco floor nozzle or XL parquet nozzle) to the end of the telescopic tube.

The Wessel-Eco floor nozzle, suitable for various floor types, ready for attachment to the telescopic tube.

4. **Adjust Telescopic Tube Length:** Press the button on the telescopic tube and extend or retract it to your preferred working height. Release the button to lock it in place.

Hands adjusting the length of the telescopic tube, indicating the adjustable mechanism for ergonomic use.

5. **Insert Dust Bag:** Open the dust bag compartment and ensure a dust bag is correctly inserted.

4. OPERATION

Powering On/Off:

- Plug the power cord into a suitable mains socket.
- Press the On/Off button on the main unit to start or stop the vacuum cleaner.

Adjusting Suction Power:

The vacuum cleaner features continuous power adjustment. Rotate the power control knob on the main unit to increase or decrease suction power according to your cleaning needs.

Using Different Nozzles:

- **Wessel-Eco Floor Nozzle:** Use for general cleaning on carpets and hard floors. It has a switch to change between carpet and hard floor modes.
- **XL Parquet Nozzle:** Ideal for sensitive hard floors like parquet, laminate, or tiles, providing gentle yet effective cleaning.
- **Crevice Tool:** Perfect for cleaning narrow gaps, corners, and edges.

- **Upholstery Brush:** Designed for cleaning upholstered furniture, curtains, and other textile surfaces.

The vacuum cleaner positioned vertically, demonstrating its convenient storage capability.

5. MAINTENANCE

Changing the Dust Bag:

When the dust bag indicator shows full, or suction power decreases significantly, it's time to change the dust bag.

1. Unplug the vacuum cleaner from the power outlet.
2. Open the dust bag compartment.
3. Carefully remove the full dust bag and dispose of it.
4. Insert a new Severin original dust bag, ensuring it is properly seated.
5. Close the dust bag compartment securely.

Cleaning/Replacing Filters:

The Severin BC 7035 is equipped with a HEPA 13 filter for optimal air filtration. Regularly check and clean or replace filters as per the instructions in the full manual to maintain performance and air

quality.

- **Motor Protection Filter:** Check regularly and clean if necessary.
- **HEPA 13 Exhaust Filter:** This filter should be replaced periodically, typically once a year, depending on usage. Do not wash the HEPA filter.

Cleaning the Appliance:

Wipe the exterior of the vacuum cleaner with a damp cloth. Do not use abrasive cleaning agents or immerse the appliance in water.

6. TROUBLESHOOTING

If you encounter issues with your vacuum cleaner, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No power	Not plugged in; power outlet faulty; fuse blown	Check power cord connection; try another outlet; check household fuse
Low suction power	Dust bag full; filters clogged; hose/tube/nozzle blocked	Replace dust bag; clean/replace filters; remove blockage
Unusual noise	Foreign object in fan; motor issue	Switch off and check for foreign objects; contact service if noise persists

If the problem persists after trying these solutions, please contact Severin customer support.

7. TECHNICAL SPECIFICATIONS

Feature	Specification
Model Number	BC 7035
Power	750 Watts
Voltage	220 Volts
Capacity (Dust Bag)	2 Litres
Dimensions (L x W x H)	35.5 x 25.5 x 20 cm
Weight	3.22 Kilograms
Noise Level	79 dB
Filter Type	HEPA 13
Operating Radius	8 meters
Cable Length	5 meters

Feature	Specification
Energy Efficiency Class	A

8. WARRANTY AND SUPPORT

Severin products are manufactured to high-quality standards. For information regarding warranty terms and conditions, please refer to the warranty card included with your product or visit the official Severin website.

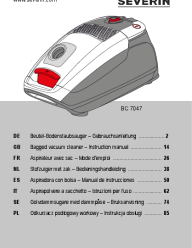

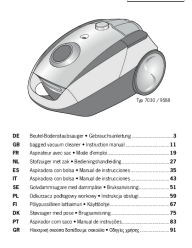

For technical support, spare parts, or service inquiries, please contact Severin customer service. Contact details can typically be found on the Severin website or in the product packaging.

Online Resources:

- Visit the official Severin website for FAQs, product registration, and additional support.
