BLUEAIR Sense+

Blueair Sense+ Air Purifier Instruction Manual

Model: Sense+

INTRODUCTION

The Blueair Sense+ Air Purifier is designed to enhance your indoor air quality by removing airborne pollutants. This manual provides essential information for the proper setup, operation, and maintenance of your device to ensure optimal performance and longevity.

PRODUCT OVERVIEW

Key Features

- Patented HEPASilent filtration technology removes 99.97% of airborne pollutants.
- AHAM verified Clean Air Delivery Rates (CADR) of 140 CFM (smoke), 150 CFM (dust), and 120 CFM (pollen).
- Cleans the air in a 186 sq. ft. room 5 times per hour, or a 372 sq. ft. room 2.5 times per hour (based on 8 ft. ceilings).
- Revolutionary combination of advanced filter media and an encapsulated particle-charging chamber for superior results.
- Energy Star certified for efficient operation.

Included Components

- Blueair Sense+ air purifier unit
- Two particle filters
- Product documentation

SETUP INSTRUCTIONS

1. **Unpack the Unit:** Carefully remove the air purifier from its packaging. Retain all packaging materials for future transport or storage.
2. **Remove Protective Packaging:** Open the filter compartment (refer to the diagram in the full manual) and remove any plastic wrapping from the filters.
3. **Install Filters:** Insert the filters into their designated slots. Ensure they are seated correctly according to the markings.
4. **Position the Unit:** Place the air purifier on a flat, stable surface in the room where you wish to purify the air. Ensure there is adequate space around the unit for proper airflow (at least 4 inches from walls or furniture).
5. **Connect to Power:** Plug the power cord into a grounded electrical outlet.

OPERATING INSTRUCTIONS

The Blueair Sense+ features intuitive controls for ease of use.

Power On/Off and Fan Speed

- **Touchless Control:** Wave your hand over the top panel of the unit to cycle through fan speeds (low, medium, high) and to turn the unit off.
- **Voice Control:** The unit supports voice control via Amazon Alexa or Vera. Refer to the respective smart home application for setup and command details.

Wi-Fi Connectivity

The Sense+ is Wi-Fi enabled for remote control and monitoring via the Blueair Friend app.

1. **Download the App:** Download the Blueair Friend app from your device's app store.
2. **Pair Your Device:** Follow the in-app instructions to pair your Blueair Sense+ with your smartphone or tablet.
3. **Remote Control:** Once paired, you can adjust fan speed, set schedules, and monitor air quality from anywhere.

MAINTENANCE

Regular maintenance ensures your Blueair Sense+ continues to provide clean air efficiently.

Filter Replacement

- The Blueair Sense+ uses HEPASilent particle filters.
- Filters should be replaced approximately every 6 months, depending on usage and air quality.
- A filter indicator light on the unit will illuminate when it's time for replacement.
- To replace, unplug the unit, open the filter compartment, remove old filters, and insert new ones. Dispose of used filters responsibly.

Cleaning the Unit

- Wipe the exterior of the unit with a soft, dry cloth as needed.
- Do not use abrasive cleaners or solvents.
- Ensure the unit is unplugged before cleaning.

TROUBLESHOOTING

If you encounter issues with your Blueair Sense+, refer to the following common solutions:

Problem	Possible Cause	Solution
Unit does not turn on	No power supply	Check if the power cord is securely plugged into the unit and a working electrical outlet.
Poor air purification	Clogged or old filters	Replace the filters. Ensure no protective plastic is left on new filters.
Unusual noise	Obstruction in fan or loose component	Unplug the unit and check for any foreign objects. Ensure filters are correctly installed.
Wi-Fi connection issues	Network problem or incorrect setup	Ensure your Wi-Fi network is active. Restart the unit and try pairing again via the Blueair Friend app.

SPECIFICATIONS

Specification	Value
Brand	BLUEAIR
Model Number	Sense+
Color	Polar White
Power Source	Corded Electric
Item Weight	31 Pounds
Control Method	Voice, Touchless (Motion Sensor)
Filter Type	HEPA
Floor Area Coverage	Up to 200 Square Feet (5 air changes/hour)
Noise Level	56 Decibels (Max)
Controller Type	Amazon Alexa, Vera
Special Features	Wi-Fi Enabled, Manual Control
Specification Met	Energy Star Certified
UPC	689122003160, 689122001920
