Ameriwood Home 5883096PCOM

Ameriwood Home Willow Lake Crib Instruction Manual

Model: 5883096PCOM

1. PRODUCT OVERVIEW

The Ameriwood Home Willow Lake Crib is designed to provide a safe and comfortable sleeping environment for your baby. This crib features a sturdy construction and an adjustable mattress platform to accommodate your child's growth. It is crafted with a non-toxic finish, ensuring it meets or exceeds U.S. government and ASTM safety standards.

Key Features:

- Crafted for safety and beauty to enhance your nursery.
- Non-toxic finish tested for lead and other toxic elements.
- Sturdy fixed rails ensure stability.
- Mattress platform offers 3 height options.
- Fits a standard sized crib mattress (sold separately).

2. SAFETY INFORMATION

Your child's safety is paramount. Please read and follow all instructions carefully before assembly and use. Keep this manual for future reference.

- **Assembly:** Ensure all parts are correctly assembled and all fasteners are tightened securely. Periodically check all screws and bolts to ensure they remain tight.
- **Mattress:** Use only a standard sized crib mattress that fits snugly without gaps between the mattress and the crib sides. A mattress that is too small can create a hazardous space. Mattress is sold separately.
- **Placement:** Do not place the crib near windows where cords from blinds or drapes could strangle a child. Avoid placing near heaters, open flames, or other heat sources.
- **Child's Age/Weight:** Discontinue use of the crib when your child begins to climb out or reaches 35 inches (89 cm) in height, or when they are able to stand.
- **Suffocation Hazard:** Never use plastic shipping bags or other plastic film as mattress covers. They can cause suffocation. Do not place pillows, quilts, comforters, or extra padding in the crib.
- **Lead and Toxic Elements:** This crib features a non-toxic finish that has been tested to meet or exceed U.S. government and ASTM safety standards.

3. SETUP AND ASSEMBLY

The Ameriwood Home Willow Lake Crib requires assembly upon delivery. Detailed step-by-step assembly instructions, along with all necessary hardware, are included in the product packaging. Please ensure you have all components before beginning assembly.

1. Unpack all components and hardware. Verify against the parts list provided in the packaging.
2. Follow the numerical or alphabetical sequence of steps as outlined in the included assembly guide.
3. Ensure all screws, bolts, and fasteners are securely tightened. Do not overtighten.
4. Once assembled, gently shake the crib to confirm stability.

If any parts are missing or damaged, do not proceed with assembly. Contact Ameriwood Home customer support for assistance.

4. USAGE AND MATTRESS PLATFORM ADJUSTMENT

The crib's mattress platform can be adjusted to three different height options to adapt to your baby's growth and development. Always use the lowest position once your child can sit up unassisted.

Adjusting the Mattress Platform:

1. Remove the mattress from the crib.
2. Carefully remove the screws or bolts securing the mattress platform to the crib frame.
3. Position the mattress platform at the desired height. Ensure all four corners are at the same level.
4. Re-insert and securely tighten all screws or bolts. Double-check that the platform is stable before placing the mattress back.

5. MAINTENANCE

Regular maintenance will help prolong the life and safety of your crib.

- **Cleaning:** Clean the crib surfaces with a soft, damp cloth and mild soap. Avoid abrasive cleaners or strong chemicals, which can damage the finish. Dry thoroughly after cleaning.
- **Inspection:** Periodically inspect the crib for any loose hardware, broken parts, or sharp edges. Tighten any loose screws or bolts immediately. Do not use the crib if any part is broken or missing.
- **Storage:** If storing the crib, ensure it is in a dry, temperature-controlled environment to prevent warping or damage to the wood.

6. TROUBLESHOOTING

If you encounter any issues with your Ameriwood Home Willow Lake Crib, refer to the following common solutions:

Problem	Possible Cause / Solution
Crib feels wobbly or unstable.	Ensure all assembly screws and bolts are fully tightened. Re-check the assembly steps in the manual. If the issue persists, disassemble and reassemble carefully.
Mattress does not fit snugly.	Verify that you are using a standard sized crib mattress. If the mattress is the correct size, ensure the mattress platform is correctly installed and centered.
Missing or damaged parts.	Do not attempt to use the crib. Contact Ameriwood Home customer support for replacement parts.

7. SPECIFICATIONS

- **Model Number:** 5883096PCOM
- **Brand:** Ameriwood Home
- **Color:** Light Slate Gray/White
- **Material:** Wood
- **Style:** Crib
- **Product Dimensions:** 29.75 x 53.25 x 39 inches (W x L x H)
