

SONGMICS URCR22B

SONGMICS URCR22B Clothing Garment Rack Instruction Manual

Model: URCR22B | Brand: SONGMICS

1. INTRODUCTION

Thank you for choosing the SONGMICS URCR22B Clothing Garment Rack. This rack is designed to provide a sturdy and versatile storage solution for your clothing, shoes, and other accessories. Constructed from durable metal with a frosted surface, it features a hanging rod and two bottom shelves. Please read this manual carefully before assembly and use to ensure proper setup and safe operation.

2. SAFETY INFORMATION

- Always assemble the product on a soft, clean surface to prevent scratches.
- Ensure all screws and connections are tightened securely before use. Periodically check and re-tighten if necessary.
- Do not overload the garment rack. Refer to the 'Specifications' section for maximum weight recommendations.
- Keep small parts and packaging materials away from children and pets to avoid choking hazards.
- Do not climb on or hang from the rack.
- Distribute weight evenly on the hanging rod and shelves to maintain stability.

3. PACKAGE CONTENTS

Please verify that all parts listed below are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

Part No.	Description	Quantity
1	Long Vertical Bars	4

Part No.	Description	Quantity

Official SONGMICS assembly video for the Black Metal Coat Rack. This video provides a visual step-by-step guide to help you assemble your garment rack efficiently.

Step-by-Step Instructions:

1. Assemble the Base Frame:

Connect two (Part 2) long horizontal base bars with two (Part 7) short vertical shelf supports using screws (Part D) and the Allen wrench (Part G). Repeat this for the other side to create two identical base sections. Ensure the screws are facing each other for proper alignment.

2. Attach Vertical Supports:

Insert the four (Part 1) long vertical bars into the designated holes on the base sections. Ensure they are firmly seated.

3. Install Lower Shelf Bars:

Attach the short horizontal shelf bars (Part 4 and Part 5) to the vertical supports to form the lower shelf. Use screws (Part E) to secure them. Ensure the bars with 4 holes are positioned towards the inside of the rack.

4. Install Upper Shelf Bars:

Attach the remaining short horizontal shelf bars (Part 4 and Part 5) to the vertical supports to form the

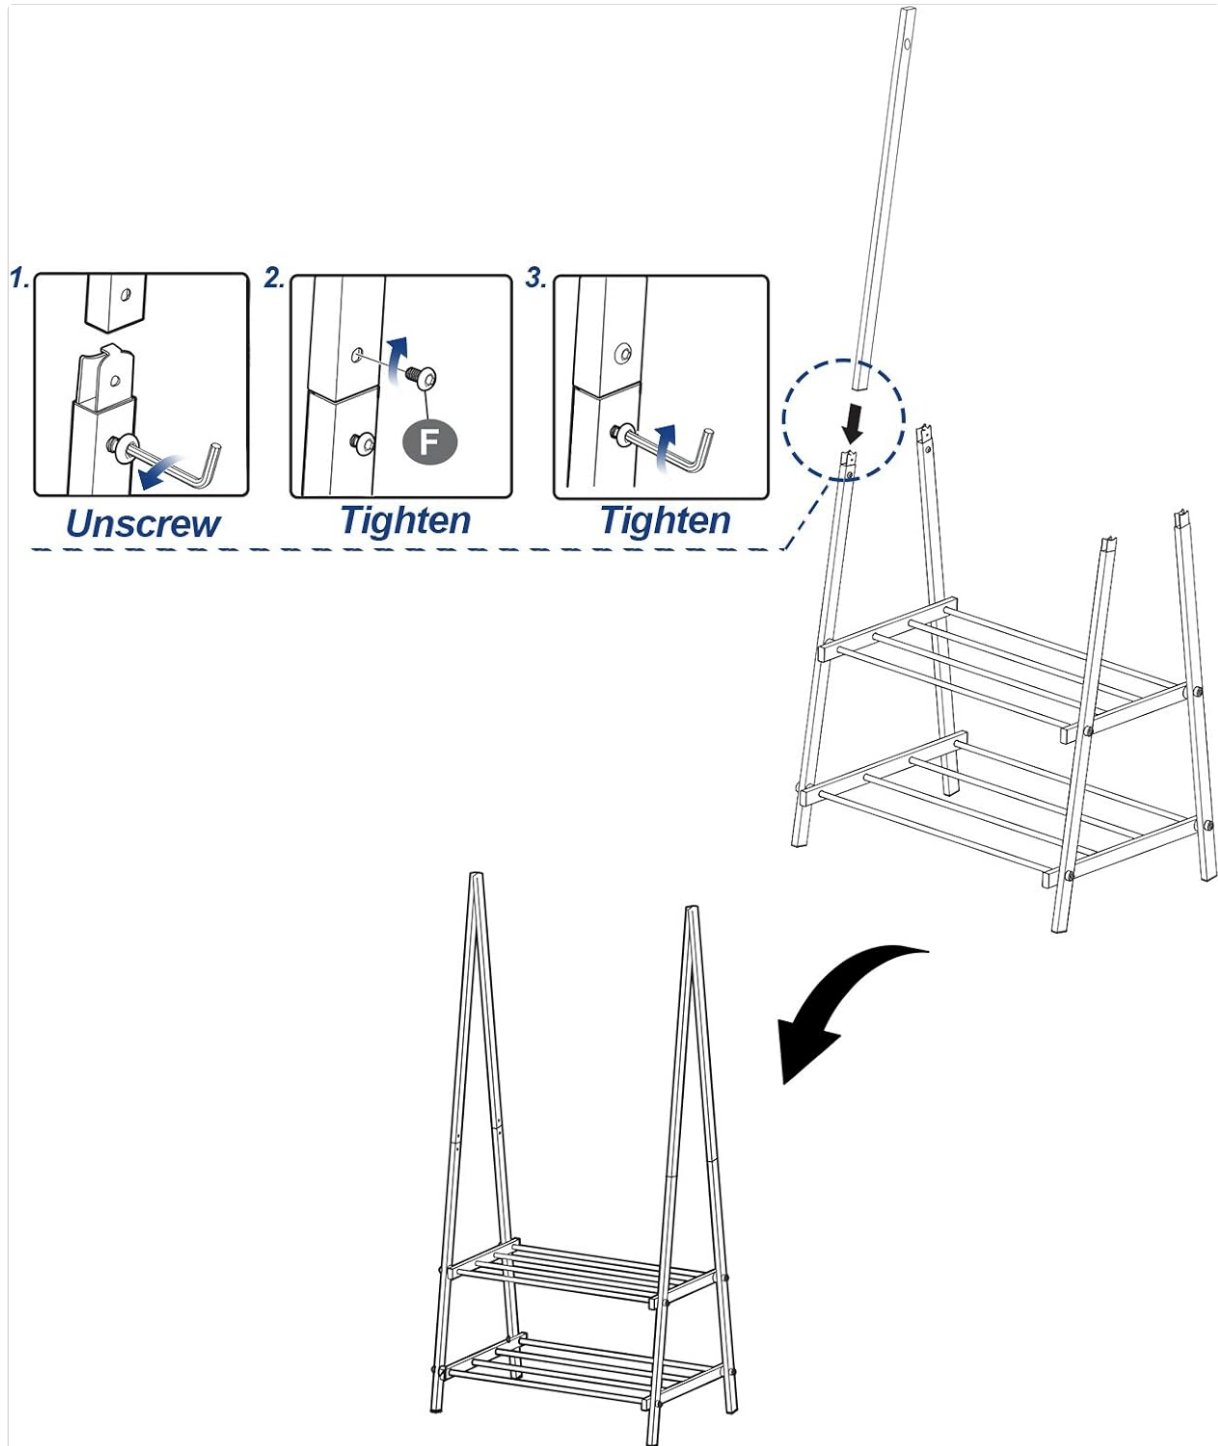

upper shelf. Use screws (Part E) to secure them.

5. Attach Top Hanging Bar:

Place the top hanging bar (Part 3) onto the top of the long vertical bars. Secure it with screws (Part F) using the Allen wrench. It is recommended to have two people for this step to hold the top bar steady.

6. Add Plastic Caps and Feet:

Insert the plastic caps (Part A) into the ends of the top hanging bar. Attach the plastic feet (Part B) to the bottom of the base bars. Insert plastic caps (Part C) into the top ends of the vertical bars.

5. OPERATING INSTRUCTIONS

The SONGMICS URRCR2B Garment Rack is designed for convenient clothing and accessory storage.

- **Hanging Clothes:** Use the top hanging bar to hang shirts, jackets, dresses, and other garments. The extended ends of the bar provide additional hanging space for longer items or accessories.
- **Shelf Storage:** The two bottom shelves are ideal for storing shoes, folded clothes, storage boxes, bags, or other sundries.
- **Weight Distribution:** Always distribute the weight evenly across the hanging bar and shelves to maintain the rack's stability and prevent tipping.

6. MAINTENANCE

- **Cleaning:** Wipe the metal surfaces with a soft, damp cloth. Avoid using abrasive cleaners or harsh chemicals that could damage the finish.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if any looseness is detected.
- **Relocation:** When moving the rack, empty it of all contents first to prevent damage or injury. Lift the

rack rather than dragging it.

7. TROUBLESHOOTING

- **Rack is Wobbly:** Ensure all screws are fully tightened. Check that the rack is placed on a flat, even surface. Uneven weight distribution can also cause wobbling; redistribute items if necessary.
- **Difficulty with Screw Insertion:** If a screw is hard to insert, ensure the parts are correctly aligned. Do not force screws; gently adjust the position of the parts. Sometimes, slightly loosening adjacent screws can help with alignment before re-tightening all.
- **Missing Parts:** If you find any parts missing from the package, please refer to the 'Warranty and Support' section to contact customer service for assistance.

8. SPECIFICATIONS

Feature	Detail
Brand	SONGMICS
Model Number	URCR22B
Color	Black
Material	Metal, Plastic
Product Dimensions (D x W x H)	17.7"D x 42.5"W x 59"H (108 x 45 x 150 cm)
