American Lifetime DC-01

American Lifetime New 2025 Dementia Clock User Manual

Model: DC-01

INTRODUCTION

The American Lifetime New 2025 Dementia Clock is designed to provide clear, easy-to-read time and date information for seniors, individuals with dementia, or anyone who benefits from a large, unambiguous display. Its intuitive design and customizable features aim to simplify daily routines and enhance independence.

Key Features:

- **Large, Clear Display:** High-resolution screen clearly spells out time, period of the day, full day of the week, month, and date.
- **Durable Material:** Built to withstand daily use, ensuring longevity.
- **Simple Setup:** Easy to set up and operate with a user-friendly manual.
- **Customizable Alarms:** Set up to 5 daily alarms for important events like medication or appointments.
- **Auto-Dimming Feature:** Automatically adjusts brightness to match ambient light, ensuring readability day and night.
- **Multi-Language Support:** Supports multiple languages and time formats.
- **Battery Backup:** Maintains correct time and date during power outages.

SETUP GUIDE

Follow these steps for initial setup of your American Lifetime Dementia Clock:

1. **Unpack the Clock:** Carefully remove the clock and all accessories from the packaging. Ensure all components are present: the clock unit, power adapter, and user manual.
2. **Connect Power:** Plug the provided power adapter into the DC-IN port on the back of the clock. Then, plug the adapter into a standard electrical outlet. The clock display will illuminate.
3. **Initial Time and Date Setting:** The clock is often pre-set to the correct time and date. If adjustments are needed, use the control buttons on the back of the unit (refer to the 'Operating Instructions' section for detailed button functions).
4. **Position the Clock:** Place the clock on a flat surface using its built-in stand, or mount it on a wall using the integrated keyhole slots. Ensure it is in a location where it can be easily seen by the user.

The American Lifetime Dementia Clock features a clear, high-resolution display that shows the day, time, and full date. It is designed for easy readability from a distance.

OPERATING INSTRUCTIONS

The clock is operated using the buttons located on the back of the unit.

Automatic Dimmer Functionality

Battery Back Up, No need to set it up again in case of it being disconnected - (But not Battery Operated)

Up to 5 Daily Alarms with the Option of Reminders for Medications

Spells out: time, period of the day, day of the week, month, year and date in large clear letters

Absolute Clarity

Absolute clarity, readability and ease to give older folks their senses back.

The back of the clock features intuitive control buttons for easy navigation and setting adjustments. These include power, enter, directional arrows, and a menu button.

Button Functions:

- **POWER:** Turns the display on/off.
- **MENU:** Accesses the main settings menu.
- **OK:** Confirms selection or enters a sub-menu.
- **UP/DOWN Arrows:** Navigate through menu options or adjust values.
- **LEFT/RIGHT Arrows:** Change settings within an option (e.g., 12/24 hour format, date mode).

Setting Time and Date:

1. Press the **MENU** button to enter the settings.
2. Use **UP/DOWN** arrows to navigate to 'Set Time' or 'Set Date'.
3. Press **OK** to select.

4. Use **UP/DOWN** or **LEFT/RIGHT** arrows to adjust the hour, minute, year, month, or day.
5. Press **OK** to confirm each adjustment.
6. Once finished, navigate to 'Exit' or press **MENU** repeatedly to return to the main display.

Setting Alarms:

The clock supports up to 5 daily alarms.

1. Press **MENU** to enter settings.
2. Navigate to 'Alarm Time 1' (or any other alarm number) and press **OK**.
3. Adjust the alarm time using the arrow buttons and confirm with **OK**.
4. You can also set an 'Alarm Message' (e.g., 'TAKE YOUR MEDICINE') by navigating to the message option and selecting from pre-set messages.
5. Ensure the alarm is set to 'ON' if you wish for it to sound.

High Resolution Display

Clearly spells out the time, period of the day, full day of the week, month and date in large, clear letters with no confusing abbreviations

The clock supports customizable alarms for medication reminders and other important events. Its auto-dimming feature ensures comfortable viewing day and night.

Auto-Dimming Feature:

The clock automatically adjusts its display brightness based on the ambient light in the room. This feature ensures the display is not too bright at night and remains visible during the day.

- To enable/disable: Go to **MENU** > 'Auto Dimming' > **OK** > Select 'On' or 'Off' > **OK**.

Alarm Clock	Yes (up to 5 customizable alarms)
Special Features	Large Display, Adjustable Brightness, Multiple Alarms, Corded, Wall mounted, Multi-language support, Battery Backup

MAINTENANCE

To ensure the longevity and optimal performance of your clock, follow these simple maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the display and frame. Avoid abrasive cleaners or solvents, as they may damage the surface.
- **Placement:** Keep the clock away from direct sunlight, extreme temperatures, and high humidity to prevent damage to the display and internal components.
- **Power Cord:** Ensure the power cord is not kinked or placed under heavy objects to prevent damage.

TROUBLESHOOTING

If you encounter any issues with your clock, please refer to the following common problems and solutions:

- **Display is Blank:**
 - Check if the power adapter is securely plugged into both the clock and the electrical outlet.
 - Ensure the power outlet is functional.
 - Press the **POWER** button on the back of the clock to ensure it is turned on.
- **Incorrect Time/Date:**
 - Follow the 'Setting Time and Date' instructions in the 'Operating Instructions' section to manually adjust.
 - Verify that the correct time mode (12-hour or 24-hour) is selected in the settings.
- **Alarms Not Sounding:**
 - Check the alarm settings in the menu to ensure the alarm time is correctly set and the alarm is enabled ('ON').
 - Verify the alarm volume setting.
- **Display Too Bright/Dim:**

- Check the 'Auto Dimming' setting in the menu. If enabled, the clock adjusts automatically. If disabled, you may need to manually adjust brightness if an option is available (check manual for specific model).

WARRANTY AND SUPPORT

American Lifetime stands behind the quality of its products.

- **1-Year Warranty:** Your American Lifetime Dementia Clock is covered by a 1-year warranty from the date of purchase, protecting against manufacturing defects.
- **30-Day Free Return:** You can return the product for free within the first 30 days, no questions asked.
- **Customer Service:** For any questions, concerns, or support needs, please contact our US-based customer service team. Refer to the product packaging or our official website for contact information.
