AKDY FP0052

AKDY FP0052 Electric Fireplace Stand Instruction Manual

Model: FP0052

INTRODUCTION

This manual provides instructions for the AKDY FP0052 Electric Fireplace Stand. This stand is designed to convert compatible AKDY wall-mount electric fireplaces into freestanding units, offering flexibility in placement.

Compatibility: The FP0052 stand is compatible with AKDY wall-mounted fireplace units models FP0046, FP0047, FP0048, FP0049, FP0050, and FP0051.

IMPORTANT SAFETY INFORMATION

Please read and understand all instructions before assembling or using this product. Failure to follow these instructions may result in property damage or injury.

- Ensure the stand is placed on a stable, level surface to prevent tipping.
- Do not exceed the weight capacity of the stand. This stand is designed for specific AKDY fireplace models only.
- Keep children and pets away from the fireplace unit during operation.
- Refer to your specific AKDY fireplace unit's manual for its operational safety guidelines and warnings.

PACKAGE CONTENTS

The AKDY FP0052 Electric Fireplace Stand package includes:

- 1 x AKDY FP0052 Fireplace Stand
- Necessary mounting hardware (screws, washers, etc.)

Note: The fireplace unit itself is not included with this stand and must be purchased separately.

SETUP AND INSTALLATION

Follow these steps to convert your wall-mount fireplace into a freestanding unit using the AKDY FP0052 stand.

Step 1: Prepare the Fireplace Unit

Before beginning, ensure your AKDY fireplace unit is unplugged and cool to the touch. If it was previously wall-mounted,

carefully remove it from the wall according to its specific instruction manual.

Step 2: Position the Stand

Place the AKDY FP0052 stand on a flat, stable surface where you intend to position your freestanding fireplace.

Image: Top-down view of the AKDY FP0052 Fireplace Stand, highlighting the mounting points on the central platform.

Step 3: Attach Fireplace to Stand

Carefully align the mounting holes on the bottom of your compatible AKDY fireplace unit with the mounting points on the FP0052 stand.

Image: Rear view of an AKDY fireplace unit securely mounted onto the FP0052 stand, showing the connection points.

Using the provided screws and hardware, securely fasten the fireplace unit to the stand. Ensure all connections are tight before proceeding.

OPERATING INSTRUCTIONS

The AKDY FP0052 is a stand and does not have operational controls. For instructions on operating your AKDY electric fireplace, please refer to the instruction manual provided with your specific fireplace unit (models FP0046, FP0047, FP0048, FP0049, FP0050, or FP0051).

MAINTENANCE

The AKDY FP0052 stand requires minimal maintenance.

- **Cleaning:** Wipe the stand with a soft, damp cloth to remove dust or dirt. Do not use abrasive cleaners or solvents, as these may damage the finish.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight and secure. Re-tighten if necessary.

- **Storage:** If storing the stand separately, keep it in a dry, cool place away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

As the FP0052 is a static stand, troubleshooting is generally limited to assembly and stability issues.

- **Issue:** The fireplace unit feels unstable on the stand.
- **Solution:** Ensure all mounting screws are securely tightened. Verify the stand is placed on a completely flat and level surface. Re-check compatibility to ensure your fireplace model is listed as supported by the FP0052 stand.
- **Issue:** Difficulty attaching the fireplace unit.
- **Solution:** Double-check the alignment of the mounting holes on both the fireplace and the stand. Refer to the diagrams in this manual and your fireplace unit's manual for proper orientation. Do not force components together.
