Jamara Camostro AHP Helicopter Electronics Module

INSTRUCTION MANUAL - MODEL 038643

1. INTRODUCTION

This manual provides essential information for the safe and efficient use of your Jamara Camostro AHP Helicopter Electronics Module. Please read these instructions carefully before installation and operation to ensure proper function and to prevent damage. Keep this manual for future reference.

2. SAFETY INSTRUCTIONS

Always observe the following safety precautions to prevent injury or damage to the product and surrounding equipment.

- This electronics module is designed for use with the Jamara Camostro AHP Helicopter only. Do not attempt to use it with other models or devices.
- Ensure all power sources are disconnected from the helicopter before installing or removing the electronics module.
- Handle the module with care. Avoid dropping or subjecting it to strong impacts.
- Do not expose the module to moisture, extreme temperatures, or direct sunlight.
- Do not attempt to open or modify the electronics module. This will void the warranty and may cause malfunction or damage.
- Keep out of reach of children under 3 years of age due to small parts.

3. SETUP AND INSTALLATION

The Jamara Camostro AHP Helicopter Electronics Module (Model 038643) comes pre-assembled and does not require additional assembly. Installation involves integrating it into your Camostro AHP Helicopter.

3.1 Unpacking

Carefully remove the electronics module from its packaging. Inspect for any visible damage. If damage is present, do not proceed with installation and contact customer support.

3.2 Component Identification

The module is a compact unit (dimensions: 1.5 x 1.38 x 0.12 inches) with various connectors for integration into the helicopter's existing wiring harness. Refer to your Camostro AHP Helicopter's main manual for specific connection points.

3.3 Installation Steps

1. **Prepare Helicopter:** Ensure the Camostro AHP Helicopter is powered off and its battery is disconnected.
2. **Locate Mounting Area:** Identify the designated mounting area for the electronics module within the helicopter chassis. Consult your helicopter's manual for precise location.
3. **Connect Wiring:** Carefully connect the module's wiring harness to the corresponding ports on the helicopter's main board or other designated connection points. Ensure all connections are secure and correctly oriented.
4. **Secure Module:** Mount the electronics module securely using the provided fasteners or adhesive, ensuring it is stable and does not interfere with moving parts.
5. **Final Check:** Visually inspect all connections and mounting to confirm proper installation before reconnecting the helicopter's battery.

4. OPERATING INSTRUCTIONS

The electronics module functions as an integral part of the Camostro AHP Helicopter's control system. Its operation is directly linked to the helicopter's overall functionality.

- **Power On:** Once correctly installed, the module powers on automatically when the helicopter's main battery is connected and the helicopter is switched on.
- **Functionality:** The module processes control signals and manages various electronic functions of the helicopter, such as motor control, stabilization, or sensor input, depending on its specific design within the Camostro AHP system.
- **System Integration:** Refer to your Camostro AHP Helicopter's main operating manual for detailed instructions on how to operate the helicopter, as the electronics module's functions are integrated into the helicopter's overall control scheme.
- **Power Off:** To power off the module, simply disconnect the helicopter's main battery or switch off the helicopter's main power.

5. MAINTENANCE

Proper maintenance ensures the longevity and reliable performance of your electronics module.

- **Cleaning:** Use a soft, dry cloth to gently wipe the exterior of the module. Do not use liquid cleaners, solvents, or abrasive materials. Ensure the helicopter is powered off and disconnected before cleaning.
- **Storage:** When not in use for extended periods, store the module (within the helicopter) in a cool, dry place, away from direct sunlight and extreme temperatures.
- **Inspection:** Periodically inspect the module and its connections for any signs of wear, loose wires, or damage. Address any issues promptly.
- **No User Serviceable Parts:** The electronics module contains no user-serviceable parts. Do not attempt to open or repair it.

6. TROUBLESHOOTING

If you encounter issues with your Jamara Camostro AHP Helicopter Electronics Module, refer to the following common problems and solutions.

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Module not powering on	Loose connection; Helicopter battery low/disconnected; Helicopter power switch off.	Check all wiring connections; Ensure helicopter battery is charged and connected; Verify helicopter's main power switch is on.
Erratic helicopter behavior	Loose module mounting; Interference; Damaged wiring.	Ensure module is securely mounted; Operate in an area free from strong electromagnetic interference; Inspect wiring for damage and secure connections.
No response from controls (related to module)	Incorrect wiring; Module malfunction.	Review installation steps and verify all connections; If problem persists, contact customer support.

If troubleshooting steps do not resolve the issue, do not attempt further repairs. Contact Jamara customer support.

7. SPECIFICATIONS

Feature	Detail
Brand	Jamara
Model Number	038643
Manufacturer Part Number	Jamara_38643
ASIN	B019Y6VS7Y
GTIN	04042774416805
Item Dimensions (L x W x H)	1.5 x 1.38 x 0.12 inches
Batteries Required	No
Assembly Required	No (pre-assembled module)
Additional Features	Portable

8. WARRANTY INFORMATION

Jamara products are manufactured to high-quality standards. This electronics module is covered by a manufacturer's warranty against defects in materials and workmanship under normal use. The warranty period and terms may vary by region. Please retain your proof of purchase for warranty claims. Unauthorized modifications or repairs will void the warranty.

9. CUSTOMER SUPPORT

For technical assistance, troubleshooting beyond this manual, or warranty inquiries, please contact Jamara customer support. Visit the official Jamara website for up-to-date contact information and support resources.
