ZINUS Mia Metal Platform Bed Frame User Manual

Model: AZ-ASMP-15K | Brand: ZINUS

1. PRODUCT OVERVIEW

The ZINUS Mia Metal Platform Bed Frame is a modern and durable foundation designed to support your mattress directly, eliminating the need for a box spring. Its robust steel structure and wooden slat support system ensure stability and extend mattress life. The frame also offers convenient under-bed storage space, making it a practical choice for various living spaces.

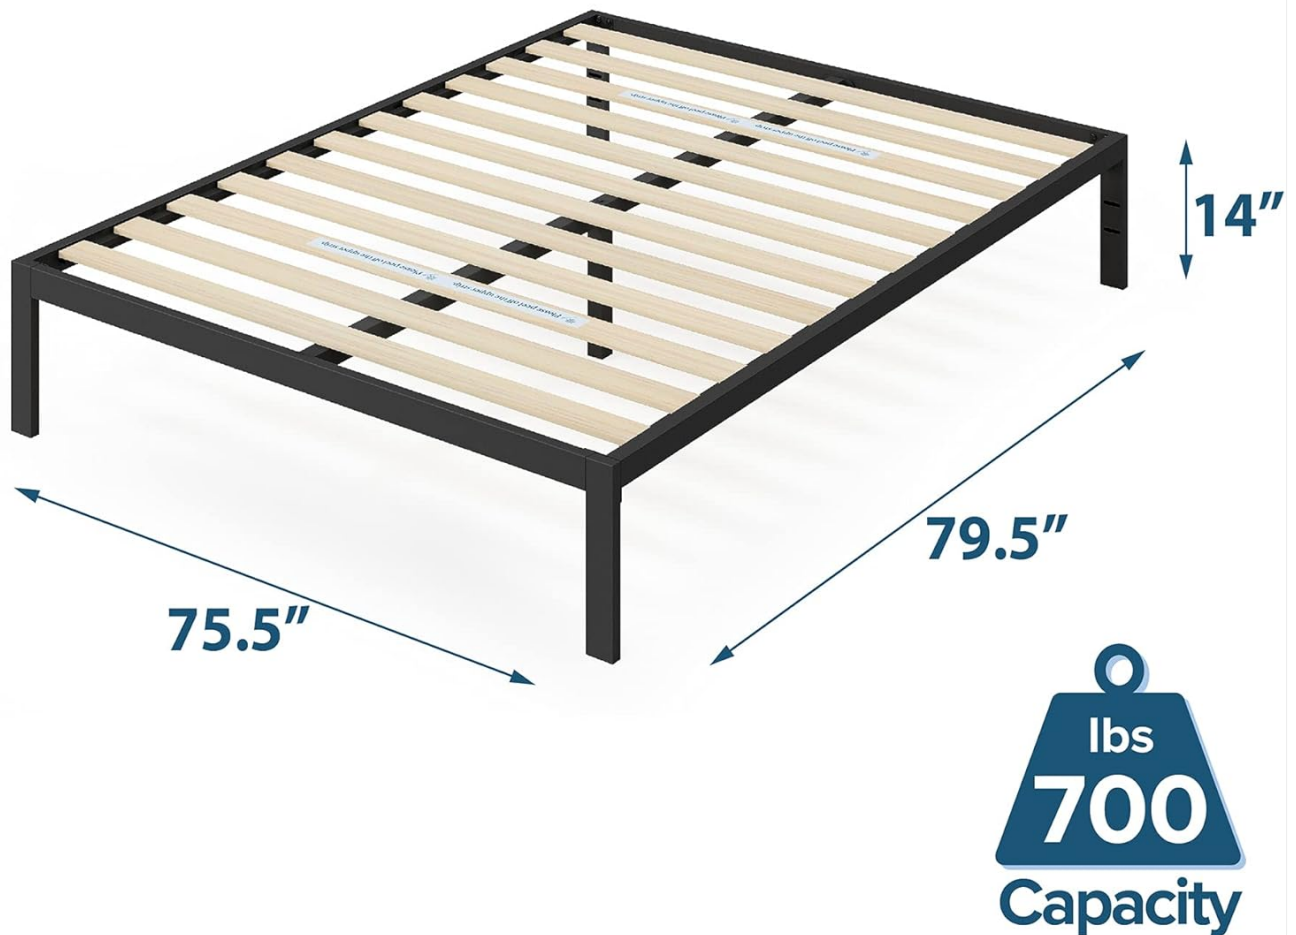

The ZINUS Mia Metal Platform Bed Frame provides a sturdy foundation for your mattress, eliminating the need for a box spring. Its minimalist design complements various bedroom decors.

Dimension & Capacity

This diagram illustrates the dimensions of the King-size ZINUS Mia Metal Platform Bed Frame: 79.5 inches in length, 75.5 inches in width, and 14 inches in height. It has a weight capacity of 700 lbs.

3. SETUP AND ASSEMBLY

The ZINUS Mia Metal Platform Bed Frame is designed for straightforward assembly. All necessary tools and clear instructions are provided to facilitate the process.

3.1 Unpacking and Preparation

- Carefully unpack all components from the box.
- Verify that all parts listed in the instruction manual are present.
- Lay out the components on a clean, flat surface to prepare for assembly.

The ZINUS Mia Metal Platform Bed Frame is designed for easy assembly, with all necessary parts and tools included in compact packaging. The image shows the metal frame components and wooden slats.

3.2 Assembly Steps

Follow the detailed instructions provided in the included installation manual for step-by-step guidance. Key features to note during assembly include:

- The wooden slats feature a velcro system that attaches to the side rails, preventing movement and ensuring stable mattress support.
- Anti-slip tape is present on the slats to help keep your mattress from sliding.
- The frame includes openings on two legs for attaching a headboard (headboard not included).

The bed frame features durable wooden slats that provide strong mattress support. These slats are secured with a velcro system to prevent shifting, and anti-slip tape on top helps keep the mattress in place.

For a comprehensive guide, please refer to the official [Installation Manual \(PDF\)](#).

4. OPERATING AND USAGE

The ZINUS Mia Metal Platform Bed Frame is designed for direct mattress placement, eliminating the need for a box spring. This design provides firm support and helps prolong the life of your mattress.

- **No Box Spring Required:** Place your mattress directly onto the wooden slats.
- **Under-Bed Storage:** The 14-inch height provides ample space for storage bins and boxes underneath the frame.
- **Weight Capacity:** Ensure the total weight on the bed (including mattress and occupants) does not exceed the maximum limit of 700 lbs for King, Queen, and Full sizes, or 350 lbs for Twin and Twin XL sizes.

The ZINUS Mia Metal Platform Bed Frame offers ample under-bed storage space, as demonstrated by the storage basket placed beneath it. Its sleek black finish integrates well into modern interiors.

5. MAINTENANCE

Regular maintenance helps ensure the longevity and continued stability of your bed frame.

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. Avoid harsh chemicals that may damage the finish.
- **Tighten Fasteners:** Periodically check all bolts and screws to ensure they are tight. Loose fasteners can lead to wobbling or noise.
- **Inspect Slats:** Ensure the wooden slats are properly seated and the velcro is securely attached.

6. TROUBLESHOOTING

If you encounter any issues with your ZINUS Mia Metal Platform Bed Frame, consider the following common solutions:

6.1 Frame Wobbling or Noise

- **Check all connections:** Ensure all bolts and screws are fully tightened. Loose connections are a primary cause of

wobbling and squeaking.

- **Verify slat placement:** Make sure all wooden slats are correctly positioned and securely attached to the velcro strips on the side rails.
- **Ensure even floor:** Place the bed frame on a level surface. Uneven flooring can cause instability.

6.2 Mattress Sliding

- **Utilize anti-slip tape:** The wooden slats are equipped with anti-slip tape. Ensure the protective film has been removed to allow the tape to grip the mattress.

6.3 Missing or Damaged Parts

- If any parts are missing or damaged upon arrival, contact ZINUS customer support immediately for assistance.

7. WARRANTY INFORMATION

The ZINUS Mia Metal Platform Bed Frame comes with a **5-year worry-free limited warranty**. This warranty covers manufacturing defects and ensures peace of mind regarding the product's quality and durability.

Additionally, extended protection plans may be available for purchase:

- 10-Year Protection Plan
- 2-Year Protection Plan
- Complete Protect (monthly plan covering eligible purchases)

For detailed terms and conditions of the warranty and available protection plans, please refer to the documentation included with your purchase or visit the ZINUS official website.

8. CUSTOMER SUPPORT

For any questions, concerns, or assistance with your ZINUS Mia Metal Platform Bed Frame, please contact ZINUS customer support. You can also visit the official ZINUS store for more information and products.

- **Online Support:** Visit the [ZINUS Store on Amazon](#).
- **General Inquiries:** Refer to the contact information provided in your product packaging.
