4. SETUP AND FIRST USE

Follow these steps to prepare your dot markers for use:

1. **Uncap the Marker:** Remove the cap from the marker. The cap can be placed on the bottom of the marker to prevent loss during use.
2. **Prepare the Tip:** For first-time use, gently shake the marker. Then, press the sponge tip firmly onto a piece of scrap paper several times until the ink begins to flow consistently.
3. **Start Creating:** Once the ink flows, the markers are ready for use on paper or activity sheets.

5. OPERATING INSTRUCTIONS

Using Dauber Dawgs markers is simple and intuitive:

- **Dotting Technique:** Hold the marker upright and gently press the sponge tip onto the paper to create a dot. Varying pressure can create slightly different dot sizes.
- **Color Mixing:** Experiment by layering dots of different colors to create new shades.
- **Activity Sheets:** Utilize the provided activity sheets or download additional ones to guide creative play and learning.
- **Easy Grip:** The marker bottles are designed for small hands to grip comfortably, promoting better control.

6. CARE AND MAINTENANCE

Proper care ensures the longevity of your dot markers:

- **Recap After Use:** Always replace the cap firmly after each use to prevent the sponge tip from drying out.
- **Cleaning Skin and Clothes:** If ink gets on skin or clothing, wash immediately with soap and water. For stubborn stains on fabric, pre-treat and wash as usual.
- **Storage:** Store markers upright at room temperature to maintain ink flow and prevent leakage.

7. TROUBLESHOOTING

Here are solutions to common issues you might encounter:

- **Marker Not Flowing:** If a marker seems dry or the ink isn't flowing, shake it gently and press the tip firmly onto a piece of scrap paper several times until the ink saturates the sponge.
- **Ink Running/Bleeding:** Dot markers work best on thicker paper. If ink is running or bleeding through, try using cardstock or specialized dot art paper.
- **Cap Difficult to Remove/Replace:** Ensure the cap is aligned correctly before pushing it on. If it's too tight for a child, an adult may need to assist.
