## SVAVO v-880

# SVAVO Automatic Air Freshener Dispenser (Model v-880) User Manual

Comprehensive instructions for setup, operation, and maintenance.

## 1. INTRODUCTION

Thank you for choosing the SVAVO Automatic Air Freshener Dispenser, Model v-880. This device is designed to automatically dispense fragrance, helping to maintain a fresh environment in various indoor spaces. This manual provides detailed instructions for proper installation, operation, and maintenance to ensure optimal performance and longevity of your dispenser.

## 2. PRODUCT FEATURES

- **Automatic Operation:** Dispenses fragrance automatically based on programmed intervals.
- **Programmable Intervals:** Offers spray intervals of 5, 15, or 25 minutes.
- **Flexible Modes:** Features Day, Night, and 24-hour operating modes.
- **Universal Compatibility:** Designed to fit international standard-size aerosol air freshener refill cans.
- **Battery Powered:** Operates on 2 AA batteries (not included) for cordless convenience.
- **Versatile Placement:** Can be wall-mounted or used as a free-standing unit.
- **Low Battery Indicator:** A green LED light signals when batteries require replacement.

### 3. PACKAGE CONTENTS

Please check the package contents to ensure all items are present:

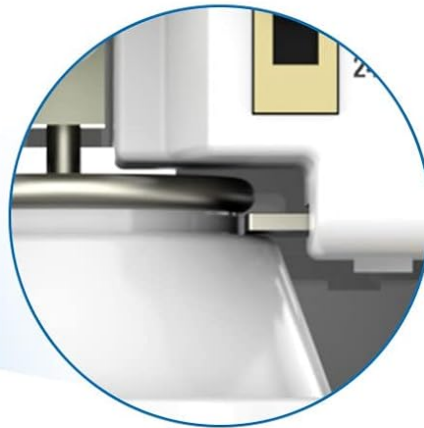

- SVAVO Automatic Air Freshener Dispenser (Model v-880)
- Mounting Screws and Wall Plugs (for wall installation)
- Instruction Manual

*Note: Air freshener refill cans and 2 AA batteries are not included and must be purchased separately.*

### 4. PRODUCT OVERVIEW

Familiarize yourself with the components of your dispenser:

## Compatible with Any Standard Air Freshener Cans (Not Included)

**Takes 2 AA Batteries  
(not included)**

**Compatible with Air Wick,  
Glade, Lysol and more.**

Image 4.1: An open view of the SVAVO dispenser, revealing the internal mechanism, including the battery compartment, the slot for an aerosol refill can, and the switches for interval and mode settings.

1. **Spray Nozzle:** Where the fragrance is dispensed.
2. **Indicator Lights:** Red (Photocon) and Green (Low Battery).
3. **TEST Button:** For manual spray testing.
4. **Interval Switch:** Selects spray frequency (5, 15, 25 minutes).
5. **Mode Switch:** Selects operating mode (NIGHT, DAY, 24H).
6. **ON/OFF Switch:** Powers the unit on or off.
7. **Refill Can Holder:** Secures the aerosol can.
8. **Battery Compartment:** Holds 2 AA batteries.
9. **Lock Mechanism:** Secures the dispenser cover.

## 5. INSTALLATION

---

### 5.1. Battery Installation

Before operating the dispenser, install 2 AA batteries:

1. Open the dispenser cover. This typically involves pressing a button on top or using a key on the side.
2. Locate the battery compartment inside the unit.
3. Insert 2 AA batteries, ensuring correct polarity (+/-).
4. Close the dispenser cover securely.

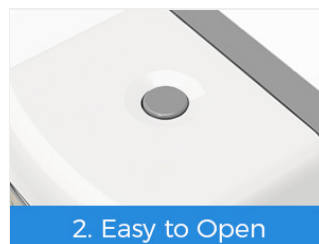

Image 5.1: A close-up image showing the circular button located on the top of the dispenser, used to release the front cover for access to internal components.

### 5.2. Refill Can Installation

To install an aerosol air freshener can:

1. Ensure the dispenser is turned **OFF** using the ON/OFF switch.
2. Open the dispenser cover.
3. Insert the standard-size aerosol refill can into the designated holder, ensuring the nozzle of the can faces outwards and aligns with the dispenser's spray mechanism.
4. Close the dispenser cover securely.

# Compatible with Any Standard Air Freshener Cans (Not Included)

Takes 2 AA Batteries  
(not included)

Compatible with Air Wick,  
Glade, Lysol and more.

Image 5.2: Proper placement of the refill can within the dispenser.

## 5.3. Placement Options

The SVAVO dispenser offers two placement options:

- **Free-standing:** Place the dispenser on a flat, stable surface such as a desk, shelf, or table.
- **Wall-mounted:** Use the provided screws and wall plugs to securely mount the dispenser to a wall. It is recommended to mount the unit 7-9 feet above the floor for optimal fragrance dispersion.

# IMPROVE INDOOR AIR QUALITY

Spraying Space Range 320-430 Sq.ft

## 6. OPERATION

Once batteries and a refill can are installed, you can configure the dispenser's operation:

### 6.1. Power On/Off

- Locate the ON/OFF switch inside the dispenser.
- Slide the switch to **ON** to activate the dispenser.
- Slide the switch to **OFF** to deactivate the dispenser.

### 6.2. Setting Spray Interval

Use the Interval Switch to select how often the dispenser sprays:

- **5MIN:** Dispenses fragrance every 5 minutes.
- **15MIN:** Dispenses fragrance every 15 minutes.

- **25MIN:** Dispenses fragrance every 25 minutes.

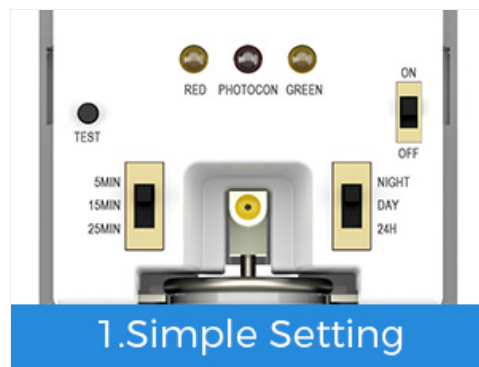

Image 6.1: A detailed view of the dispenser's internal control panel, highlighting the toggle switches for setting spray intervals (5, 15, 25 minutes) and operating modes (NIGHT, DAY, 24H).

### 6.3. Setting Operating Mode

Use the Mode Switch to select when the dispenser operates:

- **NIGHT:** Dispenses only in dark conditions (when the light sensor detects low light).
- **DAY:** Dispenses only in bright conditions (when the light sensor detects sufficient light).
- **24H:** Dispenses continuously, regardless of light conditions.

### 6.4. Testing the Spray

After setting your desired interval and mode, you can test the spray:

- Press the **TEST** button. The dispenser will emit one spray.
- Ensure the spray is directed away from your face and eyes.

## 7. MAINTENANCE

---

### 7.1. Cleaning

To maintain optimal performance and appearance:

- Turn off the dispenser and remove the refill can and batteries.
- Wipe the exterior with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- Ensure no liquid enters the internal electronic components.
- Allow the dispenser to dry completely before reinserting batteries and refill can.

### 7.2. Battery Replacement

The green LED indicator light will signal when the batteries are low and need replacement. Follow the steps in Section 5.1 to replace the 2 AA batteries.

### 7.3. Refill Can Replacement

When the fragrance level in the can is depleted, replace it with a new standard-size aerosol refill can. Follow the steps in Section 5.2.

## 8. TROUBLESHOOTING

---

If you encounter issues with your SVAVO Automatic Air Freshener Dispenser, refer to the following common problems and

solutions:

Problem	Possible Cause	Solution
Dispenser is not spraying.	<ul style="list-style-type: none"><li>• ON/OFF switch is in the OFF position.</li><li>• Batteries are depleted or incorrectly installed.</li><li>• Refill can is empty.</li><li>• Refill can is not properly seated.</li><li>• Dispenser is in NIGHT mode in a bright room, or DAY mode in a dark room.</li></ul>	<ul style="list-style-type: none"><li>• Slide the ON/OFF switch to ON.</li><li>• Replace batteries with new AA batteries, ensuring correct polarity.</li><li>• Replace the refill can.</li><li>• Ensure the refill can's nozzle is aligned with the spray mechanism.</li><li>• Adjust the Mode Switch to 24H, or the appropriate DAY/NIGHT setting for your environment.</li></ul>
Green LED indicator is flashing.	Batteries are low.	Replace the 2 AA batteries.
Fragrance is weak or inconsistent.	<ul style="list-style-type: none"><li>• Refill can is nearly empty.</li><li>• Interval setting is too long.</li><li>• Dispenser placement is not optimal for dispersion.</li></ul>	<ul style="list-style-type: none"><li>• Replace the refill can.</li><li>• Adjust the Interval Switch to a shorter duration (e.g., 5 or 15 minutes).</li><li>• Relocate the dispenser to a higher position or a more central area in the room.</li></ul>
