# Tupperware Click Series Peeler System Instruction Manual

Model: B01AI0V6L8

## INTRODUCTION

The Tupperware Click Series Peeler System is designed for efficient and versatile peeling of various fruits and vegetables. This system includes a universal handle, three interchangeable peeler heads, and a convenient storage holder. Please read this manual carefully before first use to ensure proper operation and maintenance.

## PRODUCT COMPONENTS

- **Universal Handle:** Ergonomically designed for comfortable grip.
- **Standard Peeler Head:** Ideal for firm-skinned fruits and vegetables like potatoes, carrots, and apples.
- **Julienne Peeler Head:** Creates thin strips of vegetables for salads or garnishes.
- **Soft Skin Peeler Head:** Designed for delicate items such as tomatoes, peaches, and bell peppers.
- **Storage Holder:** Keeps all components organized and protected.

## SETUP AND ASSEMBLY

---

1. **Unpacking:** Carefully remove all components from the packaging. Inspect for any damage.
2. **Attaching a Peeler Head:**
  - Select the desired peeler head.
  - Align the peeler head with the universal handle. There is a 'click' mechanism for secure attachment.
  - Press the peeler head firmly onto the handle until you hear and feel a click, indicating it is locked into place.
3. **Detaching a Peeler Head:**
  - Locate the release button or mechanism on the handle or peeler head.
  - Press the release button while gently pulling the peeler head away from the handle.

## OPERATING INSTRUCTIONS

---

Always ensure the peeler head is securely attached to the handle before use.

### Using the Standard Peeler Head

- Hold the fruit or vegetable firmly in one hand.
- With the other hand, hold the peeler handle.
- Apply gentle, even pressure and glide the blade along the surface of the item, peeling away from your body.

## Using the Julienne Peeler Head

- Prepare the fruit or vegetable by trimming ends if necessary.
- Hold the item securely.
- Draw the julienne blade across the surface with steady pressure to create uniform strips.

## Using the Soft Skin Peeler Head

- This blade is designed to minimize damage to soft produce.
- Use a light touch and a smooth motion to remove the skin without bruising the fruit or vegetable.

## CARE AND MAINTENANCE

---

- **Cleaning:** Wash all components by hand with warm, soapy water immediately after each use. Rinse thoroughly and dry completely before storing. The blades are sharp; handle with care.
- **Dishwasher Safety:** Refer to product packaging or Tupperware's official website for specific dishwasher safety instructions. Generally, hand washing is recommended to prolong blade sharpness.
- **Storage:** Store the peeler heads and handle in the provided holder to protect the blades and keep the set organized. Keep out of reach of children.
- **Blade Care:** Avoid dropping the peelers, as this can damage the blades. Do not use abrasive cleaners or scouring pads, which can dull the blades.

## TROUBLESHOOTING

---

- **Peeler not cutting effectively:**

- Ensure the peeler head is correctly and securely attached to the handle.
- Check if the blade is clean and free of debris.
- Confirm you are using the appropriate peeler head for the type of fruit or vegetable.

- **Difficulty detaching peeler head:**

- Ensure the release button is fully depressed.
- Apply gentle, steady pressure when pulling the head off. Do not force it.

## SPECIFICATIONS

---

<b>Product Dimensions</b>	6.3 x 4.72 x 2.76 inches
<b>Item Weight</b>	8.5 ounces
<b>Manufacturer</b>	Tupperware
<b>Model Number</b>	B01AI0V6L8
<b>Specific Use</b>	Fruit, Vegetable
<b>Batteries Required</b>	No
