## AKG K92

# AKG Pro Audio K92 Over-Ear Studio Headphones Instruction Manual

Model: K92

Brand: AKG

## INTRODUCTION

The AKG K92 Over-Ear, Closed-Back Headphones are designed for critical listening and studio use. Featuring professional-grade 40mm drivers, they deliver a precisely balanced response for accurate audio reproduction across an extended 16Hz - 20kHz frequency range. The over-ear design and lightweight construction ensure exceptional comfort during long listening sessions, while the closed-back design maximizes isolation from external noise. These headphones are built for durability and consistent performance in various audio environments.

## WHAT'S IN THE BOX

- K92 Headphones
- Gold-plated Screw-on 3.5 mm (1/8-inch)-to-6.3 mm (1/4-inch) Adaptor

## SETUP

---

1. **Connect the Cable:** Plug the 3.5mm (1/8-inch) jack of the headphone cable into your audio source (e.g., computer, audio interface, smartphone).
2. **Use the Adaptor (if needed):** If your audio device requires a larger 6.3 mm (1/4-inch) connection, screw the included gold-plated adaptor onto the 3.5mm jack.
3. **Position the Headphones:** Place the headphones on your head, ensuring the earcups fully cover your ears. The headband is self-adjusting for optimal fit.
4. **Identify Left and Right:** Check the 'L' and 'R' markings inside the earcups to ensure correct left and right channel orientation.

## OPERATING

---

The AKG K92 headphones are designed for straightforward operation, providing high-quality audio for

various applications.

- **Wearing Comfort:** The self-adjusting headband automatically conforms to your head size, and the soft earcups provide a comfortable, over-ear fit. This design helps maintain comfort during extended use.
- **Sound Isolation:** The closed-back design of the earcups naturally isolates you from ambient noise, allowing for focused listening without active noise cancellation features.
- **Volume Control:** Adjust the volume directly from your connected audio source. The headphones do not feature inline volume controls.

## **MAINTENANCE**

---

Proper care and maintenance will extend the lifespan and performance of your AKG K92 headphones.

- **Cleaning Earcups:** Gently wipe the faux leather earcups with a soft, damp cloth. Avoid using excessive moisture or harsh cleaning agents, which can damage the material.
- **Cleaning Headband:** The self-adjusting headband can be wiped with a soft, dry cloth.
- **Cable Care:** To prevent tangling and damage, coil the cable loosely when not in use. Avoid sharp bends or pulling the cable forcefully from the connectors.
- **Storage:** Store your headphones in a clean, dry environment, away from direct sunlight, extreme temperatures, and dust.

## TROUBLESHOOTING

---

If you encounter any issues with your AKG K92 headphones, refer to the following common solutions:

- **No Sound:**
  - Ensure the audio cable is securely plugged into both the headphones and the audio source.
  - Check the volume level on your audio device and ensure it is not muted.
  - Test the headphones with a different audio source or device to determine if the issue is with the headphones or the source.
- **Distorted Sound:**
  - Lower the volume on your audio source to prevent clipping or distortion.
  - Ensure the audio cable is not damaged or kinked. Try using a different cable if available.
- **Uncomfortable Fit:**
  - The K92 features a self-adjusting headband. Allow it to settle naturally on your head.
  - Ensure the earcups are positioned correctly over your ears, covering them completely for optimal comfort and sound isolation.

## SPECIFICATIONS

---

Feature	Specification
---------	---------------

Model Name	K92
Connectivity Technology	Wired
Headphones Jack	3.5 mm Jack
Audio Driver Size	40 Millimeters
Frequency Response	16Hz - 20kHz
Impedance	32 Ohms
