4. SETUP

4.1. Charging the Keyboard

Before initial use, fully charge the keyboard. Connect the provided USB charging cable to the keyboard's charging port and a USB power source. The charging indicator light will show the charging status.

- Battery Capacity: 750mAh (rechargeable lithium battery)
- Charging Time: Approximately 2-3 hours
- Working Time (backlight off): Up to 180 hours
- Working Time (backlight on): Up to 5 hours
- Standby Time: Up to 180 days

4.2. Bluetooth Pairing

Follow these steps to pair your keyboard with your Microsoft Surface Pro:

1. Turn on the keyboard by sliding the power switch to the 'ON' position. The indicator light will flash.
2. Press the **Fn + C** keys simultaneously to activate Bluetooth pairing mode. The Bluetooth indicator light will start blinking rapidly.
3. On your Microsoft Surface Pro, go to **Settings** > **Devices** > **Bluetooth & other devices**.
4. Ensure Bluetooth is enabled and select **Add Bluetooth or other device**.
5. Choose **Bluetooth** from the options.
6. Select the keyboard (usually named "Bluetooth Keyboard" or similar) from the list of available devices.
7. Follow any on-screen prompts to complete the pairing process. Once paired, the Bluetooth indicator light on the keyboard will stop blinking.

CUSTOMIZED FOR
SURFACE PRO 7+ / 7 / 6 / 5(PRO 2017) / 4 / 3 / LTE

Easily clicks into place, tablet turned into notebook in an instant, but bring more superior typing experience.

5.2. Using the Trackpad

The integrated trackpad provides precise cursor control, similar to a mouse. It supports multi-touch gestures for enhanced navigation.

- To activate/deactivate the trackpad: Press **Fn + Trackpad icon** key.
- Left Click: Press the left side of the trackpad or tap once.
- Right Click: Press the right side of the trackpad or tap with two fingers.
- Scrolling: Use two fingers to scroll up or down.

DUAL-ANGLE ADJUSTMENT

Attach to provide two different typing angles to meet your different needs.

6. MAINTENANCE

- Keep the keyboard away from liquids and extreme temperatures.
- Clean the keyboard with a soft, damp cloth. Avoid harsh chemicals.
- Do not attempt to disassemble the keyboard, as this may void the warranty.
- Store in a dry place when not in use for extended periods.

7. TROUBLESHOOTING

7.1. Keyboard Not Connecting via Bluetooth

- Ensure the keyboard is fully charged.
- Make sure the keyboard's power switch is ON.
- Verify that Bluetooth is enabled on your Surface Pro.

- Re-enter pairing mode on the keyboard (Fn + C) and attempt to pair again from your Surface Pro's Bluetooth settings.
- If previously paired, try 'forgetting' the device on your Surface Pro and then re-pairing.

7.2. Backlight Not Working

- Ensure the keyboard is sufficiently charged.
- Press the Light Bulb key to toggle the backlight.
- Adjust brightness using Fn + Alt keys.

7.3. Trackpad Not Responding

- Ensure the trackpad is activated by pressing Fn + Trackpad icon key.
- Clean the trackpad surface to remove any dirt or debris.
- Restart the keyboard and your Surface Pro.
