SAFETY INFORMATION

WARNING: Improper use of batteries may result in leakage, fire, or explosion, causing personal injury or property damage.

- Keep batteries out of reach of children and pets.
- Do not recharge, disassemble, heat above 100°C (212°F), or incinerate.
- Do not mix old and new batteries, or different types of batteries.
- Ensure correct polarity (+ and -) when installing.
- Remove exhausted batteries promptly from devices.
- Store batteries in a cool, dry place away from direct sunlight.
- If a battery leaks, avoid contact with skin and eyes. Rinse immediately with water and seek medical attention if irritation persists.

SETUP AND INSTALLATION

1. **Identify Battery Compartment:** Locate the battery compartment on your device. Refer to your device's manual for specific instructions.
2. **Open Compartment:** Open the battery compartment cover. This may involve unscrewing a lid or unlatching a clip.
3. **Observe Polarity:** Note the positive (+) and negative (-) markings inside the compartment. These correspond to the terminals on the Duracell MN908 battery. The positive terminal is typically the central post, and the negative terminal is the spring or flat contact.
4. **Insert Battery:** Carefully insert the Duracell MN908 battery, aligning the positive terminal with the positive marking and the negative terminal with the negative marking. Ensure a secure fit.
5. **Close Compartment:** Close the battery compartment cover securely.
6. **Test Device:** Turn on your device to confirm proper battery installation and functionality.

OPERATING INSTRUCTIONS

The Duracell MN908 6V Alkaline Battery is designed for single-use applications. Once installed correctly, it will provide power to your compatible device. No special operating procedures are required for the battery itself beyond proper installation.

- Always refer to your device's instruction manual for specific operating procedures.
- If your device is not functioning after battery installation, re-check the polarity and ensure the battery compartment is closed properly.
- For optimal performance, avoid exposing the battery or device to extreme temperatures.

MAINTENANCE AND STORAGE

- **Cleaning:** Keep battery terminals and contacts clean. Use a dry cloth to wipe away any dust or debris.
- **Storage:** Store unused batteries in their original packaging in a cool, dry place at room temperature. Avoid storing them with metal objects that could cause a short circuit.
- **Disposal:** Dispose of used batteries responsibly according to local regulations. Do not dispose of them in household waste. Many communities offer battery recycling programs.
- **Longevity:** Duracell alkaline batteries are known for their long shelf life and reliable performance.

Replace batteries when your device's performance diminishes.

TROUBLESHOOTING

Problem	Possible Cause	Solution
