Maintenance

To ensure the longevity and appearance of your building set, follow these maintenance guidelines:

- **Cleaning:** Dust the set regularly with a soft, dry cloth. For deeper cleaning, use a slightly damp cloth with mild soap and water, then wipe dry immediately. Avoid harsh chemicals or abrasive materials.
- **Storage:** Store the set in a cool, dry place away from direct sunlight to prevent discoloration or warping of plastic pieces. Keep small pieces in a sealed container to avoid loss.
- **Handling:** Handle figures and delicate parts with care to prevent breakage. Avoid excessive force when posing figures or attaching/detaching armor and accessories.

Troubleshooting

If you encounter any issues with your building set, refer to the following common solutions:

- **Missing Pieces:** If you find any pieces missing upon opening the box, please contact Mattel customer support for assistance.
- **Loose Connections:** If parts become loose, gently re-attach them, ensuring they are firmly connected. Avoid forcing pieces together if they do not fit easily.
- **Figures Not Posing:** Ensure figure joints are clean and free from debris. Gently manipulate joints to achieve desired poses. If a joint is too stiff, apply minimal pressure.
