## 5. MAINTENANCE

---

To ensure the longevity and cleanliness of your LEGO set, follow these simple maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to gently wipe dust from the bricks. For deeper cleaning, wash LEGO bricks by hand using lukewarm water (not exceeding 40°C or 104°F) and a mild detergent. Rinse thoroughly with clear water and air dry at room temperature. Do not use hot water, harsh chemicals, or abrasive materials, as these can damage the plastic.
- **Storage:** Store your LEGO set in a cool, dry place away from direct sunlight to prevent discoloration and warping of the plastic.
- **Handling:** Handle the assembled model with care to avoid accidental disassembly.
