- Always assemble the desk on a flat, stable surface to ensure proper alignment and stability.
- Exercise caution when handling the tempered glass top to prevent breakage. Tempered glass, while strong, can shatter if struck forcefully at the edges or corners.
- Once assembled, ensure the desk is properly anchored to the wall or floor if there is any risk of tipping, especially in households with children or pets.
- Do not place excessively heavy objects on the desk. Refer to the specifications for weight capacity.
- Keep small parts away from children during assembly to prevent choking hazards.

3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, contact customer support.

- Desk Legs (4)
- Assembly Hardware (screws, washers, tools if included)

4. SETUP AND ASSEMBLY INSTRUCTIONS

Follow these steps carefully for proper assembly. It is recommended to have two people for assembly, especially when handling the glass top.

1. **Unpack Components:** Carefully remove all parts from the packaging. Place them on a soft, clean surface to prevent scratches.
2. **Attach Legs to Glass Top:** Identify the attachment points on the underside of the tempered glass top. Secure each leg to the glass top using the provided hardware (screws, washers) as per the diagram. Do not overtighten screws initially.
3. **Tighten All Connections:** Once all legs are loosely attached, gently place the desk upright. Ensure the desk is level, then progressively tighten all screws until secure. Avoid overtightening to prevent damage to the glass or frame.
4. **Final Placement:** Position the assembled desk in its desired location. Ensure it is stable and does not wobble. Adjust leg levelers if present.
