Nexera 401254

Nexera Nocce Full Size Platform Bed Instruction Manual

Model: 401254 | Brand: Nexera

INTRODUCTION

Thank you for choosing the Nexera Nocce Full Size Platform Bed. This manual provides detailed instructions for the safe assembly, operation, and maintenance of your new bed frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

The Nocce Full Size Platform Bed (Model 401254) is designed to accommodate a standard full-size mattress. Its unique design creates the impression of a floating bed, contributing to an airy room aesthetic. This bed features a metal and hardwood slat construction for stability.

SAFETY INFORMATION

- **Weight Capacity:** Do not exceed the maximum weight capacity of 300 pounds for this bed frame.
- **Assembly:** Assembly requires two adults. Ensure all parts are correctly aligned and fasteners are securely tightened before use.
- **Mattress Compatibility:** Use with a standard full-size mattress. A box spring is not required.
- **Placement:** Position the bed on a level surface.
- **Maintenance:** Regularly check all fasteners to ensure they remain tight.
- **Children:** Keep small parts away from children during assembly.

PACKAGE CONTENTS

Before beginning assembly, verify that all components listed in the packaging instructions are present and undamaged. If any parts are missing or damaged, do not proceed with assembly. Contact customer support for assistance.

Typical components include:

- Bed frame panels (headboard, footboard, side rails)
- Center support beams
- Wooden slats

- Hardware pack (screws, bolts, washers, Allen wrench)
- Assembly instructions sheet

SETUP AND ASSEMBLY INSTRUCTIONS

It is recommended that two adults assemble this bed frame. Clear a spacious area for assembly and lay out all components on a soft, clean surface to prevent scratches.

Assembly Steps Overview:

1. **Unpack and Identify:** Carefully unpack all components and hardware. Refer to the included parts list to identify each piece.
2. **Assemble Frame:** Connect the side rails to the headboard and footboard panels using the provided hardware. Ensure all connections are secure but do not overtighten until the frame is fully assembled.
3. **Install Center Supports:** Attach the center support beams to the frame as indicated in the detailed assembly guide. These provide crucial stability.
4. **Place Slats:** Lay the wooden slats across the frame, ensuring even spacing. Secure the slats to the frame using the designated fasteners. The metal and hardwood slat construction is designed for easy assembly and sturdy support.
5. **Final Tightening:** Once all components are in place, go back and fully tighten all screws and bolts.

OPERATING INSTRUCTIONS

Once assembled, place your full-size mattress directly onto the wooden slats. The platform design eliminates the need for a box spring. Ensure the mattress is centered on the frame for optimal support and appearance.

MAINTENANCE

- **Cleaning:** Wipe the bed frame with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.
- **Fastener Check:** Periodically (e.g., every 3-6 months) inspect all screws and bolts to ensure they are tight. Retighten if necessary to maintain stability and prevent squeaking.
- **Avoid Excessive Moisture:** Protect the engineered wood from prolonged exposure to moisture.
- **Relocation:** When moving the bed, lift it rather than dragging it to prevent damage to the frame and your flooring.

TROUBLESHOOTING

Common Issues and Solutions:

- **Squeaking Noises:**
Check all assembly hardware. Loose bolts or screws are a common cause of squeaking. Tighten all fasteners. Ensure slats are properly seated and not rubbing against the frame.

• **Bed Feels Unstable:**

Verify that all connections are fully tightened. Ensure the bed is placed on a flat, level surface. Uneven flooring can cause instability.

• **Damaged or Missing Parts:**

If you discover damaged or missing parts during or after assembly, do not attempt to force assembly. Contact Nexera customer support for replacement parts.

SPECIFICATIONS

Model Number	401254
Brand	Nexera
Size	Full
Color	Truffle (Brown)
Material	Engineered Wood
Product Dimensions (L x W x H)	76" x 55.25" x 11.75" (193cm x 140.3cm x 30cm)
Item Weight	121 lbs (54.9 kg)
Weight Limit	300 lbs (136 kg)
Assembly Required	Yes
Special Feature	Floating Design
