## Puro IIIPC647SENSESBLUE

# Puro Sense Cover for iPhone 6/6S Instruction Manual

Model: IIIPC647SENSESBLUE

## INTRODUCTION

This manual provides comprehensive instructions for the proper use and maintenance of your Puro Sense Cover for iPhone 6/6S. The Sense Cover is designed to protect your device while offering convenient access to essential functions without opening the front flap.

## PRODUCT FEATURES

- **Quick View Function:** Allows interaction with the smartphone screen without opening the front cover.
- **Touch Screen Compatibility:** The front flap is made of an ultra-sensitive material, enabling touch screen functionality through the cover.
- **Call and Message Management:** Answer calls and view messages directly through the closed front flap.
- **Slim Design:** The semi-transparent back housing maintains the smartphone's original design.
- **Full Access:** Provides free access to all ports, buttons, and the camera.

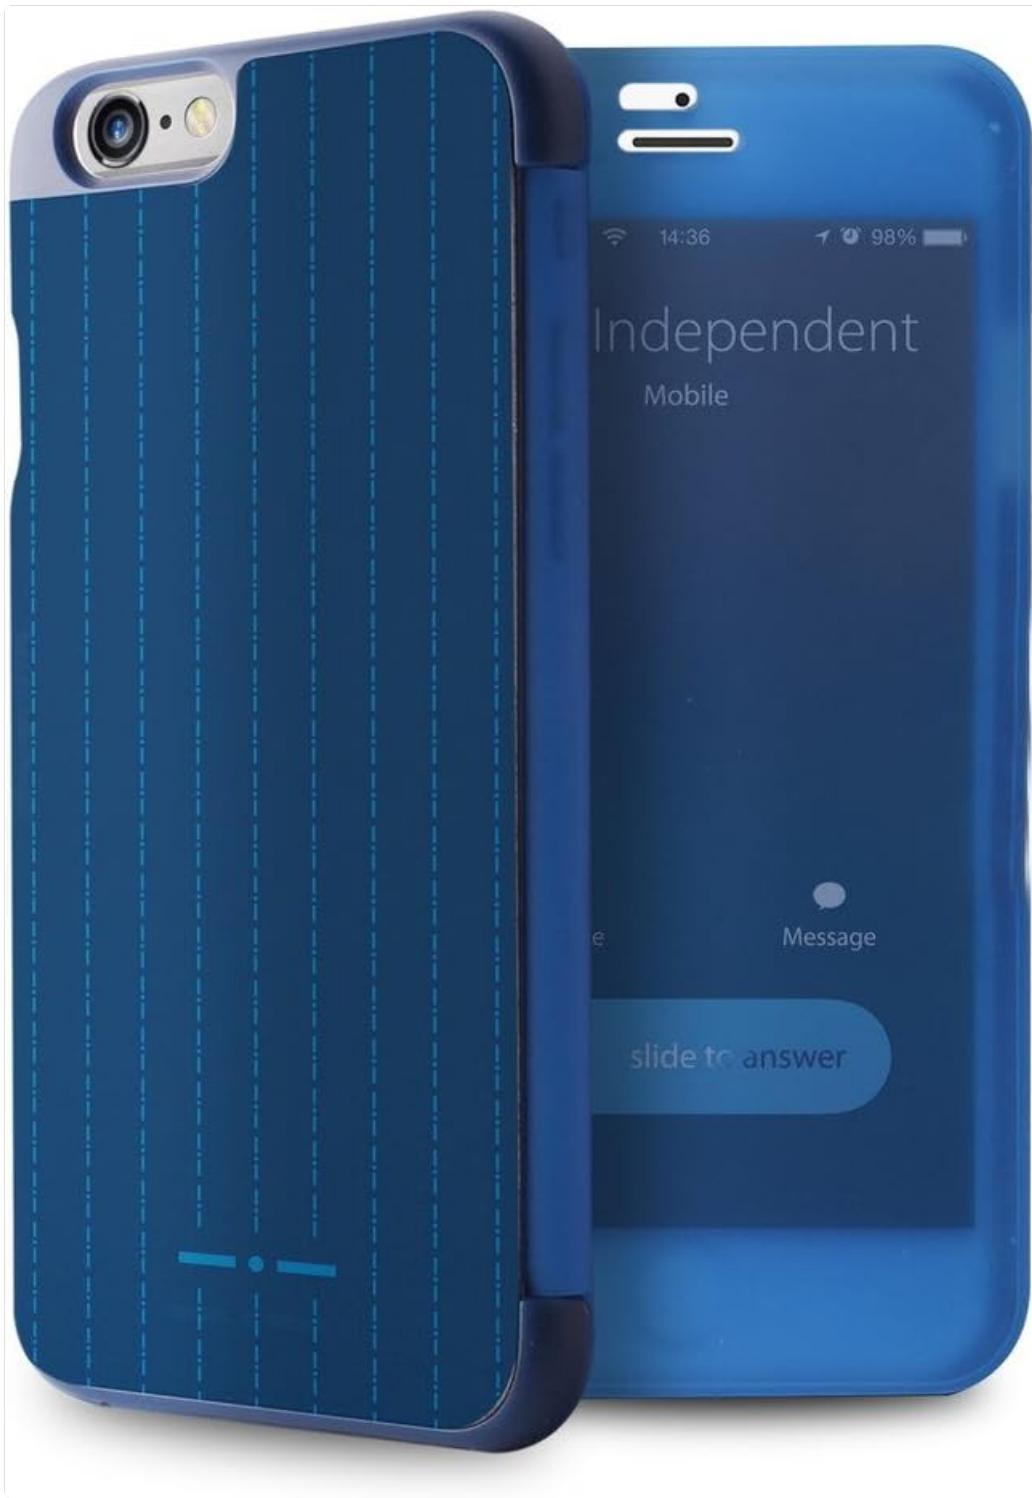

## SETUP AND INSTALLATION

Follow these steps to properly install your iPhone 6/6S into the Puro Sense Cover:

1. **Prepare Your Device:** Ensure your iPhone 6/6S is clean and free of dust or debris.
2. **Insert the Phone:** Gently align your iPhone 6/6S with the back housing of the Puro Sense Cover. Press the phone firmly into the case, ensuring all edges are securely seated. The case is designed for a snug fit.
3. **Verify Fit:** Check that all buttons (power, volume) and ports (charging, headphone jack) are accessible and functional. The camera opening should be unobstructed.

*Image: A blue Puro Sense Cover fully installed on an iPhone 6/6S. The front flap is closed, and the back of the case displays a subtle striped pattern.*

## OPERATING INSTRUCTIONS

The Puro Sense Cover features an innovative "quick view" function, allowing you to interact with your iPhone 6/6S without opening the front flap.

### Using the Quick View Function:

- When your iPhone screen lights up (e.g., for an incoming call, message notification, or when you press the power button), the screen will be visible through the transparent front flap.
- The ultra-sensitive material of the front flap allows for direct touch interaction with the screen. You can swipe, tap, and perform basic functions as if the flap were open.

Image: An iPhone 6/6S encased in the Puro Sense Cover, displaying an incoming call screen through the transparent blue front flap. The "slide to answer" prompt is visible.

### Answering Calls and Viewing Messages:

- **Incoming Calls:** When a call comes in, the "slide to answer" prompt will appear on your screen. Simply slide your finger across the transparent flap to answer the call without opening the cover.
- **Messages:** New message notifications will be visible through the flap. You can often preview messages or dismiss notifications by interacting with the screen through the cover.

*Image: A hand demonstrating how to interact with the iPhone 6/6S screen through the transparent front flap of the Puro Sense Cover. A finger is shown sliding to answer an incoming call.*

*Image: A close-up view of the transparent front flap of the Puro Sense Cover, with text visible through it stating "ANSWER CALL AND VIEW MESSAGES WITH KEEPING THE FLAP CLOSED".*

## MAINTENANCE

To ensure the longevity and appearance of your Puro Sense Cover, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the case regularly with a soft, damp cloth. For stubborn marks, a mild soap solution can be used, followed

by wiping with a clean, damp cloth.

- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or strong chemicals, as these can damage the material and finish of the case.
- **Storage:** When not in use, store the case in a cool, dry place away from direct sunlight.

## TROUBLESHOOTING

Most issues with a phone case are minor. Here are some common concerns and solutions:

- **Case Does Not Fit Properly:**
  - Ensure you have the correct model case for your iPhone 6/6S.
  - Remove the phone and re-insert it, ensuring it snaps into place evenly on all sides.
- **Screen Responsiveness Through Flap is Reduced:**
  - Clean the inside of the transparent flap and your iPhone screen to remove any dust or smudges that might interfere with touch sensitivity.
  - Ensure your screen protector (if any) is properly installed and not interfering with touch.

## SPECIFICATIONS
