ZINUS AZ-ASMPH-15T

ZINUS Mia Metal Platform Bed Frame User Manual

Model: AZ-ASMPH-15T | Brand: ZINUS

1. Introduction and Overview

The ZINUS Mia Metal Platform Bed Frame with Headboard is designed for durability, style, and optimal mattress support. Crafted with a sturdy steel frame and wooden slats, it eliminates the need for a box spring, providing a streamlined and modern look for any bedroom. Its 14-inch height offers ample under-bed storage space, making it a practical solution for various living environments. This manual provides essential information for assembly, usage, maintenance, and safety to ensure a long-lasting and satisfying experience with your new bed frame.

2. Key Features

- **Durable Steel and Plywood Construction:** Ensures long-lasting stability and support.
- **Optimum Support:** Designed for clean lines, simple silhouettes, and reliable mattress support.
- **Sturdy Design:** Made entirely of steel framework, supporting up to 350 lbs for Twin size and 700 lbs for other sizes.
- **No Box Spring Needed:** Reliable and closely spaced wood slats support and extend the life of latex, memory foam, or spring mattresses. Slats are spaced 3.1 – 3.4 inches apart.
- **Easy Assembly:** All parts, tools, and instructions are efficiently packed in one box for simple setup in under an hour.
- **Under-bed Clearance:** Offers 12 inches of clearance for valuable storage space.

3. Setup and Assembly Instructions

Follow these steps for a smooth assembly process. It is recommended to have two people for assembly.

1. **Unpack and Identify Parts:** Carefully unpack all components from the box. Lay them out and identify each part using the provided labels (e.g., numbered stickers). Verify all parts are present against the parts list in your included instruction manual.

Figure 3.1: All components neatly packed and ready for assembly.

2. **Assemble Headboard and Footboard:** Connect the headboard and footboard components as per the detailed diagrams in your manual. Ensure all bolts are finger-tightened initially.
3. **Attach Side Rails:** Connect the assembled headboard and footboard to the side rails. Ensure the side rails with Velcro strips are facing upwards.
4. **Install Center Support Legs:** Securely attach the center support legs to the main frame. These provide crucial stability.

Figure 3.2: Use the provided ratchet tool for efficient tightening.

5. **Tighten All Connections:** Once all frame components are in place, use the provided tool to fully tighten all bolts. Ensure all connections are secure to prevent wobbling.
6. **Unroll and Secure Wooden Slats:** Unroll the wooden slats across the bed frame. The slats are connected and feature Velcro strips that align with corresponding strips on the bed frame to prevent shifting. Ensure the two slats with anti-slip film are positioned at the head and foot of the bed, and peel off the film.

Figure 3.3: Wooden slats with anti-slip features for mattress stability.

7. **Place Mattress:** Carefully place your mattress directly onto the secured wooden slats. No box spring is required.

Assembly Video Guide

Video 3.1: Official ZINUS Mia Metal Platform Bed Frame Assembly Guide. This video demonstrates the step-by-step process of assembling the bed frame, highlighting key features and ease of construction.

4. Usage and Operation

The ZINUS Mia Metal Platform Bed Frame is designed for straightforward use. Simply place your mattress directly on the wooden slats. The integrated headboard provides a comfortable backrest for sitting up in bed.

Dimension & Capacity

Figure 4.1: Product dimensions and weight capacity for the Twin size.

Weight Capacity: The Twin size bed frame supports a maximum weight capacity of 350 lbs. All other sizes (Full, Queen, King) can support up to 700 lbs. Do not exceed these limits to ensure the longevity and safety of the bed frame.

Figure 4.2: Ample under-bed clearance for storage solutions.

5. Maintenance

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Check Connections:** Periodically inspect all bolts and connections to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent squeaking.
- **Slat Care:** Ensure the wooden slats are free from debris and are properly seated on the frame's support rails.

6. Troubleshooting

- **Squeaking Noises:** If the bed frame begins to squeak, check all assembly bolts and tighten them securely. Loose connections are the most common cause of noise.

- **Mattress Sliding:** Ensure the anti-slip tape on the wooden slats is clean and intact. If the mattress continues to slide, consider adding additional non-slip pads between the mattress and the slats.
- **Wobbling:** A wobbling frame indicates loose connections. Re-check and tighten all bolts, especially those connecting the headboard, footboard, and side rails.

7. Specifications

Attribute	Value
Size	Twin
Product Dimensions	75.5"L x 37.8"W x 38"H
Special Feature	Durability, Sturdy
Color	Black
Finish Type	Steel, Wood
Included Components	Headboard, Slat
Compatible With Mattress Size	Twin
Brand	ZINUS
Furniture Finish	Black Metal Frame wood slats
Assembly Required	Yes
Ground To Item Distance	12 Inches
Manufacturer	Zinus
UPC	841550085419
Form Factor	Platform Bed
Item Weight	43.9 pounds
Item model number	AZ-ASMPH-15T

8. Important Safety Information

Please read and follow all safety instructions carefully to prevent injury and damage to the product.

- Do not exceed the maximum weight capacity of 350 lbs for Twin and 700 lbs for other sizes.
- Be cautious of sharp edges during assembly and use.
- Ensure all bolts are securely tightened before use and periodically check for looseness.
- Keep small parts away from children during assembly to prevent choking hazards.
- Do not jump on the bed frame.
- Use the bed frame on a flat, level surface.

9. Warranty and Support

Your ZINUS Mia Metal Platform Bed Frame comes with a worry-free 5-year limited warranty.
