ZINUS AZ-ASMPH-15F

ZINUS Mia Metal Platform Bed Frame with Headboard User Manual

Model: AZ-ASMPH-15F

Product Overview

The ZINUS Mia Platform Bed with Headboard is constructed with a durable steel frame and wooden slats, designed to provide robust support for various mattress types including memory foam, latex, or spring mattresses, eliminating the need for a box spring. Standing 14 inches high, it offers ample under-bed clearance for storage. Its contemporary design features clean lines, making it a versatile addition to any bedroom decor. The bed frame is engineered for easy assembly, with all necessary parts, tools, and instructions conveniently packaged in a single box for quick setup.

Key Features

- **Durable Construction:** Made with steel framework and plywood slats for long-lasting support.
- **Optimum Mattress Support:** Features closely spaced wood slats (3.1 – 3.4 inches apart) to prevent sagging and extend mattress life, removing the need for a box spring.
- **High Weight Capacity:** Twin size supports up to 350 lbs; all other sizes support up to 700 lbs.
- **Easy Assembly:** All components, tools, and instructions are included in one package for assembly in under an hour.
- **Under-Bed Storage:** 14-inch height provides over a foot of clearance for convenient storage.
- **Floor Protection:** Equipped with plastic feet to prevent floor scratches.
- **Mattress Stability:** Includes anti-slip tape strips on slats to keep the mattress securely in place.

Specifications

Setup

The ZINUS Mia Platform Bed Frame is designed for straightforward assembly. All necessary parts, tools, and detailed instructions are included in the packaging. It is recommended to have a friend assist with the setup, which typically takes less than an hour.

Assembly Steps:

1. **Unpack and Organize:** Carefully unpack all components and lay them out. Verify that all pieces and hardware are present according to the included parts list.
2. **Follow Instructions:** Adhere strictly to the provided assembly instructions. Ensure that arrows match on all four corners and holes are properly aligned to prevent issues with slat fitment.
3. **Secure Connections:** Use the provided tools to securely fasten all bolts and connections. The design includes pre-assembled washers on bolts for convenience.
4. **Install Slats:** Position the wooden slats onto the frame. The slats are designed with Velcro to prevent

movement once installed. Two slats will have peel-off stickers to help prevent the mattress from sliding.

5. **Place Mattress:** Once the frame is fully assembled and stable, place your mattress directly onto the wooden slats. No box spring is required.

Operating Instructions

The ZINUS Mia Metal Platform Bed Frame is designed for static use as a foundation for your mattress. Once assembled, it requires no further operational steps. Simply place your mattress on the wooden slats. The frame provides stable and quiet support for sleeping.

Maintenance

To maintain the cleanliness and appearance of your ZINUS Mia Metal Platform Bed Frame, simply wipe it with a dry cloth as needed. Avoid using harsh chemicals or abrasive cleaners, which may damage the finish.

Troubleshooting

- **Slats Too Wide or Part C Too Short:** This issue typically arises from improper assembly. Ensure that the arrows on all four corners of the frame match and that all holes are correctly aligned during the assembly process. Disassemble and reassemble carefully following the instructions.

- **Squeaking Noises:** If the frame develops squeaking noises, check all bolts and connections to ensure they are tightened securely. Over time, connections may loosen and require re-tightening.
- **Mattress Sliding:** The bed frame includes anti-slip tape on some slats. Ensure these tapes are properly applied and free from debris. If sliding persists, additional non-slip pads can be placed between the mattress and the slats.
- **Weight Capacity Exceeded:** Do not exceed the maximum weight capacity of 700 pounds (350 lbs for Twin size). Exceeding this limit can compromise the frame's integrity and lead to damage.
- **Sharp Edges/Plastic Feet:** Exercise caution during assembly and use to avoid contact with any sharp edges. Ensure plastic feet are properly installed to protect your floors.

Warranty Information

The ZINUS Mia Metal Platform Bed Frame includes a**5-year worry-free limited warranty**. For detailed terms and conditions, please refer to the official warranty document.
