ZINUS AZ-ASMPH-15K

ZINUS Mia Metal Platform Bed Frame with Headboard

Model: AZ-ASMPH-15K | Brand: ZINUS

Product Overview

The ZINUS Mia Metal Platform Bed Frame with Headboard is designed for optimal support and modern aesthetics. It features a robust steel frame and wooden slats, eliminating the need for a box spring. With 14 inches of clearance, it provides ample under-bed storage. This contemporary design is shipped in a compact box for convenient delivery and easy assembly.

Setup and Assembly

Your ZINUS Mia Platform Bed Frame is designed for straightforward assembly. All necessary parts, tools, and instructions are included in one efficiently packed box. Assembly typically takes less than an hour with the assistance of a friend.

Assembly Steps:

1. **Unpack and Identify Components:** Carefully unpack all components and lay them out. Verify all parts are present against the included parts list. Components are clearly labeled for easy identification.
2. **Assemble the Frame:** Connect the main frame pieces using the provided hardware and tools. Ensure all connections are secure but do not fully tighten until all major frame sections are aligned.
3. **Attach the Headboard:** Secure the headboard to the main frame. The headboard features horizontal metal bars for a modern look.

4. **Install Wooden Slats:** Position the wooden slats across the frame. The slats are designed to fit securely and provide optimal support for your mattress. Some slats may have adhesive strips to prevent mattress slippage; peel off the protective film before placing the mattress.
5. **Final Tightening:** Once all components are in place and aligned, fully tighten all screws and bolts to ensure stability.

Operating Instructions

The ZINUS Mia Platform Bed Frame is designed for simplicity and durability. It provides robust support for various mattress types without the need for a box spring.

- **Mattress Compatibility:** This frame is compatible with memory foam, latex, or spring mattresses. The closely spaced wooden slats ensure proper support and extend mattress life.
- **Weight Capacity:** The King size frame supports up to 700 lbs. (Twin size supports 350 lbs.).
- **Under-Bed Storage:** The 14-inch height provides ample clearance for convenient under-bed storage of boxes or bins.

Figure 4: Illustration of the generous under-bed clearance, ideal for storing various items.

Maintenance

To maintain the quality and appearance of your ZINUS Mia Platform Bed Frame, follow these simple care instructions:

- **Cleaning:** Wipe the metal frame with a dry cloth to remove dust and debris. Avoid using harsh chemicals or abrasive cleaners, as they may damage the finish.
- **Regular Inspection:** Periodically check all bolts and connections to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent squeaking.

Troubleshooting

If you encounter any issues with your bed frame, consider the following common solutions:

- **Squeaking Noises:** Squeaking is often caused by loose connections. Inspect all bolts and ensure they are securely tightened. Pay particular attention to the headboard connections and the central support legs.

- **Mattress Slippage:** If your mattress slides, ensure the anti-slip tape on the wooden slats (if present) has its protective film removed and is making proper contact with the mattress.
- **Uneven Support:** Verify that all wooden slats are correctly seated in their designated positions and are evenly distributed across the frame.

Specifications

Feature	Detail
Size	King
Product Dimensions	80.5"L x 75.3"W x 38"H
Special Feature	Sturdy
Color	Black
Finish Type	Steel, Wood
Included Components	Headboard, Slat
Compatible With Mattress Size	King
Brand	ZINUS
