ZINUS Arnav Metal Platform Bed Frame with Headboard User Manual

Brand: Zinus | **Model:** AZ-ASMPH-20K | **Size:** King | **Color:** Black

1. INTRODUCTION

This manual provides detailed instructions for the assembly, usage, and maintenance of your ZINUS Arnav Metal Platform Bed Frame with Headboard. Designed for durability and ease of assembly, this bed frame offers robust support for your mattress without requiring a box spring. Please read all instructions carefully before beginning assembly.

Figure 1: ZINUS Arnav Metal Platform Bed Frame with Headboard. This image displays the assembled bed frame with a mattress, pillows, and a green throw blanket in a bedroom environment.

2. SAFETY INFORMATION

- Do not exceed the maximum weight capacity: 700 lbs for King size (350 lbs for Twin size).
- Exercise caution around sharp edges during assembly and use.
- Ensure all bolts and fasteners are securely tightened before use. Periodically check and re-tighten as necessary.
- Keep small parts away from children during assembly to prevent choking hazards.

3. PACKAGE CONTENTS

The ZINUS Arnav Metal Platform Bed Frame is shipped in one compact box. Please verify all components are present before beginning assembly.

Figure 2: The bed frame is delivered in a single, efficiently packed box for convenient transport and setup.

Included Components:

- Metal Frame Components (labeled A, B, C, D, E, F)
- Headboard Components
- Wood Slats (pre-assembled with Velcro and non-slip tape)
- Hardware (bolts, washers, hex key, ratchet tool)

4. SETUP & ASSEMBLY INSTRUCTIONS

Assembly is designed to be straightforward and typically takes less than an hour with the help of a friend. All parts are clearly numbered for easy identification.

Video 1: Official Zinus video demonstrating the assembly process for the Arnav Metal Bed Frame with Headboard. This video provides a visual guide to help users with setup.

Step-by-Step Assembly:

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out and identify each piece using the provided labels (e.g., '8' on frame corners).

2. **Assemble Frame Sides:** Connect the side rails to the headboard and footboard sections using the provided bolts and the included ratchet tool. Ensure all connections are secure.
3. **Attach Center Support:** Secure the center support bar(s) to the frame.
4. **Install Wood Slats:** The wood slats come pre-assembled in sections with Velcro. Simply unroll them across the frame and press down firmly to engage the Velcro. This ensures the slats remain evenly spaced and secure.
5. **Peel Non-Slip Tape:** Locate the non-slip tape strips on the top of some slats. Peel off the protective film to activate the non-slip surface for your mattress.

Figure 3: The included ratchet tool simplifies the tightening of bolts during assembly.

Figure 4: Detail of the wooden slats featuring non-slip tape to prevent mattress movement. This tape should be peeled off before placing the mattress.

5. USAGE

This platform bed frame is designed to support your mattress directly, eliminating the need for a box spring. The closely spaced wooden slats provide optimal support for memory foam, latex, or spring mattresses.

Mattress Placement:

- Place your mattress directly onto the assembled wooden slats.
- The non-slip tape on the slats will help keep your mattress in place.

Under-Bed Storage:

The 10-inch clearance from the floor provides ample space for under-bed storage, helping to maximize space in your bedroom.

Figure 5: The bed frame offers convenient under-bed clearance for storage solutions.

6. MAINTENANCE & CARE

- To clean the metal frame, wipe with a damp cloth. Avoid harsh chemicals that may damage the finish.
- Regularly inspect all bolts and connections to ensure they remain tight. Re-tighten if any looseness is detected.
- Keep the wooden slats dry to prevent warping or damage.

7. SPECIFICATIONS

Feature	Detail
Model Number	AZ-ASMPH-20K
Size	King
Product Dimensions	81"L x 75.5"W x 36"H
Color	Black
Material	Alloy Steel, Wood
Weight Capacity	700 lbs (King), 350 lbs (Twin)
Box Spring Required	No
Assembly Required	Yes
