Husky Liners 98461

Husky Liners Weatherbeater Floor Mats Instruction Manual

Model: 98461

1. INTRODUCTION

Thank you for choosing Husky Liners Weatherbeater Floor Mats. These custom-fit floor liners are designed to provide superior protection for your vehicle's interior against dirt, spills, and wear. Manufactured with durable materials and a precise fit, they ensure your vehicle's carpet remains clean and protected.

2. VEHICLE COMPATIBILITY

These Husky Liners Weatherbeater Floor Mats (Model 98461) are specifically designed for the following vehicle models and years:

- 2016 - 2020 Honda Civic Coupe
- 2017 - 2021 Honda Civic Hatchback
- 2016 - 2021 Honda Civic Sedan
- 2019 - 2021 Honda Insight

3. WHAT'S IN THE BOX

Your package should contain the following items:

- Front Row Floor Liners (Driver and Passenger Side)
- Second Row Floor Liner (One-piece design)

4. INSTALLATION INSTRUCTIONS

Follow these steps for proper installation of your Weatherbeater Floor Mats:

1. **Prepare the Vehicle Floor:** Remove any existing floor mats or liners from your vehicle. Ensure the carpeted floor is clean and dry before installing the new liners.
2. **Install Front Liners:** Place the driver's side floor liner into the driver's footwell. Align the liner with the vehicle's floor contours and ensure any factory retention hooks or posts engage with the corresponding holes in the liner. Repeat for the passenger side.
3. **Install Second Row Liner:** Position the one-piece second-row floor liner across the rear footwell. Ensure it sits flat and conforms to the vehicle's floor.
4. **Verify Fitment:** Gently press down on all edges of the liners to ensure they are fully seated and lay flat against the vehicle's carpet. The StayPut Nibs on the underside of the liners will help secure them in place, preventing shifting.

MORE FLEXIBLE FOR LESS HASSLE

Image 3: The StayPut Nibs on the underside of the mat provide a secure, non-slip grip on the carpet.

5. OPERATION AND USAGE

Once installed, your Husky Liners Weatherbeater Floor Mats are designed for continuous use, providing protection against various elements:

- **All-Weather Protection:** The durable material and FormFit Edge design contain spills, dirt, mud, and snow, preventing them from reaching your vehicle's carpet.
- **Secure Placement:** The patented StayPut Nibs on the underside of the liners grip the carpet, ensuring the mats remain securely in position and do not interfere with pedal operation.
- **Comfort:** The flexible material provides comfort underfoot during driving.

COMFORT UNDERFOOT MILE AFTER MILE

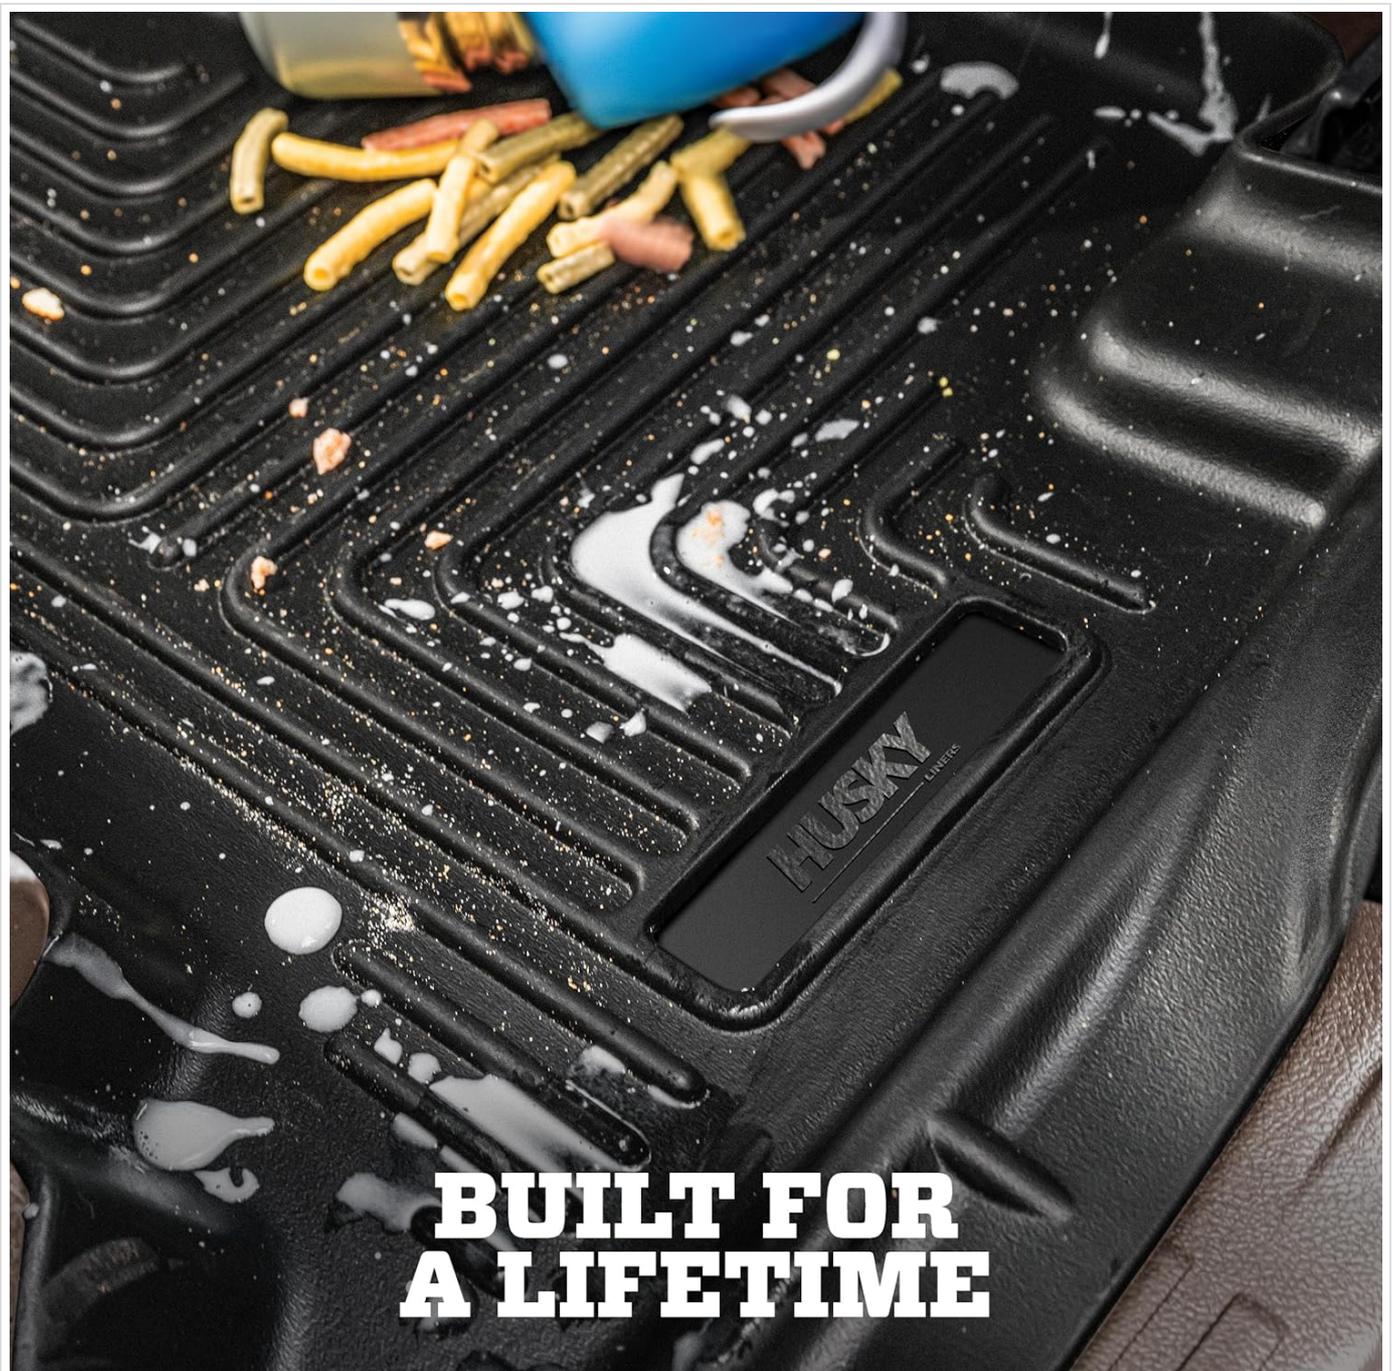

Image 5: The mat's design effectively contains spills and debris.

6. CLEANING AND CARE

Maintaining your Weatherbeater Floor Mats is simple due to their durable, non-porous material:

1. **Removal:** Carefully remove the floor liners from your vehicle.
2. **Cleaning:** For light dirt, simply shake out the mats. For heavier dirt or spills, hose them off with water. A mild soap and soft brush can be used for stubborn grime. Avoid harsh chemicals or abrasive cleaners, as these may damage the material.
3. **Drying:** Allow the mats to air dry completely before reinstalling them in your vehicle.
4. **Reinstallation:** Once dry, follow the installation steps in Section 4 to place the liners back into your vehicle.

Image 6: Cleaning the floor mat with a hose for easy maintenance.

7. TROUBLESHOOTING

Issue: Mats do not fit correctly or appear warped.

Solution: Ensure all factory floor retention posts are properly engaged with the holes in the liner. If the mats were stored rolled or folded, they may need time to relax and conform to their original shape, especially in warmer temperatures. Placing them in the sun for a short period can help them regain their intended form.

Issue: Mats slide or shift during use.

Solution: Verify that the StayPut Nibs on the underside of the mats are making proper contact with the vehicle's carpet. Ensure no debris is trapped underneath the mats that could prevent the nibs from gripping. If your vehicle has factory retention hooks, confirm the mats are securely attached to them.

Issue: Mats feel slippery when wet.

Solution: While Weatherbeater mats are designed to contain liquids, any wet surface can reduce traction. Exercise caution when entering or exiting the vehicle with wet footwear. Regular cleaning helps maintain the surface texture.

8. PRODUCT SPECIFICATIONS

| | |
|---------------------------|---|
| Model Number | 98461 |
| Brand | Husky Liners |
| Color | Black |
| Product Dimensions | 33"L x 22"W x 7"Th (Packaging) |
| Item Weight | 9.13 pounds |
| Material | ProGard Formula (Durable, flexible thermoplastic) |
| Fit Type | Vehicle Specific Fit |

9. WARRANTY INFORMATION

Husky Liners Weatherbeater Floor Mats are backed by a **Lifetime Guarantee**. This warranty covers defects in material and workmanship for the life of the product. For specific details regarding warranty claims and coverage, please refer to the official Husky Liners website or contact customer support.

10. CUSTOMER SUPPORT

If you have any questions, require assistance with installation, or need to address a warranty claim, please contact Husky Liners customer support through their official website or the contact information provided with your purchase. Please have your product model number (98461) and vehicle details ready when contacting support.
