Graco Pack 'n Play Playard with Reversible Seat & Changer LX Instruction Manual

Brand: Graco | Model: 1967964

PRODUCT OVERVIEW

The Graco Pack 'n Play Playard with Reversible Seat & Changer LX is a versatile solution designed to grow with your child from newborn to infant to toddler. This multi-functional playard offers a comfortable space for rest and play, along with convenient features for daily care.

Key features include a reversible seat and changer, integrated storage pockets, and durable, easy-to-clean fabrics.

Figure 1: The Graco Pack 'n Play Playard with Reversible Seat & Changer LX, showcasing its full assembly with both the newborn seat and changer components.

SETUP AND ASSEMBLY

Before assembly, ensure all parts are present and undamaged. Refer to the included parts list for verification. Assembly typically involves unfolding the main playard frame and attaching the reversible seat and changer unit.

1. Unfolding the Playard:

Place the playard on a flat, stable surface. Pull up on the center of the floor until the legs are fully extended and locked into place. Ensure all four side rails are locked. You should hear an audible click for each locked rail. If a rail does not lock, lift the center of the floor slightly and try again.

Figure 2: Demonstrates how to unlock or lock the side rails of the playard by pressing the central button on the rail.

2. Attaching the Reversible Seat & Changer Unit:

The reversible unit serves as both a newborn seat and a changing station. Orient the unit correctly and align the attachment points with the designated slots on the playard's top rails. Press firmly until the unit clicks securely into place. Ensure it is stable before use.

Figure 3: The playard with the reversible unit configured as a changing station, showing its secure attachment to the playard frame.

3. Installing the Mattress/Pad:

Place the provided mattress/pad at the bottom of the playard. For the newborn seat or changer configuration, ensure the mattress is positioned correctly within the reversible unit.

OPERATING INSTRUCTIONS

Using the Reversible Seat & Changer

This unit allows for quick transitions between a cozy newborn seat and a convenient changing station.

- **Switching Modes:** To switch between the newborn seat and changer, disengage the unit from its current position, flip it over, and re-attach it securely. Always ensure the unit is fully locked into place before placing a child in it.
- **Newborn Seat Use:** The newborn seat provides a dedicated, cozy space for your baby to rest or play. Always use the restraint system provided.
- **Changer Use:** The changer features wipe-clean fabrics for easy cleanup. It is designed for quick diaper changes.

Always keep one hand on your child while using the changer.

Integrated Storage Pockets

The playard includes integrated storage pockets to keep essential items like wipes, diapers, and other baby basics close at hand for convenience.

Figure 5: Close-up view of the integrated storage pockets on the side of the playard, designed to hold diapers and wipes.

Toddler Playard Use

Once your child outgrows the newborn seat and changer, the playard can be used as a safe and secure space for toddlers to play. Ensure the reversible unit is removed when using the playard for older children.

MAINTENANCE AND CARE

Proper maintenance ensures the longevity and safety of your Graco Pack 'n Play Playard.

- **General Cleaning:** Clean with household soap and warm water. Drip dry. Do not use bleach.
- **Carry Bag:** The carry bag can be machine washed in lukewarm water.
- **Newborn Napper:** Machine wash the newborn napper separately in cold water on a delicate cycle. Do not use bleach. Drip dry.
- **Sand Removal:** If the playard gets sandy, carefully remove all sand from surfaces before packing into the bag, as sand can damage the top rail lock mechanism.
- **Spot Cleaning:** For minor spills or dirt, spot clean or wipe clean as needed.

TROUBLESHOOTING

If you encounter issues with your playard, refer to the following common solutions:

- **Playard Rails Not Locking:** Ensure the center of the playard floor is pushed up slightly before attempting to lock the side rails. All four rails must be locked before pushing the center floor down. If a rail still doesn't lock, try lifting the center of the floor higher and wiggling the rail until it clicks.
- **Reversible Unit Not Attaching Securely:** Verify that the unit is correctly oriented and aligned with the attachment points on the playard. Apply firm, even pressure until you hear a click, indicating it is securely fastened.
- **Difficulty Folding Playard:** Ensure all side rails are unlocked first. The center of the playard floor must be pulled up before the rails can fully collapse.

For persistent issues, please contact Graco customer support.

SPECIFICATIONS

| Feature | Detail |
|--------------------------------|--|
| Product Dimensions (L x W x H) | 31 x 13 x 11 inches |
| Item Model Number | 1967964 |
