# Babyzen YOYO+ Newborn Pack User Manual

Brand: Babyzen | Model: US10105-02

## 1. INTRODUCTION AND OVERVIEW

---

The Babyzen YOYO+ Newborn Pack in Pink is designed to provide a comfortable and secure environment for your newborn when used with the Babyzen YOYO+ stroller frame. This pack transforms your YOYO+ stroller into a lie-flat pram, suitable from birth.

Key features include:

- Fully reclined newborn nest with a 5-point harness for safety and comfort.
- Pop-Up canopy with 3 positions to protect your baby from the elements.
- Integrated head support for proper infant positioning.

Figure 1: The Babyzen YOYO+ Newborn Pack in Pink, shown installed on a YOYO+ stroller frame. It features a deep pink fabric for the nest and canopy, designed for infant comfort and safety.

## 2. SETUP INSTRUCTIONS

---

Before using the Newborn Pack, ensure your Babyzen YOYO+ stroller frame is clean and in good working order. Follow these steps to install the newborn pack:

1. **Prepare the Stroller Frame:** Remove the existing textile seat and canopy from your YOYO+ stroller frame. Refer to your

YOYO+ stroller manual for specific instructions on removing these components.

2. **Attach the Newborn Nest Base:** Position the newborn nest base onto the stroller frame. Secure it using the designated attachment points and straps, ensuring it is firmly connected and does not wobble.
3. **Install the Canopy:** Attach the pop-up canopy to the frame's canopy attachment points. Ensure the canopy clicks securely into place and can be adjusted smoothly through its three positions.
4. **Insert the Head Support:** Place the head support cushion inside the newborn nest, ensuring it is properly aligned and secured according to the pack's design.
5. **Check Harness System:** Verify that the 5-point harness system is correctly threaded and accessible. Ensure all buckles function properly.
6. **Final Safety Check:** Before placing your baby in the pack, perform a final check to ensure all components are securely attached and the pack is stable on the stroller frame.

**Important:** Always ensure the newborn pack is correctly installed and secured before placing an infant inside. Never leave an infant unattended.

## 3. OPERATING INSTRUCTIONS

---

### 3.1. Securing Your Baby

- Place your newborn gently into the reclined nest.
- Fasten the 5-point harness system. Ensure the shoulder straps are at the correct height for your baby's shoulders and that the harness is snug but not too tight. Adjust the straps as your baby grows.
- The head support should cradle your baby's head comfortably.

### 3.2. Adjusting the Canopy

- The pop-up canopy has 3 adjustable positions. Gently push or pull the canopy to achieve the desired coverage from sun or wind.
- Ensure the canopy is fully extended or retracted as needed for optimal protection or visibility.

### 3.3. Folding the Stroller with Newborn Pack

The Babyzen YOYO+ stroller can be folded with the newborn pack attached. Refer to your YOYO+ stroller manual for detailed folding instructions. Ensure the canopy is fully retracted before folding to prevent damage.

## 4. MAINTENANCE

---

Proper maintenance ensures the longevity and safety of your Babyzen YOYO+ Newborn Pack.

- **Cleaning:** The fabric components of the newborn pack, including the nest and canopy, should be **Hand Washed Only**. Use mild soap and cold water. Do not bleach, tumble dry, or iron. Allow to air dry completely before reattaching to the stroller frame.
- **Frame Cleaning:** Wipe down the plastic and metal parts of the newborn pack (if any) with a damp cloth. Avoid abrasive cleaners.
- **Storage:** When not in use, store the newborn pack in a clean, dry place away from direct sunlight and extreme temperatures.
- **Regular Inspection:** Periodically check all straps, buckles, and attachment points for wear, tear, or damage. If any part is damaged, discontinue use and contact Babyzen support for replacement parts.

## 5. TROUBLESHOOTING

---

This section addresses common issues you might encounter with your Babyzen YOYO+ Newborn Pack.

- **Issue: Newborn pack does not attach securely to the stroller frame.**

**Solution:** Ensure you have removed all original YOYO+ textile components. Double-check that the newborn pack's attachment points align correctly with the stroller frame's connection points. Apply firm pressure until you hear a click, indicating it's locked in place. Refer to the setup instructions.

- **Issue: Harness straps are difficult to adjust or too tight/loose.**

**Solution:** Locate the harness adjusters on the straps. Loosen or tighten them as needed to achieve a snug fit without restricting your baby's movement. Ensure the shoulder straps are at the correct height for your baby's shoulders. Consult the operating instructions for proper harness usage.

- **Issue: Canopy does not stay in position or is difficult to adjust.**

**Solution:** Check that the canopy is correctly attached to its designated points on the frame. Ensure no fabric is caught in the folding mechanism. If the issue persists, inspect the canopy's internal frame for any bends or damage.

- **Issue: Fabric appears stained or dirty.**

**Solution:** Follow the cleaning instructions in the Maintenance section. Remember that the fabric is Hand Wash Only. Avoid harsh chemicals that could damage the material or color.

If you encounter an issue not listed here or if troubleshooting steps do not resolve the problem, please contact Babyzen customer support.

## 6. SPECIFICATIONS

Feature	Detail
Brand	Babyzen
Model Number	US10105-02
Color	Pink
Product Dimensions	38 x 48 x 11 inches
Item Weight	1.5 pounds (0.68 Kilograms)
Target Gender	Unisex
Batteries Required	No
Product Care Instructions	Hand Wash Only
Manufacturer	BABYZEN USA

## 7. WARRANTY AND SUPPORT
