nanoblock NAN20382

nanoblock Pokémon Venusaur Building Kit Instruction Manual

Brand: nanoblock

Introduction

Welcome to the world of nanoblock! This instruction manual will guide you through the assembly of your new nanoblock Pokémon Venusaur model. This kit allows you to create your own detailed Venusaur figure using miniature building blocks, with over 160 pieces included. Enjoy the challenge and the rewarding experience of building this iconic Pokémon.

Safety Information

Warning: Not suitable for children under 3 years due to small parts. Use under adult supervision.
This product contains small parts which may pose a choking hazard. Please ensure all pieces are kept out of reach of young children. Always follow the recommended age guidelines (8 years and up) for assembly.

What's in the Box

- Assorted nanoblock pieces (over 160 pieces)
- Detailed step-by-step assembly instructions

Assembly Instructions

Before You Begin

Before starting assembly, ensure you have a clean, well-lit workspace. Sort the nanoblock pieces by color and size to make the building process easier. Familiarize yourself with the instruction booklet provided in the kit.

Step-by-Step Assembly

1. **Unpack and Sort:** Carefully open the packaging and empty all nanoblock pieces onto your workspace. Sort the pieces by color and shape to easily locate them during assembly.
2. **Follow the Booklet:** Refer to the detailed step-by-step instruction booklet included in your kit. Each step will illustrate which blocks to use and where to place them.
3. **Build Layer by Layer:** Nanoblock models are typically built layer by layer from the base upwards. Pay close attention to the

orientation of each block as shown in the diagrams.

4. **Secure Connections:** Ensure each block is firmly pressed into place to create a stable and durable structure. The small size of the blocks requires precision.
5. **Complete the Model:** Continue following the instructions until all pieces are assembled and your nanoblock Pokémon Venusaur is complete.

Maintenance

- **Cleaning:** To clean your nanoblock model, gently wipe it with a dry, soft cloth. For stubborn dust, a slightly damp cloth can be used, but avoid excessive moisture. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store your assembled model in a cool, dry place away from direct sunlight to prevent discoloration or material degradation. If disassembling for storage, keep all pieces in a sealed container to prevent loss.
- **Handling:** While nanoblock models are sturdy once assembled, handle them with care, especially delicate parts like Venusaur's flower, to prevent accidental breakage.

Troubleshooting

Issue	Possible Cause / Solution
Missing Pieces	Carefully check the packaging and your workspace. Small nanoblock pieces can be easily overlooked. If pieces are genuinely missing, contact nanoblock customer support.
Difficulty Connecting Blocks	Ensure blocks are correctly aligned and apply firm, even pressure. Some connections may require a bit more force due to the precise fit of nanoblocks.
Model Appears Unstable	Double-check previous steps to ensure all blocks are securely connected and placed according to the instructions. A loose connection can affect overall stability.
Color Mismatch (e.g., dark green blocks)	Variations in manufacturing batches or screen display settings can sometimes lead to slight color differences. If the color difference is significant and impacts the aesthetic, contact customer support with photos.

Specifications

Brand	nanoblock
Model Number	NAN20382 (NBPM-018)
Product Dimensions	Approximately 6 x 5.6 x 3.6 cm (assembled)
Item Weight	31.1 g
Number of Pieces	Over 160
Material Type	Acrylonitrile Butadiene Styrene Plastic (ABS Plastic)
Recommended Age	8 years and up
Educational Objectives	Logical Thinking, Motor Skills, Problem Solving Skills
