Baby Trend TJ94312

Baby Trend Expedition® Jogger Travel System with EZ Flex-Loc® Infant Car Seat User Manual

Model: TJ94312

1. IMPORTANT SAFETY INFORMATION

Please read and understand all instructions and warnings before assembling and using the Baby Trend Expedition Jogger Travel System. Failure to follow these instructions could result in serious injury or death.

- **Infant Car Seat:** Suitable for infants weighing 4-30 pounds and up to 30 inches tall. A small infant insert is required for infants weighing 4 pounds.
- **Jogger Stroller:** Maximum weight capacity is 50 pounds.
- Always secure your child with the 5-point safety harness in both the car seat and stroller.
- The EZ Flex-Loc Infant Car Seat features EPS energy-absorbing foam for superior side impact head protection.
- Never leave your child unattended in the stroller or car seat.
- Ensure all locking mechanisms are engaged before use.

2. PRODUCT OVERVIEW

The Baby Trend Expedition Jogger Travel System combines a versatile 3-wheel jogger stroller with the EZ Flex-Loc Infant Car Seat and its corresponding base. This system is designed for ease of use and adaptability for various activities.

3. SETUP AND ASSEMBLY

Follow these steps to assemble your Baby Trend Expedition Jogger Travel System.

1. **Unfolding the Stroller:** Release any locking mechanisms and unfold the stroller frame until it clicks into place. Ensure all parts are securely locked.
2. **Attaching Wheels:** Insert the quick-release all-terrain bicycle tires into their respective slots until they lock. Verify they are firmly attached.
3. **Installing Parent Tray:** Snap the parent tray onto the stroller handle.
4. **Installing Child's Tray:** Attach the child's tray to the front of the stroller seat.
5. **Infant Car Seat Base Installation:** The car seat base is included. Refer to the separate car seat manual for detailed installation instructions using either the vehicle's LATCH system or seat belt. Ensure the 4-position push-button height-adjustable base is set to the correct level indicator for proper installation.

4. OPERATING INSTRUCTIONS

4.1 Using the Stroller

- **Lockable Front Swivel Wheel:** For jogging or navigating rough terrain, lock the front wheel for stability. For easy strolling and maneuverability, unlock the front wheel.
- **Reclining Seat:** Adjust the multi-position reclining seat to your child's comfort level.
- **Canopy Adjustment:** The adjustable canopy with a peek-a-boo window can be ratcheted to block sun and wind.
- **Storage:** Utilize the large storage basket beneath the seat and the covered storage on the parent tray for essentials.
- **Folding the Stroller:** The jogger travel system folds easily for compact storage. Locate the trigger fold mechanism and follow the instructions to reduce the stroller to a compact unit.

Image 4.2: The Expedition Jogger Stroller shown in its folded configuration for storage or transport.

4.2 Using the Infant Car Seat

- **Securing Your Child:** Place your infant in the car seat and secure them with the 5-point safety harness. Adjust the harness using the easy one-hand adjustment and push-button release to ensure a snug fit.
- **Attaching to Stroller:** The infant car seat can be securely placed onto the child's tray of the jogger stroller, allowing for easy transfer of a sleeping baby without disturbance.

Image 4.4: A baby properly secured in the EZ Flex-Loc Infant Car Seat, demonstrating the harness system.

5. MAINTENANCE

- **Cleaning:** The fabric components of both the stroller and car seat are 100% Polyester. Spot or wipe clean with a damp cloth and mild soap. Do not use harsh detergents or bleach.
- **Tire Care:** The all-terrain bicycle tires may require inflation. Use a standard bicycle pump for inflation. Do NOT use an air compressor, as this can over-inflate and damage the tires.
- **Regular Checks:** Periodically inspect all parts for wear, damage, or loose fasteners. Ensure all locking mechanisms function correctly.

6. TROUBLESHOOTING

- **Difficulty with Car Seat Buckle:** The car seat buckle is designed for security. If you find it challenging to clip, ensure all three buckle components are aligned correctly before inserting them into the central buckle housing. Practice without the child present to become familiar with the mechanism.

- **Stroller Not Folding Smoothly:** Ensure the stroller seat is in an upright position and the canopy is retracted before attempting to fold. Check for any obstructions in the folding mechanism.
- **Wobbly Front Wheel:** If the front wheel feels wobbly during strolling, ensure it is fully engaged and locked into place. If jogging, confirm the front wheel is in the locked position.

7. SPECIFICATIONS

Feature	Detail
Brand	Baby Trend
Model Number	TJ94312
UPC	090014019273
Materials	Metal, Plastic, 100% Polyester Fabric
