Baby Trend Expedition Jogger Travel System with EZ Flex-Loc Infant Car Seat User Manual

Model: TJ94522 | Brand: Baby Trend

INTRODUCTION

This manual provides essential instructions for the safe assembly, operation, and maintenance of your Baby Trend Expedition Jogger Travel System with EZ Flex-Loc Infant Car Seat. Please read all instructions carefully before use and keep this manual for future reference.

Figure 1: The Baby Trend Expedition Jogger Travel System, featuring the stroller and infant car seat in Millennium Blue.

SAFETY INFORMATION

Always prioritize safety when using the travel system. Failure to follow these warnings and instructions could result in serious injury or death.

- **Infant Car Seat:** Accommodates infants weighing 4-30 pounds and up to 30 inches tall. Always secure your child with the 5-point safety harness.
- **Stroller:** Maximum weight recommendation is 50 pounds. Always use the 5-point safety harness.
- **Brakes:** Always engage the stroller brakes when parking or when the stroller is stationary.
- **Canopy:** The adjustable canopy provides UPF 50+ sun protection. Ensure it is properly positioned to shield your child from direct sunlight.
- **Assembly:** Ensure all components are securely locked in place before each use.
- **Supervision:** Never leave your child unattended in the stroller or car seat.
- **Maintenance:** Regularly inspect the product for loose parts, damaged components, or worn fabric. Discontinue use if any damage is found.

Figure 2: Ensure your baby is properly secured in the EZ Flex-Loc Infant Car Seat with the 5-point harness.

ASSEMBLY INSTRUCTIONS

Follow these steps to assemble your Baby Trend Expedition Jogger Travel System.

1. **Unpack Components:** Remove all parts from the packaging. Verify all included components are present: Stroller, Car Seat, Car Seat Base.
2. **Stroller Frame Setup:** Unfold the stroller frame until it locks into the open position.
3. **Wheel Attachment:** Attach the all-terrain bicycle tires. Ensure they are securely fastened. The front wheel can swivel or be locked for jogging.
4. **Parent Tray Installation:** Secure the parent tray to the stroller handle.
5. **Child's Tray Installation:** Attach the child's tray to the front of the stroller seat.
6. **Car Seat Base Installation:** Refer to the separate EZ Flex-Loc Infant Car Seat manual for detailed car seat base installation instructions, including proper use of the LATCH system and level indicator.
7. **Car Seat Attachment:** The EZ Flex-Loc Infant Car Seat can be securely attached to the stroller's child tray.

Innovation
that
matters.

OPERATING INSTRUCTIONS

Stroller Operation

- **Folding:** The stroller features an effortless trigger fold mechanism for compact storage.
- **Canopy Adjustment:** The adjustable canopy with a peek-a-boo window can be ratcheted to block sun and wind.
- **Seat Recline:** The multi-position padded seat can be reclined for your child's comfort.
- **Front Wheel Lock:** Lock the front swivel wheel for jogging stability or unlock it for easy strolling maneuverability.
- **Brakes:** Engage the rear wheel brakes by pressing down on the brake levers located near the wheels.

- **Car Seat Compatibility:** Yes, with EZ Flex-Loc Infant Car Seat.
- **LATCH Compatible:** Yes, for car seat base installation.

Figure 6: The stroller's design includes convenient features for both parent and child.

MAINTENANCE AND CARE

- **Cleaning:** Spot or wipe clean fabric components. Use mild soap and water for plastic and metal parts.
- **Tires:** Regularly check tire pressure and inflate as needed. Ensure quick-release mechanisms are clean and functional.
- **Storage:** Fold the stroller for compact storage when not in use. Store in a dry place to prevent rust or mildew.
- **Harness:** Keep the 5-point harness clean and free of debris to ensure proper function.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Stroller difficult to steer	Front wheel locked; low tire pressure.	Unlock the front swivel wheel. Inflate tires to recommended pressure.

Problem	Possible Cause	Solution
Car seat not securing properly	Incorrect base installation; harness not tightened.	Re-install car seat base using LATCH system and level indicator. Adjust and tighten 5-point harness.
Stroller not folding	Safety latches engaged; obstruction.	Ensure all safety latches are disengaged. Clear any obstructions from the folding mechanism.
