6. Maintenance

- Cleaning:** Use a soft, dry cloth to clean the speaker's exterior. Avoid abrasive cleaners or solvents.
- Storage:** Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures when not in use.
- Battery Care:** Fully charge the battery before long-term storage and recharge every 3-6 months to maintain battery health.

7. Troubleshooting

- **No Power:** Ensure the speaker is charged or connected to a power outlet. Check the power switch is in the 'ON' position.
- **No Sound:** Verify the volume is turned up on both the speaker and the connected audio device. Check that the correct input mode (Bluetooth, AUX, USB/SD) is selected.
- **Bluetooth Pairing Issues:** Ensure the speaker is in Bluetooth mode and within range of your device. Disconnect and re-pair if necessary. Try restarting both devices.
- **Static Noise:** If static noise occurs, especially with AUX/RCA connections, ensure all cables are firmly connected. Disconnect unused cables, particularly when using Bluetooth, to prevent interference.
- **Microphone Not Working:** Check microphone volume and ensure it is properly plugged into the MIC IN port.
