# Under Armour ColdGear Infrared Balaclava Instruction Manual

Model: 1283116

## INTRODUCTION

Thank you for choosing the Under Armour ColdGear Infrared Balaclava. This product is designed to provide superior warmth and protection in cold weather conditions. Featuring ColdGear Infrared lining and a form-fitting design, it helps absorb and retain your body heat while offering breathability. This manual provides essential information for proper use, care, and maintenance to ensure the longevity and performance of your balaclava.

## KEY FEATURES

- **ColdGear Infrared Lining:** Uses a soft, thermo-conductive inner coating to absorb and retain your own body heat.
- **Form-fitting Design:** Light, thin, and breathable construction for comfortable wear.
- **Full Facial Protection:** Extends below the neck and can convert to a neck gaiter for versatile coverage.
- **Enhanced Breathability:** Perforations on fabric in front of the mouth for improved airflow.
- **Chafe-Free Comfort:** Smooth, flatlock seam construction minimizes irritation.

## SETUP AND WEARING INSTRUCTIONS

The Under Armour ColdGear Infrared Balaclava is designed for versatile wear to adapt to various cold weather needs.

### Standard Balaclava Fit

To wear as a full balaclava, pull the garment over your head, ensuring the eye opening aligns comfortably with your eyes. The mouth area features perforations for breathability. The lower section should extend down to cover your neck and upper chest for maximum warmth.

## Converting to a Neck Gaiter

For situations requiring less facial coverage, the balaclava can be pulled down to function as a neck gaiter. Simply slide the upper portion off your head and down around your neck. This allows for quick adjustment based on changing weather conditions or activity levels.

## CARE AND MAINTENANCE

---

To maintain the performance and longevity of your Under Armour ColdGear Infrared Balaclava, follow these care instructions:

- **Washing:** Machine wash cold with like colors.
- **Drying:** Tumble dry low or hang dry. Do not use bleach, fabric softeners, or dryer sheets as these can degrade the fabric's performance.
- **Ironing:** Do not iron.
- **Dry Cleaning:** Do not dry clean.

Proper care ensures the ColdGear Infrared technology continues to effectively absorb and retain body heat.

## SPECIFICATIONS

Attribute	Detail
Brand	Under Armour
Model Number	1283116
Department	Men's
Fabric Type	87% Polyester, 13% Elastane
Care Instructions	Machine Wash
Origin	Imported
Closure Type	Toggle

## TROUBLESHOOTING

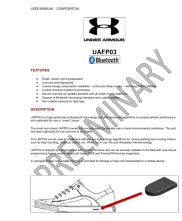

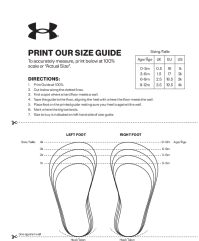

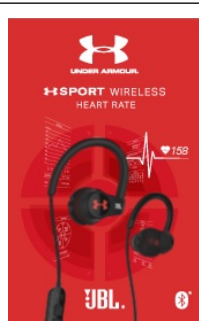

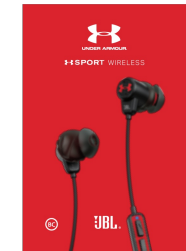

If you encounter any issues with your balaclava, consider the following:

- **Insufficient Warmth:** Ensure the balaclava is worn correctly, covering all intended areas. Layering with other cold-weather gear can enhance warmth. Verify care instructions have been followed to prevent material degradation.
- **Discomfort/Poor Fit:** The balaclava is designed to be form-fitting. If it feels too tight or loose, ensure you have the correct size. Adjust the positioning around the face and neck for optimal comfort.
- **Breathability Concerns:** The mouth area is perforated for breathability. If condensation builds up, briefly adjust the balaclava to allow air circulation.

## WARRANTY AND SUPPORT

Under Armour products are manufactured to high-quality standards. For specific warranty information or support inquiries, please refer to the official Under Armour website or contact their customer service directly. Keep your purchase receipt as proof of purchase.
