Delta Children 320180-026

Delta Children Simmons Kids SlumberTime Rowen 4-in-1 Convertible Baby Crib Instruction Manual

Model: 320180-026

1. INTRODUCTION

Thank you for choosing the Delta Children Simmons Kids SlumberTime Rowen 4-in-1 Convertible Baby Crib. This manual provides essential information for the safe assembly, use, conversion, and maintenance of your crib. Please read all instructions carefully before assembly and keep this manual for future reference.

This crib is designed to convert from a crib to a toddler bed, a daybed, and a full-size bed with headboard and footboard, adapting to your child's growth.

2. SAFETY INFORMATION

WARNING: Failure to follow these warnings and the assembly instructions could result in serious injury or death.

- Read all instructions before using the crib.
- Keep this manual in a safe place for future reference.
- Do not use this crib if any parts are missing, damaged, or broken. Contact Delta Children for replacement parts and instructional literature if needed. Do not substitute parts.
- Ensure all assembly fasteners are tightened securely. Periodically check fasteners for tightness.
- Do not place the crib near windows where cords from blinds or drapes could strangle a child.
- Do not suspend strings or toys over the crib.
- The mattress used with this crib must be at least 51 5/8 inches (131 cm) long and 27 1/4 inches (69 cm) wide, with a thickness not exceeding 6 inches (15 cm).
- This crib is JPMA certified to meet or exceed all safety standards set by the CPSC & ASTM. It is tested for lead and other toxic elements.

Tested Above and Beyond Safety Standards

So Your Baby Sleeps Safe!

3. INCLUDED COMPONENTS

Please verify that all components listed below are present before beginning assembly. If any parts are missing or damaged, do not proceed with assembly. Contact customer support for assistance.

- Crib Headboard
- Crib Footboard
- Crib Side Rails (2)
- Mattress Support Spring
- Daybed Rail
- Hardware Pack (screws, bolts, barrel nuts, Allen wrench)

Note: Toddler Guardrail (#180125) and Full Size Bed Rails (#700850) are sold separately and are required for converting the crib into a toddler bed and full-size bed, respectively.

4. SETUP AND ASSEMBLY

Assembly requires two adults. Clear a spacious area for assembly. Do not use power tools for assembly as they may overtighten fasteners and damage the wood.

1. Unpack all components and hardware. Place them on a soft, clean surface to prevent scratches.
2. Attach the crib side rails to the headboard and footboard using the provided hardware. Ensure all bolts are securely tightened.
3. Install the mattress support spring. The mattress support has three adjustable height positions. For newborns, the highest position is recommended. Lower the mattress support as your child grows and becomes more active.
4. Ensure all connections are firm and stable before placing a mattress in the crib.

Refer to the detailed assembly diagrams included with your hardware pack for specific step-by-step instructions.

5. CONVERSION INSTRUCTIONS

The Simmons Kids SlumberTime Rowen crib converts into a toddler bed, daybed, and full-size bed. Follow the instructions below for each conversion.

5.1. Crib to Toddler Bed Conversion

- Remove one of the crib side rails.
- Attach the Toddler Guardrail (#180125, sold separately) to the headboard and footboard in place of the removed side rail.
- Ensure all connections are secure.

5.2. Crib to Daybed Conversion

- Remove one of the crib side rails.
- Attach the included Daybed Rail to the headboard and footboard in place of the removed side rail.
- Ensure all connections are secure.

5.3. Crib to Full-Size Bed Conversion

- Remove both crib side rails and the mattress support spring.
- Attach the Full Size Bed Rails (#700850, sold separately) to the headboard and footboard.
- Place a full-size mattress and box spring (not included) onto the bed rails.
- Ensure all connections are secure.

6. OPERATING INSTRUCTIONS

6.1. Mattress Height Adjustment

The crib features a 3-position mattress height adjustment. This allows you to lower the mattress as your baby grows and becomes more mobile, ensuring their safety.

- 1. Highest Position:** For newborns and infants who cannot push up on their hands and knees.
- 2. Middle Position:** For babies who can push up on their hands and knees.
- 3. Lowest Position:** For babies who can sit up or stand.

To adjust the mattress height, carefully remove the mattress and mattress support. Reattach the mattress support to the desired height using the appropriate hardware and attachment points on the crib end panels. Ensure all fasteners are securely tightened before placing the mattress back into the crib.

7. MAINTENANCE AND CARE

- **Cleaning:** Clean the crib with a soft, damp cloth and mild soap. Avoid abrasive cleaners or strong chemicals that could damage the finish.
- **Inspections:** Periodically check all screws, bolts, and fasteners to ensure they are tight. Tighten any loose hardware immediately.
- **Storage:** If storing the crib, do so in a cool, dry place. Avoid extreme temperatures or humidity.
- **Finish:** The crib is made from durable wood. Minor scratches can often be touched up with a non-toxic furniture repair pen matching the grey finish.

8. TROUBLESHOOTING

- **Crib feels wobbly:** Ensure all bolts and screws are fully tightened. Re-check assembly steps to confirm all parts are correctly aligned.
- **Parts missing or damaged:** Do not attempt to use the crib. Contact Delta Children customer support for replacement parts.
- **Difficulty with conversion:** Review the conversion instructions carefully. Ensure you have the correct additional rails (toddler guardrail or full-size bed rails) for the desired configuration.

If you encounter issues not listed here, please contact Delta Children customer support for further assistance.

9. SPECIFICATIONS

Model Number:	320180-026
Brand:	Delta Children
Color:	Grey
Material:	Wood (Sustainable New Zealand Pine Wood)
Product Dimensions (Assembled):	56"W x 30"D x 46"H (149.86 cm x 14.61 cm x 116.84 cm)
