BEARDO Beard and Hair Growth Oil 50ml Instruction Manual

Model: BER0090320

INTRODUCTION

The BEARDO Beard & Hair Growth Oil is a specialized formulation designed to stimulate new hair growth and improve the overall health and appearance of facial hair. This oil is crafted with natural ingredients to nourish hair follicles and promote a thicker, fuller beard.

Key benefits include:

- Promotes Hair & Beard Growth, Makes beard smooth and Frizz free.
- Condition, smooth, moisturize, make those beautiful beards and moustache soft, manageable and frizz free, while also conditioning the skin underneath and getting rid of itchiness.
- This blend hydrates skin, makes your beard manageable, improves growth, while providing subtle scents perfect for both days in the office and on the weekends.
- Natural powerhouses like sesame oil, rose, hibiscus, vitamin b6 and others form a potent combination to renew and re energise hair production.

SETUP AND PREPARATION

Before applying the oil, ensure your beard and skin are clean and dry. It is recommended to wash your beard with a mild cleanser and pat it dry.

PROFESSIONAL BEARD CARE

STEP 1

Removes
dirt

STEP 2

Stimulates
inactive
hair follicles

STEP 3

Boosts growth
and reduces
beard patchiness

Nourishes the
mustache
and promotes
growth

Image: A visual guide showing a three-step professional beard care routine, starting with beard wash, followed by a beard activator, and then the BEARDO Growth Oil, concluding with mustache growth oil.

OPERATING INSTRUCTIONS

To achieve the best results, follow these application steps:

1. **Dispense Oil:** Splash a few drops of BEARDO Beard & Hair Growth Oil into your palm. The amount may vary based on beard length and thickness.
2. **Apply Liberally:** Apply the oil liberally into your beard and the skin underneath. Ensure even distribution.
3. **Massage Deeply:** Gently massage the oil deep into the facial region and scalp. This helps in absorption and stimulates blood circulation to the hair follicles.
4. **Frequency:** For optimal results, apply the oil twice daily.
5. **Sensitivity Check:** Initially, observe for any signs of skin sensitivity such as redness, dryness, or scaly skin. If no sensitivity occurs, continue using the oil concentrated. If sensitivity is observed, mix the oil with room temperature water before application and continue use.

MAINTENANCE AND STORAGE

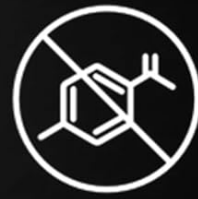

To maintain the quality and effectiveness of your BEARDO Beard & Hair Growth Oil:

- Store the bottle in a cool, dry place, away from direct sunlight and extreme temperatures.
- Ensure the cap is tightly closed after each use to prevent contamination and evaporation.
- Avoid contact with eyes. In case of contact, rinse thoroughly with water.

QUALITY MATTERS

Sulphate Free

Paraben Free

Phalate Free

Alcohol Free

Silicon Free

SLS Free

Image: An infographic highlighting the quality aspects of the oil, indicating it is Sulphate Free, Paraben Free, Phalate Free, Alcohol Free, Silicon Free, and SLS Free.

TROUBLESHOOTING

If you encounter any issues while using the BEARDO Beard & Hair Growth Oil, consider the following:

- **Limited Growth Results:** Ensure consistent application twice daily as recommended. Hair growth can take time, and results may vary. Verify that the oil is massaged deeply into the skin to reach follicles.
- **Skin Irritation/Dryness:** If you experience redness, dryness, or scaly skin, dilute the oil with room temperature water before application. Discontinue use if irritation persists.
- **Overly Fragrant:** The oil has a natural scent. If you find it too strong, ensure you are using the recommended amount and not over-applying.
- **Oily Residue:** If your beard feels overly oily, you might be using too much product. Adjust the quantity to just a few drops, enough to cover the beard and skin without excess.

SPECIFICATIONS
