Ravensburger 24042

Ravensburger ABC Educational Game: Discovering Letters - User Manual

Model: 24042

1. Introduction

The Ravensburger ABC Educational Game is designed to introduce young children to the alphabet and foundational reading skills. This engaging puzzle set helps children aged 3 and above identify letters, associate them with corresponding images, and recognize both uppercase and lowercase forms. The self-correcting puzzle pieces ensure that children can learn and verify their answers independently, fostering concentration, listening, and reasoning abilities.

2. Safety Information

WARNING! Not suitable for children under 36 months (3 years). Choking hazard due to small parts. Please ensure adult supervision during play, especially with younger children.

3. Package Contents

Carefully unpack the box and ensure all components are present:

- 26 x Pairs of letter-puzzle cards (one piece with an image, one piece with a letter)
- 2 x Pairs of alphabet-puzzle cards (for matching uppercase and lowercase letters)
- 1 x Instruction manual

4. Setup

1. Open the game box and remove all puzzle pieces.
2. Separate all the puzzle pieces. You will have pieces with images and pieces with letters.
3. Ensure a clean, flat surface for playing.

5. Operating Instructions (Game Modes)

The Ravensburger ABC Educational Game offers several progressive ways to play, adapting to your child's learning pace:

5.1. Initial Letter Identification

- Spread out all the image pieces and letter pieces.
- Ask your child to pick an image piece (e.g., an apple).
- Help them identify the initial sound of the word (e.g., 'A' for Apple).
- Then, have them find the corresponding letter piece ('A') and connect the two puzzle pieces.

Image 2: Example Puzzle Pieces. An example of the puzzle pieces included in the game. Each piece features an image of an object or animal, and its corresponding initial letter, designed to help children associate sounds and images with letters.

5.2. Letter-to-Image Association

- Lay out all the letter pieces.
- Present an image piece to your child.
- Ask them to find the letter that matches the beginning sound of the image's name.
- Connect the pieces.

5.3. Recognizing Different Letter Forms (Uppercase and Lowercase)

- Use the dedicated alphabet-puzzle cards.
- These cards help children match uppercase letters to their corresponding lowercase forms.
- Encourage your child to identify both forms of each letter.

Image 3: Self-Correction System. The reverse side of the game box highlights key educational aspects: recognizing different letter forms (uppercase and lowercase), associating letters with images, and the unique self-correction system where only the correct pieces fit together, allowing children to learn independently.

5.4. Forming the Alphabet

- Once your child is familiar with individual letters, encourage them to arrange the letter pieces in alphabetical order.
- This helps reinforce the sequence of the alphabet.

Image 4: Hands-on Learning. A child's hands actively engaging with the self-correcting puzzle pieces, demonstrating how the game encourages hands-on learning and fine motor skill development as children match letters to complete pairs.

Self-Correcting Feature: *All puzzle pieces are designed to fit together only when the correct match is made. This allows children to independently verify their answers and learn from their mistakes without adult intervention.*

6. Maintenance

- **Cleaning:** Wipe puzzle pieces with a dry or slightly damp cloth. Do not immerse in water.
- **Storage:** Store all puzzle pieces back in the original box when not in use to prevent loss and damage. Keep in a dry place at room temperature.
- **Handling:** Encourage gentle handling of the cardboard pieces to ensure longevity.

7. Troubleshooting

- **Pieces don't fit:** Ensure the child is trying to connect the correct matching pieces. The self-correcting design means

only the right pair will fit.

- **Missing pieces:** Carefully check the play area and inside the box. If pieces are genuinely missing upon initial unboxing, please contact Ravensburger customer support.

8. Specifications

Feature	Detail
Brand	Ravensburger
Model Number	24042
Material	Cardboard
Recommended Age	36 months - 4 years
Number of Pieces	28 (26 letter pairs + 2 alphabet pairs)
Educational Objective	Cognitive Skill, Linguistic Skill
Theme	Alphabet
Product Dimensions (L x W)	27.5 cm x 19.2 cm
Country of Origin	Czech Republic
