Simplicity Mens Sewing Pattern 1039 Instruction Manual

Fancy Dress Costumes: Jackets, Trousers, Ties

INTRODUCTION

This instruction manual provides guidance for using Simplicity Men's Sewing Pattern 1039. This pattern is designed for creating various fancy dress costumes, including jackets, trousers, and ties, suitable for men's sizes 38-44. The designs are by Arkivestry, offering a range of creative options for your sewing projects.

This image displays the front of the Simplicity Mens Sewing Pattern 1039 package, illustrating different fancy dress costume options including jackets, trousers, and ties, designed for men's sizes 38-44.

SETUP AND PREPARATION

Before beginning your sewing project, careful preparation is essential for successful results. Follow these steps to ensure your materials and pattern pieces are ready:

- Fabric Selection and Preparation:** Choose a fabric appropriate for your desired costume style and the pattern's recommendations. Pre-wash and dry your fabric according to its care instructions to prevent shrinkage after the garment is made. Press the fabric thoroughly to remove wrinkles and ensure accurate cutting.
- Pattern Piece Identification:** Carefully unfold the pattern sheets. Identify all necessary pattern pieces for your chosen view (jacket, trousers, or tie) and size. Cut out the pattern pieces precisely along the indicated lines for your size.
- Layout and Pinning:** Refer to the pattern's layout diagrams for your fabric width and chosen view. Pin the pattern pieces to your fabric, ensuring the grainlines are correctly aligned.
- Cutting Fabric:** Using sharp fabric shears, carefully cut around each pinned pattern piece. Transfer all pattern markings (notches, darts, buttonholes, etc.) to your fabric using tailor's chalk, tracing wheel, or pins.

OPERATING (SEWING INSTRUCTIONS)

Follow the step-by-step instructions provided on the pattern sheets for assembling your garment. General sewing practices include:

- **Seam Construction:** Stitch seams with the recommended seam allowance, typically 5/8 inch (1.5 cm), unless otherwise specified. Press seams open or to one side as instructed to create a flat, professional finish.
- **Darts and Pleats:** Accurately sew darts and pleats as marked on the pattern pieces to give shape to the garment.
- **Interfacing:** Apply interfacing to areas requiring additional structure, such as collars, cuffs, and facings, following the pattern's guidelines.
- **Zippers and Closures:** Install zippers, buttons, or other closures according to the pattern instructions, ensuring they are functional and neatly finished.
- **Hemming:** Finish raw edges and hem the garment to the desired length, using an appropriate hemming technique.
- **Fitting:** Periodically try on the garment during construction to check the fit and make any necessary adjustments before final seams are sewn.

MAINTENANCE AND CARE OF FINISHED GARMENTS

To ensure the longevity and appearance of your handmade costume, follow these general care guidelines. Always refer to the specific care instructions of the fabric you used for best results.

- **Washing:** Hand wash or machine wash on a gentle cycle with cold water, especially for delicate fabrics or embellishments. Use a mild detergent.
- **Drying:** Air dry flat or hang to dry to prevent stretching or damage. Avoid high heat in a dryer unless

the fabric care instructions explicitly allow it.

- **Ironing:** Iron on a low to medium heat setting, using a pressing cloth if necessary, to protect the fabric. Avoid direct heat on embellishments or synthetic fibers that may melt.
- **Storage:** Store garments on appropriate hangers or folded neatly to maintain their shape and prevent wrinkles.

TROUBLESHOOTING COMMON SEWING ISSUES

Encountering challenges during sewing is common. Here are solutions to some frequent problems:

- **Poor Stitch Quality:** Check your sewing machine's tension settings, ensure the needle is new and appropriate for your fabric, and re-thread both the top thread and bobbin.
- **Fabric Puckering:** This can be caused by incorrect tension, using the wrong needle, or pulling the fabric while sewing. Adjust tension, use a walking foot, or try a different needle.
- **Garment Doesn't Fit:** Always make a muslin (test garment) from inexpensive fabric before cutting into your final fabric. This allows you to make fit adjustments to the pattern pieces. If already sewn, minor adjustments can sometimes be made at side seams or darts.
- **Pattern Pieces Don't Match:** Ensure you have cut accurately and transferred all markings. Sometimes, slight stretching of fabric can occur; gently ease pieces together or use pins liberally.

SPECIFICATIONS

Brand	Simplicity
Model Number	1039
Pattern Type	Men's Fancy Dress Costumes
Sizes Included	38 - 44
Garments Included	Jackets, Trousers, Ties, Costumes
Designer	Arkivestry
ASIN	B01CI5AH98
