# HABA 301886 Logic Labyrinth Board Game Instruction Manual

## 1. OVERVIEW

The HABA 301886 Logic Labyrinth is an engaging children's logic board game designed for 2 to 4 players, aged 6 years and older. In this adventurous game, players embark on a quest to find treasures hidden in a genie's cave. The main objective is to correctly assemble map pieces to navigate the labyrinth and claim the treasures.

This game promotes logical thinking and spatial orientation through simple rules, making it an enjoyable experience for the whole family. Its compact size also makes it ideal for travel.

## 2. COMPONENTS

The HABA 301886 Logic Labyrinth game includes the following components:

- 30 Path Cards
- 12 Mission Cards
- 12 Treasure Cards
- 1 Wooden Die (made from sustainable beech wood with non-toxic water-based paint)
- 1 Set of Game Instructions

### 3. SETUP

Follow these steps to set up the game:

1. Shuffle the 30 Path Cards and place them face down in a draw pile within easy reach of all players.
2. Shuffle the 12 Mission Cards and place them face down in a separate draw pile.
3. Shuffle the 12 Treasure Cards and place them face down in a third draw pile.
4. Each player takes a starting number of Path Cards (refer to the specific game rules for exact numbers based on player count).
5. Place the wooden die near the playing area.

## 4. HOW TO PLAY (OPERATING)

The game revolves around strategically placing path cards to connect routes and collect treasures. Players take turns in a clockwise direction.

### Player's Turn:

1. **Roll the Die:** At the beginning of your turn, roll the wooden die.
2. **Draw Path Cards:** If the die shows a number, draw that many Path Cards from the draw pile.
3. **Encounter the Genie:** If the die shows the 'Genie' symbol, draw a special Mission Card. This card will instruct you on how many Path Cards you must use and in what specific positions to form a section of the map.
4. **Form the Map:** The core challenge is to connect the paths on your cards to create a continuous route. Paths must align correctly. This often requires careful planning and logical reasoning.
5. **Collect Treasures:** As you successfully connect paths and complete sections of the labyrinth, you may be able to collect Treasure Cards.

The game's complexity lies in ensuring that the paths on the cards match up, which is not always straightforward. Players must use their spatial reasoning to make the correct connections.

## 5. GAME END

---

The game concludes when a player successfully completes a specific objective, such as being the first to connect a certain number of treasures or reach a designated end point on the map. The player who achieves this objective first is declared the winner.

## 9. MAINTENANCE

---

To ensure the longevity of your HABA Logic Labyrinth game, follow these maintenance guidelines:

- **Storage:** Always store the game components in their original box in a cool, dry place away from direct sunlight and extreme temperatures.
- **Cleaning:** Wipe game pieces and cards with a dry, soft cloth. Avoid using abrasive cleaners or solvents, as these may damage the materials or printed surfaces.
- **Handling:** Handle cards and wooden pieces with care to prevent bending, tearing, or chipping.

## 10. TROUBLESHOOTING

---

If you encounter any issues while playing the HABA Logic Labyrinth, consider the following:

- **Missing Pieces:** Carefully check the game box and packaging. If a piece is genuinely missing, contact HABA customer support.
- **Unclear Rules:** Re-read the instruction manual, paying close attention to specific sections. Online resources or community forums for HABA games may also offer clarification.
- **Difficulty:** If players find the game too challenging, ensure all rules are understood. For younger players, consider simplifying certain aspects or playing cooperatively.
