Evergreen Classics 7.5 ft Pre-Lit Vermont Spruce Artificial Christmas Tree Instruction Manual

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Evergreen Classics 7.5 ft Pre-Lit Vermont Spruce Artificial Christmas Tree. Designed for ease of use, this tree features Quick Set technology and remote-controlled color-changing LED lights to enhance your holiday decor.

Figure 1: Evergreen Classics 7.5 ft Vermont Spruce Artificial Christmas Tree with multi-color LED lights.

WHAT'S INCLUDED

Your Evergreen Classics Christmas tree package includes the following components:

- Three (3) pre-lit tree sections (bottom, middle, top)
- One (1) folding metal tree stand
- One (1) remote control with extension cord
- One (1) On/Off foot pedal switch

SETUP INSTRUCTIONS

Follow these steps to assemble your artificial Christmas tree:

1. **Unpack Components:** Carefully remove all tree sections, the metal stand, remote control, and foot pedal from the packaging.
2. **Assemble the Tree Stand:** Unfold the metal tree stand and place it on a flat, stable surface. Ensure the legs are fully extended and locked into position. Tighten the screw on the stand to secure the tree

base.

Figure 2: The sturdy folding metal stand provides a stable base for the tree.

- 3. Insert Bottom Tree Section:** Insert the bottom section of the tree into the assembled stand. Ensure it is firmly seated and straight.
- 4. Connect Middle and Top Sections (Quick Set Technology):** The tree features Quick Set technology. Simply slide the middle tree section into the bottom section, and then the top section into the middle section. The pre-wired pole-to-pole connection will automatically light the tree sections as they are connected, eliminating the need for manual light string connections between sections.

Figure 3: Quick Set pole connection for automatic lighting.

5. **Shape the Branches:** Once all sections are connected, gently spread out the branches, starting from the bottom section and working your way up. Bend individual branch tips to fill any gaps and achieve a full, natural appearance.

OPERATING INSTRUCTIONS

Your tree is equipped with color-changing LED lights and convenient control options.

1. **Power Connection:** Connect the tree's power cord to the included On/Off foot pedal switch, then plug the foot pedal into a standard electrical outlet.

Figure 4: The convenient On/Off foot pedal switch.

2. **Using the Foot Pedal:** Press the foot pedal to turn the tree lights On or Off.
3. **Using the Remote Control:** Use the remote control to select from 8 different lighting effects, including clear white lights, multi-color lights, or a combination of both. The remote allows for easy switching between modes without needing to reach the tree.

MAINTENANCE

Proper care and storage will ensure the longevity of your Christmas tree.

- **Cleaning:** Dust the tree periodically with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** When the holiday season is over, carefully disassemble the tree sections in reverse order of assembly. Gently compress the branches. Store the tree and all components in its original box or a suitable storage container in a cool, dry place away from direct sunlight.

TROUBLESHOOTING

If you encounter any issues with your tree, please refer to the following common solutions:

- **Lights Not Working:**
 - Ensure all tree sections are properly connected and seated.

- Verify the foot pedal and power cord are securely plugged into a working electrical outlet.
- Check for any loose or broken bulbs. While LED lights are durable, individual bulbs can sometimes fail.

- **Tree Instability:**

- Ensure the metal stand is fully unfolded and the screw is tightened securely.
- Verify the bottom tree section is fully inserted into the stand.

SPECIFICATIONS

Feature	Detail
Brand	Evergreen classics
Model Number	TG76P4525D02
Product Dimensions	46"D x 46"W x 90"H (7.5 ft tall)
Material	Metal, Polyethylene, Polyvinyl Chloride
Item Weight	39.9 Pounds
Tree Type	Spruce
Tip Count	1776
Built-in Light	Yes (600 color-changing LED lights)
Light Color	Multi-Color (with clear white option)
Included Components	Remote, Stand, Tree
