# LEGO City Airport 60100 Airport Starter Set Building Kit Instruction Manual

Model: 60100 | Brand: LEGO

## 1. PRODUCT OVERVIEW

---

The LEGO City Airport 60100 Airport Starter Set is an 81-piece building kit designed to introduce young builders to the exciting world of LEGO City Airport operations. This set allows you to construct a postal helicopter and includes four minifigures: a female postal worker, a male postal worker, a pilot, and an airport service worker. The set also features essential airport accessories like a gasoline barrel, two hand trucks, a mailbox, a wrench, three pieces of mail, and two guide lights, enabling a complete play experience centered around mail delivery.

## 4. ASSEMBLY INSTRUCTIONS

---

Follow the step-by-step visual instructions provided in the physical instruction booklet included with your LEGO set. The assembly process typically involves:

1. **Building the Helicopter:** Construct the main body of the helicopter, ensuring the cockpit is correctly placed for the pilot minifigure. Attach the spinning rotors securely to the top and the tail rotor to the rear. Integrate the opening storage boxes on the sides.
2. **Assembling Accessories:** Put together the mailbox, hand trucks, and other small accessory elements.
3. **Minifigure Assembly:** Assemble the four minifigures and equip them with their respective tools and mail pieces.

Ensure all pieces are firmly connected to prevent parts from detaching during play. Refer to the numbered steps in your instruction manual for detailed guidance.

**Image 4.2:** A postal worker minifigure pushing a hand truck with mail, and an airport service worker minifigure holding guide lights.

## 5. OPERATING INSTRUCTIONS

Once assembled, the LEGO City Airport Starter Set offers various interactive play features:

- **Helicopter Operation:** Place the pilot minifigure into the cockpit. Manually spin the helicopter's main rotors and tail rotor to simulate flight.
- **Mail Loading:** Open the storage boxes on the side of the helicopter to load the mail pieces for transport.

- **Fueling:** Use the gasoline barrel and hand truck accessory to simulate fueling the helicopter before takeoff.
- **Ground Operations:** Utilize the airport service worker minifigure with the guide lights to direct the helicopter to the runway. The postal workers can empty the mailbox and prepare mail for delivery.

## 6. MAINTENANCE

---

To ensure the longevity and cleanliness of your LEGO set:

- **Cleaning:** Clean LEGO bricks with mild soap and lukewarm water (not exceeding 104°F or 40°C). Rinse thoroughly and air dry. Do not use hot water, harsh chemicals, or abrasive materials.
- **Storage:** Store your LEGO set in a cool, dry place away from direct sunlight to prevent discoloration and warping of plastic elements.
- **Handling:** Handle pieces carefully to avoid breakage. Avoid stepping on or applying excessive force to assembled models.

## 7. TROUBLESHOOTING

---

If you encounter any issues with your LEGO City Airport Starter Set:

- **Missing Pieces:** If you find a piece missing during assembly, please refer to the LEGO Customer Service website for assistance in ordering replacement parts.
- **Loose Connections:** Ensure all bricks are pressed firmly together. Sometimes, a slight adjustment can secure a loose connection.
- **Difficulty Following Instructions:** Double-check the instruction booklet. Each step is designed to be clear. If you are still having trouble, consider disassembling the last few steps and re-attempting them.
