## Maintenance

---

To ensure the longevity of your LEGO set, follow these maintenance guidelines:

- **Cleaning:** Clean LEGO bricks with a mild soap solution and lukewarm water. Rinse thoroughly and air dry. Avoid hot water or harsh chemicals, as these can damage the plastic.
- **Storage:** Store the assembled model or individual bricks in a cool, dry place away from direct sunlight to prevent discoloration and warping.
- **Handling:** Handle the model with care to prevent pieces from detaching or breaking.

## Troubleshooting

---

If you encounter any issues during assembly or play, consider the following:

- **Missing Pieces:** Double-check all packaging and sorting trays. If a piece is genuinely missing, contact LEGO Customer Service for assistance.
- **Assembly Difficulty:** Review the building instructions carefully. Ensure all pieces are oriented correctly and firmly pressed together. Sometimes, a small error in an earlier step can affect later assembly.
- **Loose Connections:** If parts feel loose, ensure they are fully connected to the studs. LEGO connections should be snug.
