GLOBE 78087

Globe Electric 78087 Power Strip User Manual

Model: 78087

PRODUCT OVERVIEW

The Globe Electric Model 78087 is a 4-outlet, 2-USB port surge protected power strip designed to provide reliable power distribution and protection for your electronic devices. It features a 3-foot cord, a circuit breaker switch, and 450 Joules of surge protection. This power strip is suitable for small home appliances, general household electronics, entry-level computers, printers, and ADSL modems.

KEY FEATURES

- **4 Grounded Outlets:** Provides power for multiple devices.
- **2 USB Ports (2.1A):** Conveniently charge mobile devices.
- **Surge Protection (450 Joules):** Safeguards connected electronics from power surges and spikes.
- **3-Foot Power Cord:** Offers flexibility in placement.
- **Lighted On/Off Switch with Circuit Breaker:** Allows for easy power control and overload protection.
- **Compact Design:** Ideal for home and office use.
- **Cruise Ship Approved:** Suitable for use in environments with specific electrical requirements.

SETUP INSTRUCTIONS

1. **Unpack the Power Strip:** Carefully remove the power strip from its packaging. Inspect for any visible damage.
2. **Choose a Location:** Select a dry indoor location away from water sources and direct sunlight. Ensure the 3-foot cord can reach a grounded wall outlet without being stretched or kinked.
3. **Plug into Wall Outlet:** Insert the power strip's plug firmly into a standard 240V grounded wall outlet.
4. **Connect Devices:** Plug your electronic devices into the 4 grounded outlets and/or the 2 USB ports. Ensure all device plugs are fully inserted.
5. **Activate Power:** Press the lighted on/off switch to the "ON" position. The switch will illuminate, indicating power is supplied to the outlets and USB ports.

OPERATING INSTRUCTIONS

- **Powering On/Off:** Use the red lighted switch to turn the power strip on or off. When the switch is illuminated, power is active.

- **Surge Protection:** The power strip provides 450 Joules of surge protection. In the event of a power surge or spike, the surge protection circuitry will activate to protect connected devices.
- **Circuit Breaker:** The integrated circuit breaker protects against overloads. If the total current draw of connected devices exceeds the power strip's capacity, the circuit breaker will trip, cutting power to the outlets.
- **USB Charging:** The two USB ports provide 2.1A total output for charging compatible USB devices.

MAINTENANCE

- **Cleaning:** Disconnect the power strip from the wall outlet before cleaning. Use a soft, dry cloth to wipe the exterior. Do not use liquid cleaners or abrasive materials.
- **Inspection:** Periodically inspect the power cord and the power strip for any signs of damage, such as frayed wires, cracked casing, or loose plugs. If damage is found, discontinue use immediately.
- **Storage:** When not in use, store the power strip in a cool, dry place, away from extreme temperatures and humidity.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
No power to outlets/USB ports.	Power switch is off.	Press the lighted on/off switch to the "ON" position.
No power to outlets/USB ports.	Circuit breaker has tripped due to overload.	Unplug some devices, then press the "RESET" button on the power strip.
No power to outlets/USB ports.	Wall outlet is not functioning.	Test the wall outlet with another device or check your home's circuit breaker.
USB devices not charging.	Device requires more power than 2.1A total output.	Ensure your device is compatible with 2.1A USB charging. Try charging one device at a time.
Power strip feels warm.	Normal operation under load.	A slight warmth is normal. If it feels excessively hot or emits a burning smell, unplug immediately and discontinue use.

SPECIFICATIONS

Model Number	78087
Outlets	4 Grounded AC Outlets
USB Ports	2 USB-A Ports (2.1A Total)
Surge Protection	450 Joules
Cord Length	3 feet (0.91 meters)
Voltage	240 Volts
Dimensions (L x W x H)	10.9 x 1.65 x 1.1 inches (27.68 x 4.19 x 2.79 cm)
Weight	11.2 ounces (317.5 grams)
Color	White
Special Features	Lighted On/Off Switch, Circuit Breaker, Cruise Ship Approved
