# Eglo Infesto 1 LED Outdoor Wall Light Instruction Manual

Model: 94877

## 1. INTRODUCTION

---

This manual provides essential information for the safe installation, operation, and maintenance of your Eglo Infesto 1 LED Outdoor Wall Light. Please read these instructions carefully before installation and retain them for future reference.

Eglo Infesto 1 LED Outdoor Wall Light installed on a modern grey wall next to stairs, emitting warm light.

## 2. SAFETY INSTRUCTIONS

---

- Always disconnect the main power supply before attempting any installation, maintenance, or cleaning.
- Installation should be performed by a qualified electrician in accordance with local wiring regulations.
- Ensure the product is properly grounded to prevent electric shock.
- Do not modify the product in any way. Unauthorized modifications may void the warranty and pose safety risks.
- This luminaire is designed for outdoor use with an IP44 rating, meaning it is protected against splashing water. Do not immerse in water.
- Use only with the specified voltage of 240 Volts.
- The integrated LED module is not user-replaceable. Do not attempt to open or replace the LED components.

## 3. PACKAGE CONTENTS

---

Verify that all components are present and undamaged before beginning installation:

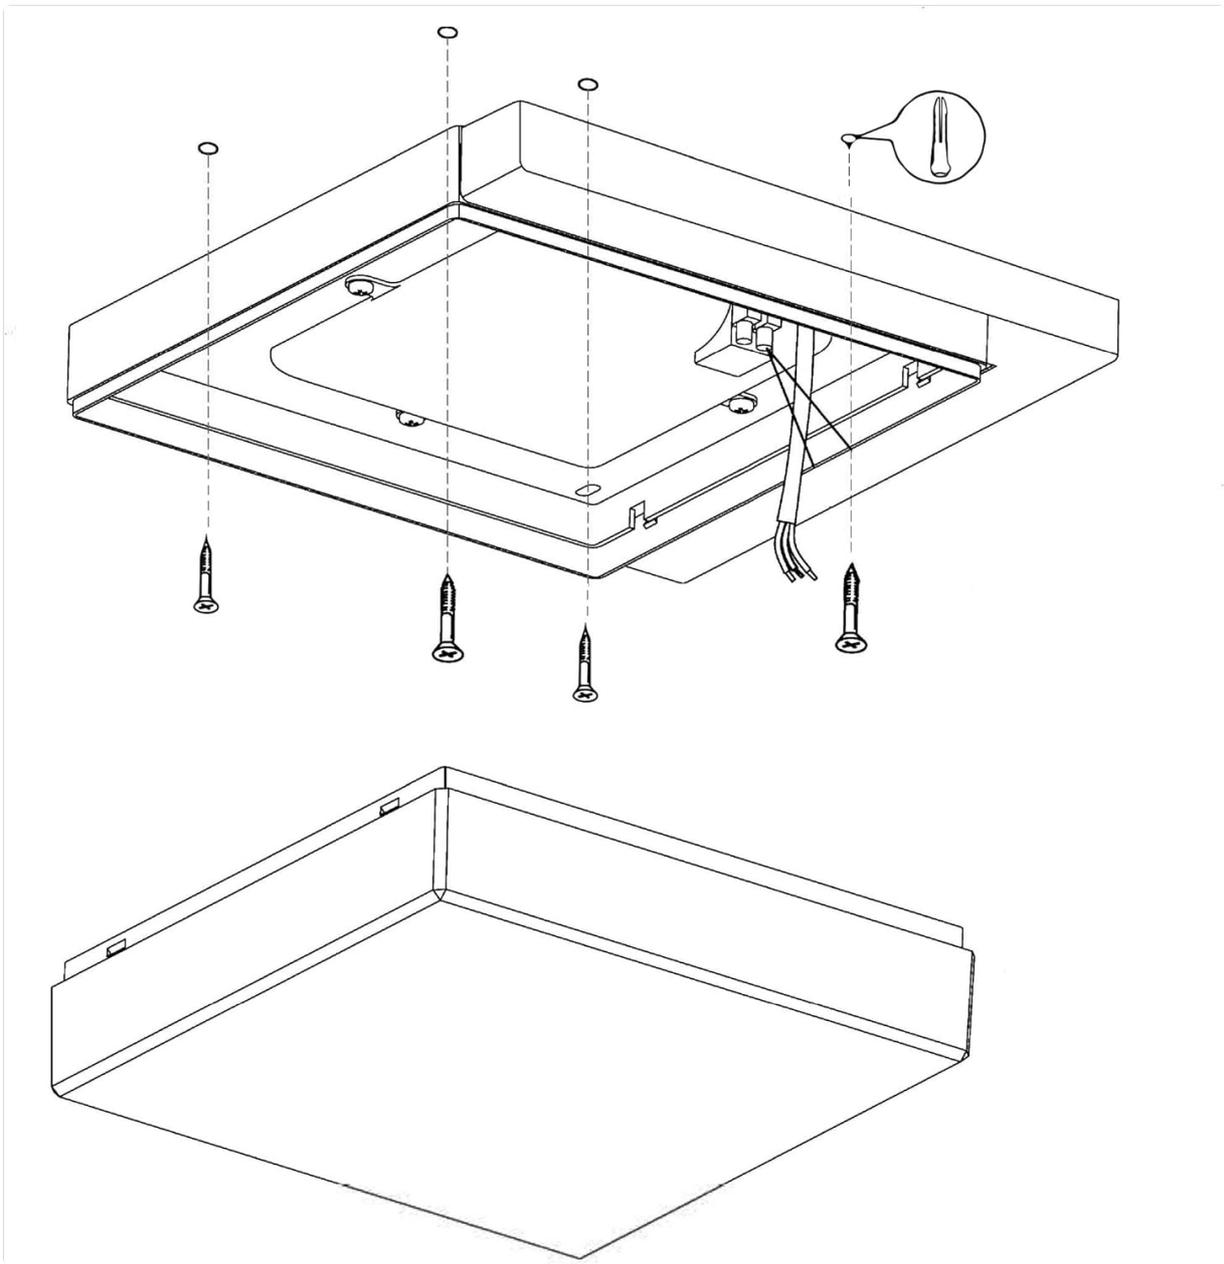

- 1 x Eglo Infesto 1 LED Outdoor Wall Light (Model 94877)
- 1 x Assembly Instructions

## 4. SETUP AND INSTALLATION

---

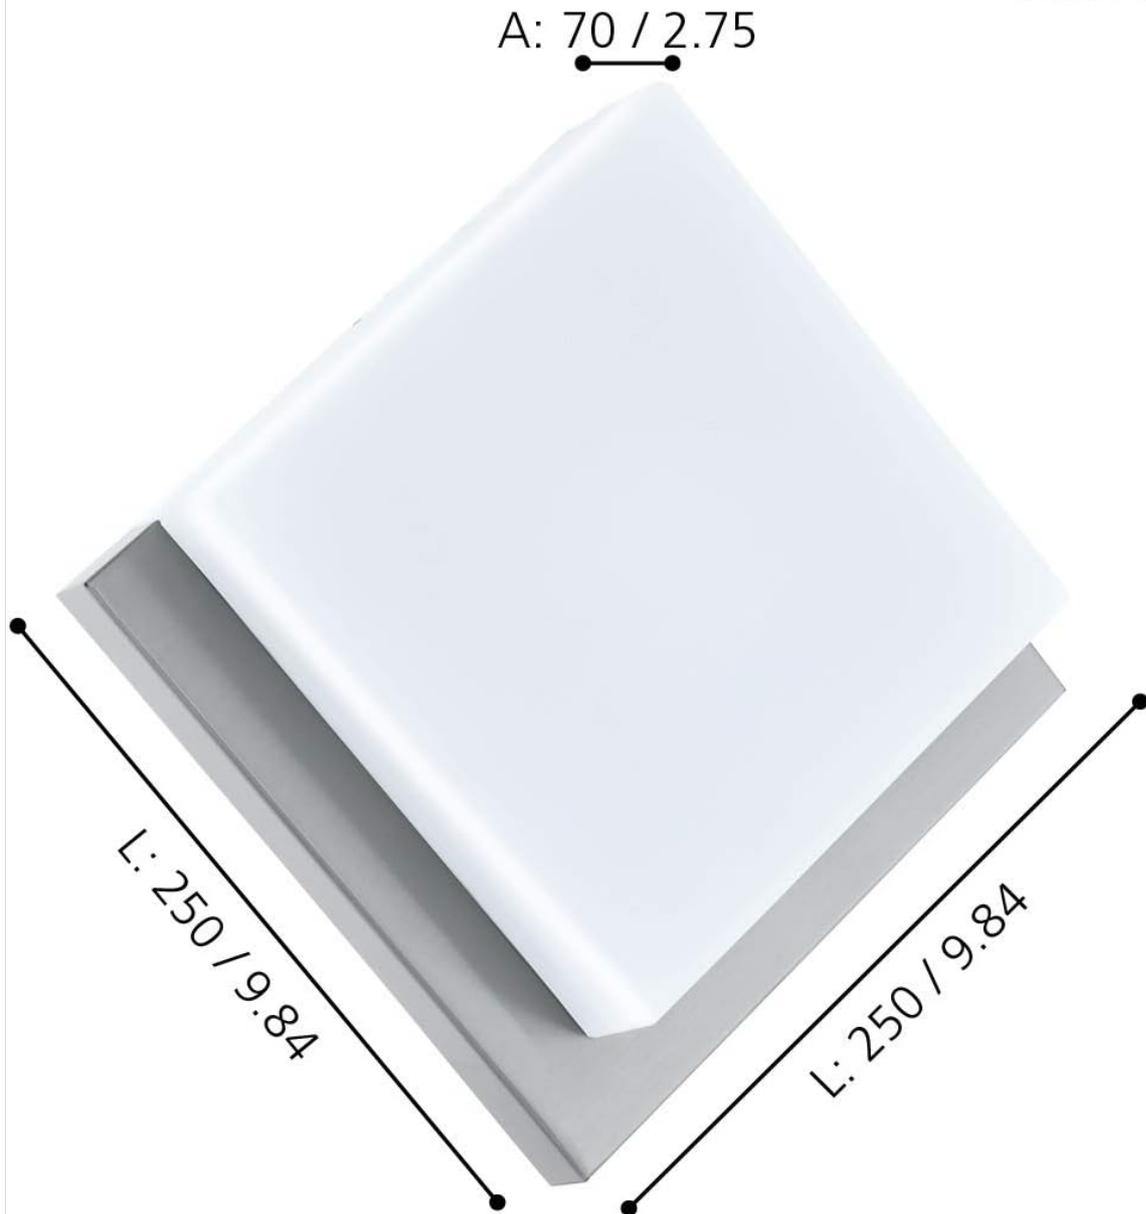

Follow these steps for proper installation. Professional installation is recommended.

1. **Prepare the Installation Area:** Ensure the power supply to the installation area is turned off at the main circuit breaker.
2. **Mark Drilling Points:** Position the mounting bracket on the desired wall surface and mark the drilling points.
3. **Drill Holes and Insert Anchors:** Drill holes at the marked positions and insert appropriate wall anchors (not included, choose based on wall material).
4. **Mount the Bracket:** Secure the mounting bracket to the wall using screws.
5. **Connect Wiring:** Carefully connect the electrical wires from the wall to the luminaire's terminals (Live, Neutral, Earth) according to the wiring diagram. Ensure all connections are secure.
6. **Attach the Fixture:** Secure the main body of the wall light to the mounting bracket, ensuring it is firmly attached.
7. **Restore Power:** Once installation is complete and all connections are checked, restore power at the main circuit breaker.

## 5. OPERATING INSTRUCTIONS

The Eglo Infesto 1 LED Outdoor Wall Light is operated via a standard wall switch connected to its power supply. Simply toggle the switch to turn the light on or off.

- **Dimmable Feature:** This luminaire is dimmable. To utilize the dimming function, ensure you have a compatible dimmer switch installed in your electrical system. Refer to your dimmer switch's instructions for proper operation.

## 6. MAINTENANCE

---

- **Cleaning:** To clean the luminaire, ensure the power is off. Wipe the surface with a soft, dry, or slightly damp cloth. Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish.
- **LED Module:** The LED module is integrated and designed for a long lifespan. It is not user-replaceable. If the LED module fails, the entire fixture may need to be replaced.

## 7. TROUBLESHOOTING

| Problem                 | Possible Cause                                | Solution   |
|-------------------------|---|--|
| Light does not turn on. | No power supply, loose wiring, faulty switch. | Check main power supply, ensure all wiring connections are secure, test the wall switch. Consult a qualified electrician if necessary. |
| Light is flickering.    | Loose wiring, incompatible dimmer switch.     | Check all wiring connections. If using a dimmer, ensure it is compatible with LED luminaires.  |
