Yogasleep Hushh Portable White Noise Sound Machine User Manual

Model: 3HUS1GYGN | Brand: YOGASLEEP

INTRODUCTION

The Yogasleep Hushh Portable White Noise Sound Machine is designed to create a peaceful sound environment for improved sleep and focus. This compact device offers three soothing natural sounds and a gentle night light, making it ideal for use with babies, in offices, or for meditation. Its portable design and USB-rechargeable battery ensure convenience wherever you go.

KEY FEATURES

- **Effective Noise Masking:** Utilizes Yogasleep's signature white noise to block disruptive sounds, promoting undisturbed sleep.
- **Soothing Sounds & Night Light:** Offers three sound options (bright white noise, deep white noise, gentle surf) and an amber LED night light for a comforting sleep environment.
- **Compact & Portable:** Designed for travel with a 3.5-inch diameter, 3.8-ounce weight, and a flexible baby-safe clip for easy attachment to strollers, car seats, or cribs.
- **USB-Rechargeable:** Provides up to 24 hours of operation on a single charge, eliminating the need for batteries. Includes a USB cable for recharging.
- **Simple to Use & Child Safe:** Features one-handed operation and an intuitive interface, along with a child safety lock to prevent accidental setting changes.

Better Sleep for Baby

SETUP

1. **Initial Charge:** Before first use, fully charge the Hushh device using the provided USB cable. Connect the USB cable to the device and a compatible USB power source (e.g., wall adapter, computer USB port). The charging indicator light will show the charging status.
2. **Placement:** Position the sound machine in a location that allows the sound to effectively mask ambient noise. For babies, attach it securely to a stroller, car seat, or crib using the flexible baby-safe clip. Ensure it is out of reach of curious hands.
3. **Regular Unplugging:** To maintain optimal battery performance and prevent potential freezing or performance impacts, turn off and unplug the unit every 14 days.

USB-Rechargeable

*Product must be turned off
every 14 days to ensure full
functionality

OPERATING INSTRUCTIONS

1. **Power On/Off:** Press and hold the power button to turn the device on or off.
2. **Select Sound:** Cycle through the three available sounds (bright white noise, deep white noise, gentle surf) by pressing the sound selection button.
3. **Adjust Volume:** Use the volume up (+) and volume down (-) buttons to set the desired sound level.
4. **Night Light:** Press the night light button to activate or deactivate the gentle amber LED night light.
5. **Child Safety Lock:** To prevent accidental changes by children, activate the child safety lock feature. Refer to the device's specific button combination for this function (usually a long press of two buttons simultaneously). Once activated, the buttons will not respond until the lock is disengaged.

MAINTENANCE

- **Cleaning:** To clean the device, simply spot clean or wipe down the unit with a soft, dry cloth. Do not immerse the device in water or use harsh chemicals.
- **Battery Care:** As noted in the setup section, it is important to turn off and unplug the Hushh unit every 14 days. This practice helps to prevent the unit from freezing or experiencing impacts to its performance, ensuring long-term functionality.

TROUBLESHOOTING

Problem	Possible Cause / Solution
Device does not turn on.	Battery may be depleted. Connect to a USB power source and charge fully.
Sound is distorted or too low/high.	Adjust the volume using the (+) and (-) buttons. Ensure the speaker grille is not obstructed.
Device freezes or stops responding.	This can occur if the unit is left plugged in continuously for extended periods. Turn off the device, unplug it, and allow it to rest for a few minutes before plugging it back in and restarting. Ensure you unplug it every 14 days as part of regular maintenance.
Night light is not working.	Ensure the night light button has been pressed. If the battery is very low, some functions may be limited. Charge the device.

Problem	Possible Cause / Solution
Buttons are unresponsive.	The child safety lock may be activated. Refer to the operating instructions to deactivate the child safety lock.

SPECIFICATIONS
