BLITZU FBA_Gator 380

BLITZU Bicycle Light Set User Manual

Model: FBA_Gator 380
Brand: BLITZU

1. Product Overview

The BLITZU Bike Lights provide superior visibility and safety for night riding, designed for all cyclists. This set includes a USB-C rechargeable LED headlight and a taillight.

- **Ultimate Bicycle Safety Set:** Offers superior visibility and safety for night riding, ensuring maximum protection and peace of mind.
- **Bright LED Rechargeable Bike Lights:** High-powered LED headlight with up to 7 hours of illumination and a taillight with a 10-hour battery life, providing superior brightness for day and night cycling.
- **Durable Bike Reflectors:** Includes front and back reflectors to enhance visibility to other riders and vehicles.
- **Waterproof & Weather-Resistant Design:** Built to withstand all weather conditions, making them suitable for rainy rides or unpredictable conditions.

2. Setup and Installation

The BLITZU bike lights are designed for easy installation on most bicycles, including mountain bikes, road bikes, and commuter bikes.

2.1 Headlight Installation

1. Secure the headlight mount to your bicycle's handlebar. Ensure it is firmly attached and positioned to illuminate the path ahead.
2. Slide the headlight onto the mount until it clicks securely into place.

2.2 Taillight Installation

1. Attach the taillight strap mount to the seat post or rear frame of your bicycle.
2. Secure the taillight to the strap mount. Ensure it is visible from the rear.

3. Operating Instructions

3.1 Charging the Lights

Both the headlight and taillight are USB-C rechargeable. Use the provided charging cables to connect the lights to a USB power source (e.g., computer, wall adapter).

- The headlight fully charges in less than 2.5 hours.
- A charging indicator light will show charging status (e.g., red for charging, green/blue for fully charged).

Figure 3: USB Type-C charging port for fast charging technology.

3.2 Headlight Modes (7 Modes)

Press the power button on the headlight to cycle through the modes:

- **Main Light:**
  - High (approx. 3 hours runtime)
  - Medium (approx. 5 hours runtime)
  - Low (approx. 8 hours runtime)
  - Flash (approx. 3 hours runtime)
  - Strobe (approx. 3 hours runtime)
- **Flood Light:**
  - High (approx. 10 hours runtime)
  - Flash (approx. 10 hours runtime)

Figure 4: Detailed view of the 7 lighting modes for the headlight, including main and flood light options.

3.3 Taillight Modes (4 Modes)

Press the power button on the taillight to cycle through the modes:

- Steady
- Disco Flash
- Strobe
- Fast Flash

Figure 5: Taillight features, including 120 lumens, IPX5 water resistance, and four distinct modes.

4. Maintenance

The BLITZU bike lights are designed to be waterproof and durable (IPX5 rated). To ensure longevity:

- Wipe the lights clean with a damp cloth after use, especially after riding in wet or muddy conditions.
- Ensure the USB-C port cover is securely closed to maintain water resistance.
- Store the lights in a cool, dry place when not in use.
- Avoid prolonged exposure to extreme temperatures.

5. Troubleshooting

If you encounter issues with your BLITZU Bicycle Light Set, please refer to the following common solutions:

- **Light Not Turning On:**

- Ensure the battery is fully charged. Connect the light to a power source and check the charging indicator.
- Press and hold the power button for a few seconds to ensure it's not just a quick press.

- **Light Not Holding Charge:**
  - Verify the charging cable and power adapter are functioning correctly. Try a different cable or adapter.
  - Ensure the charging port is clean and free of debris.
- **Dim Light Output:**
  - The battery might be low. Recharge the light fully.
  - Ensure the lens is clean. Dirt or mud can reduce light output.

If these steps do not resolve the issue, please contact BLITZU customer support for further assistance.

6. Specifications

Feature	Detail
Brand	BLITZU
