Stack-On GCB-1522-DS

Stack-On GCB-1522 22-Gun Security Cabinet Instruction Manual

INTRODUCTION

This manual provides essential information for the safe and effective use of your Stack-On GCB-1522 Steel 22-Gun Security Cabinet. Please read all instructions carefully before setting up and operating the cabinet. Proper installation and maintenance are crucial for ensuring the security and longevity of your product.

KEY FEATURES

- Capacity to hold up to 22 guns.
- Equipped with foam barrel rests to protect firearms.
- Includes one removable shelf for versatile storage.
- Features a 3-point locking system with a double-bitted, key-coded cylinder lock for enhanced security.
- Finished with a high-gloss powder paint for durability.

SETUP

1. Unpacking and Inspection

Carefully remove the cabinet from its packaging. Inspect the cabinet for any signs of damage that may have occurred during shipping. Report any damage to the retailer immediately.

2. Choosing a Location

Select a secure, level, and dry location for your gun cabinet. Consider a corner or against a wall to minimize its footprint and enhance stability. Ensure there is enough space to fully open the cabinet door.

3. Securing the Cabinet

For maximum security, the cabinet must be securely fastened to the floor or a wall. Fastening hardware is included. Use appropriate tools and follow local safety guidelines for installation. Ensure the cabinet is stable and cannot be easily tipped over.

OPERATING INSTRUCTIONS

1. Locking and Unlocking

The cabinet features a key-coded cylinder lock. Insert one of the provided keys into the lock and turn it to the appropriate position to lock or unlock the cabinet. Always remove the key after locking to prevent unauthorized access.

2. Arranging Interior Storage

The cabinet includes foam barrel rests and one removable shelf. Arrange these components to best suit your storage needs. The foam rests help protect firearms from scratches and damage. The removable shelf can be positioned at various heights or removed entirely to accommodate longer items.

MAINTENANCE

- **Cleaning:** Wipe the exterior with a soft, damp cloth. Avoid abrasive cleaners that could damage the finish. The interior can be vacuumed or wiped to remove dust and debris.
- **Lock Care:** Periodically apply a small amount of graphite lubricant to the keyhole to ensure smooth operation. Do not use oil-based lubricants.
- **Check Mounting:** Regularly inspect the fastening hardware to ensure the cabinet remains securely mounted to the floor or wall. Tighten any loose bolts as needed.

TROUBLESHOOTING

- **Key is Stiff or Stuck:** Apply graphite lubricant to the keyhole. Gently wiggle the key while turning. Do not force the key, as this may cause it to break.
- **Door Does Not Close Properly:** Check for any obstructions inside the cabinet or along the door frame. Ensure the cabinet is on a level surface and securely mounted.
- **Limited Storage Capacity:** While rated for 22 guns, actual capacity may vary depending on the size and type of firearms, especially those with scopes or accessories. Optimize space by adjusting the removable shelf and carefully arranging firearms.
