

Apple MM4T2AM/A

Apple TV Remote User Manual

MODEL: MM4T2AM/A

1. Introduction

This manual provides detailed instructions for the setup, operation, and maintenance of your Apple TV Remote. Designed for seamless control, this remote is compatible with Apple TV (2nd and 3rd generation), as well as certain Mac, iPod, and iPhone models.

The sleek aluminum design offers intuitive control over your media playback, allowing you to play, pause, adjust volume, and navigate menus with ease.

2. Setup

2.1. Inserting Batteries

The Apple TV Remote requires two AA batteries (included). To insert them, locate the battery compartment on the back of the remote. Slide the cover off, insert the batteries according to the polarity indicators (+ and -), and then replace the cover.

2.2. Pairing with Apple TV

To pair your Apple TV Remote with your Apple TV (2nd or 3rd generation):

1. Ensure your Apple TV is powered on and connected to your television.
2. Point the Apple TV Remote directly at your Apple TV.
3. Press and hold the **Menu** and **Right** buttons simultaneously for 6 seconds.
4. An icon of a remote control above a chain link will appear on your TV screen, indicating successful pairing.

If the remote does not pair, ensure there are no obstructions between the remote and the Apple TV, and that the batteries are correctly inserted and charged.

Figure 1: Front view of the Apple TV Remote, showing the click wheel, Menu button, and Play/Pause button.

3. Operating Instructions

The Apple TV Remote provides intuitive control for your Apple TV and other compatible devices.

3.1. Button Functions

- **Click Wheel (Top Circle):**
 - **Press Center:** Select an item or play/pause content.
 - **Press Up/Down/Left/Right:** Navigate through menus and options.

- **Menu Button:** Return to the previous menu or the main Apple TV menu. Press and hold to return to the main menu from any screen.
- **Play/Pause Button:** Play or pause selected content.

3.2. Controlling Apple TV

Use the click wheel to navigate through the Apple TV interface. Press the center button to select apps, movies, TV shows, or other content. Use the Play/Pause button for media playback control. The Menu button allows you to go back or return to the main screen.

3.3. Controlling Mac, iPod, or iPhone

The Apple TV Remote can also control media playback on compatible Mac computers, iPods, and iPhones. Ensure your device supports remote control functionality and is within range. Functions typically include play, pause, volume adjustment, and track navigation.

Note: For multi-player games on Apple TV, an iOS device or a compatible game controller may be required, as the Apple TV Remote is primarily designed for navigation and media playback.

4. Maintenance

4.1. Battery Replacement

When the remote's response becomes sluggish or it stops functioning, it's likely time to replace the batteries. Follow the instructions in Section 2.1 to replace the two AA batteries.

4.2. Cleaning

To clean your Apple TV Remote, use a soft, lint-free cloth. If necessary, slightly dampen the cloth with water. Avoid using abrasive cleaners, aerosols, or solvents, as these can damage the remote's finish or internal components.

5. Troubleshooting

5.1. Remote Not Responding

- Check the batteries: Ensure they are inserted correctly and have sufficient charge. Replace if necessary.
- Check line of sight: Make sure there are no obstructions between the remote and the Apple TV.
- Re-pair the remote: Follow the pairing instructions in Section 2.2.

5.2. Remote Controls Multiple Apple TVs

If you have multiple Apple TVs in close proximity, your remote might control the wrong device. To prevent this, pair each remote specifically to its intended Apple TV using the pairing process described in Section 2.2.

6. Specifications

Feature	Detail
Model Number	MM4T2AM/A
Product Dimensions	1.4 x 6.1 x 0.5 inches

Feature	Detail
Item Weight	0.64 ounces
Manufacturer	Apple
Batteries	2 AA batteries (included)
Color	Silver
Compatible Devices	Apple TV (2nd generation), Apple TV (3rd generation), Mac, iPod, iPhone
Max Number of Supported Devices	10 (for pairing)
Date First Available	November 1, 2018

7. Warranty and Support

7.1. Warranty Information

Warranty coverage for your Apple TV Remote is typically provided by Apple and is subject to the terms and conditions at the time of purchase. Please refer to the warranty documentation included with your product or visit the official Apple support website for detailed warranty information.

7.2. Customer Support

For further assistance, technical support, or service inquiries, please visit the official Apple Support website or contact Apple customer service directly. You can find contact information and support resources at support.apple.com.
