SETUP

Your Cross Calais Ballpoint Pen comes ready for immediate use. No assembly is required. Simply remove the pen from its packaging.

1. Carefully unbox the pen from its protective packaging.
2. Ensure the pen's tip is retracted before handling to prevent accidental marks.

OPERATING INSTRUCTIONS

The Cross Calais Ballpoint Pen features a patented swivel-action mechanism for extending and retracting the writing tip.

1. **To Extend the Tip:** Hold the lower barrel of the pen firmly with one hand. With the other hand, twist the upper barrel (the section with the clip) clockwise until the writing tip fully extends.

2. **To Retract the Tip:** Twist the upper barrel counter-clockwise until the writing tip is fully retracted into the pen body.

Always retract the tip when not in use to protect the ink and prevent accidental marks on surfaces or clothing.

MAINTENANCE

Cleaning:

To maintain the appearance of your pen, wipe it periodically with a soft, dry, lint-free cloth. Avoid using abrasive cleaners or solvents, as these can damage the finish.

Refill Replacement:

When the ink runs out or if you wish to change ink color or point size, replace the refill with a genuine Cross Ballpoint Pen Refill (e.g., #8513 for black medium). Other compatible Cross refills are available.

1. Ensure the pen tip is fully retracted.
2. Gently unscrew the upper barrel from the lower barrel by twisting counter-clockwise.
3. Carefully remove the old ink refill.
4. Insert the new Cross Ballpoint Pen Refill into the lower barrel, ensuring it seats properly.
5. Screw the upper barrel back onto the lower barrel by twisting clockwise until securely fastened. Do not overtighten.
6. Test the pen by extending and retracting the tip and writing a few strokes.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Ink not flowing / Pen not writing	Refill is empty or dried out.	Replace the ink refill. Ensure it is a genuine Cross refill.
Tip does not extend or retract smoothly	Mechanism is dirty or misaligned; Overtightened barrel.	Gently unscrew and re-screw the barrel. Ensure no debris is obstructing the mechanism. Do not overtighten when reassembling. If the issue persists, contact Cross customer support.
Pen feels loose or wobbly	Barrel is not fully tightened.	Gently twist the upper and lower barrels until they are securely fastened.
