JUFIT JFF001L

JUFIT JFF001L 3D Face and Body Roller Massager User Manual

Model: JFF001L | Brand: JUFIT

Introduction

The JUFIT JFF001L 3D Face and Body Roller Massager is designed to enhance skin condition through gentle massage and microcurrent technology. This device aims to stimulate blood circulation, promote skin tightening, and alleviate tension across various body areas. Its waterproof design allows for versatile use, and the 3D roller beads are engineered for efficient massage.

Important Safety Information

Please read and understand all safety instructions before using the JUFIT JFF001L 3D Face and Body Roller Massager.

- Always use the massager on dry skin and away from water sources, unless specifically cleaning the device.
- Do not use the device if it is damaged or broken.
- Keep the massager out of reach of children.
- Consult a physician before use if you have any medical conditions, skin sensitivities, or are pregnant.
- Do not use on broken skin, open wounds, or areas with inflammation, rashes, or severe acne.
- Always follow the instructions provided with the product for safe and effective use.

Product Features

The JUFIT JFF001L massager incorporates several features designed for optimal skin care:

- **Improved Skin Metabolism:** Stimulates blood circulation, promoting healthier and younger-looking skin.
- **Waterproof Design:** Allows for use in the shower and enhances the absorption of skincare products.
- **3D Roller Beads:** Features 360-degree rotating massage beads for comprehensive full-body massage and easy cleaning.
- **Efficient Microcurrent Massage:** Gathers energy via a mini solar panel to release subtle micro solar currents, activating skin cells. The diamond-shaped cut of the rollers provides effective contouring.

- **Portable Design:** Compact and lightweight, making it convenient for use anytime, anywhere.

Setup

The JUFIT JFF001L 3D Face and Body Roller Massager is designed for immediate use. It features a mini solar panel on

the main body that gathers ambient light energy to generate subtle micro solar currents during massage. For optimal performance, ensure the solar panel is exposed to light before and during use. No charging or batteries are required.

Operating Instructions

The JUFIT JFF001L massager can be used on various parts of the face and body. The 3D roller beads are designed to gently knead and lift the skin.

General Usage

- Hold the massager firmly by the handle, ensuring your hand does not cover the solar panel.
- Roll the device gently over the desired skin area.
- Apply light to moderate pressure, adjusting as comfortable for your skin.
- For best results, use with your preferred skincare products (e.g., serums, creams, masks) to enhance absorption. The massager helps skin absorb essence better.

Image: The massager used in conjunction with various skincare products to promote better absorption.

Application Areas

Face Application

- Roll upwards and outwards along the jawline, cheeks, and forehead.
- For the delicate eye area, use very gentle pressure, rolling from the inner corner outwards.
- Focus on areas to improve fine lines, reduce puffiness, or enhance facial contours.

Image: Guidance on applying the massager to specific facial areas including the cheek, eye, nose, and forehead.

Body Application

- Roll in an upward motion on the neck, arms, waist, and legs.
- Use consistent, rhythmic movements for effective massage.
- Can be used to target areas for skin tightening, body shaping, and alleviating tension.

Maintenance and Care

Proper maintenance ensures the longevity and effectiveness of your JUFIT JFF001L massager.

- **Cleaning:** After each use, clean the roller beads and handle with a soft, damp cloth. For a more thorough cleaning, the waterproof design allows rinsing under running water. Ensure the device is completely dry before storage.
- **Storage:** Store the massager in a cool, dry place, away from direct sunlight, extreme temperatures, and high humidity.
- **Handling:** Avoid dropping the device, as internal components may be damaged, affecting its performance.

Troubleshooting

If you encounter any issues with your JUFIT JFF001L massager, please refer to the following common solutions:

- **Roller not moving smoothly:** Ensure the rollers are clean and free from any residue or debris. Applying a small amount of your preferred skincare product to the skin before use can also help reduce friction and improve smoothness.
- **No sensation of microcurrent:** The microcurrent generated by the solar panel is very subtle and may not be directly felt by all users. Ensure the solar panel is exposed to adequate light during use. The device is designed to generate microcurrents automatically when exposed to light.
- **Skin irritation:** If you experience any skin irritation, reduce the pressure applied during massage. Discontinue use immediately if irritation persists, and consult a dermatologist or healthcare professional. Do not use on broken or inflamed skin.

Specifications

Feature	Detail
Product Dimensions	6.1 x 3.54 x 2.09 inches
Item Weight	5.9 ounces
Model Number	JFF001L
Power Source	Solar Powered
Use For	Whole Body
Color	Silver
Manufacturer	JUFIT
First Available	April 4, 2016
