Monster Shop 5013(2)#5014

Monster Shop Gemini C1200, CM60 Display Counter Set

Model: 5013(2)#5014 | **Brand:** Monster Shop

1. Introduction

This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your Monster Shop Gemini C1200 and CM60 Display Counter Set. This set offers a contemporary and sturdy display solution for a wide variety of products in any retail environment.

Each unit can be used individually or combined to form a stylish, cohesive counter, such as an L-shaped configuration, providing an ideal platform for product display.

Image 1: The Gemini C1200 and CM60 counters arranged in an L-shaped configuration.

2. Safety Information

Caution:

- The counters will arrive flat-packed. Due to their weight and size,**two people are required** for lifting and assembly to prevent injury.
- Handle glass components with care to avoid breakage and injury.
- Ensure all fasteners are securely tightened during assembly to maintain stability.
- Some counters may have minor aesthetic imperfections. These do not affect the structural integrity or functionality of the unit.

3. Package Contents

Your Gemini display counter set includes the following components:

- **Two (2) C1200 Display Counters:** These units feature a large display area with glass panels on the upper front and top. Each includes a removable reinforced glass shelf. The lower half at the back is open for storage.
- **One (1) CM60 Corner Unit:** This is a closed unit with shelves for storage at the back. It is designed to

connect other counters to create an L-shaped block but can also be used individually.

- All necessary assembly hardware (screws, dowels, brackets, etc.).
- Assembly instructions (refer to Section 4).

4. Setup and Assembly Instructions

The display counters are delivered flat-packed and require assembly. Please ensure you have adequate space and assistance (two people recommended) before beginning.

1. **Unpack Components:** Carefully unpack all components and verify against the package contents list. Lay out all parts on a clean, soft surface to prevent scratches.
2. **Identify Parts:** Familiarize yourself with the different panels, shelves, and hardware for each C1200 counter and the CM60 corner unit.
3. **Assemble C1200 Counters:**
    - Attach side panels to the base and top panels using the provided screws and dowels.

- Insert the reinforced glass shelf into the designated slots within the display area.
- Carefully slide the glass panels into the front and top sections of the display area.
- Secure any remaining back panels or support structures for the open storage area.

4. **Assemble CM60 Corner Unit:**
   - Connect the curved front panel to the side panels.
   - Install the internal storage shelves at the desired heights.
   - Attach the rear panels to complete the unit.
5. **Connect Units (Optional L-Shape):** If forming an L-shaped configuration, position the CM60 corner unit between two C1200 counters. Use the provided connecting hardware to secure the units together, ensuring they are flush and stable.
6. **Final Check:** Ensure all screws are tightened, and the units are stable and level before placing any items on or in them.

5. Operating Instructions

These display counters are designed for showcasing products in a retail or commercial setting.

- **Product Placement:** Arrange products aesthetically within the glass display areas of the C1200 counters. Utilize the removable glass shelf to create multiple display levels.
- **Storage:** The open rear section of the C1200 counters and the internal shelves of the CM60 unit provide convenient storage for additional stock, packaging, or personal items.
- **Weight Capacity:** Do not exceed the maximum weight recommendation of 90 kg for the entire unit. Distribute weight evenly across shelves and surfaces.
- **Cleaning:** Refer to the Maintenance section for cleaning guidelines.

6. Maintenance

Regular maintenance will help preserve the appearance and longevity of your display counters.

- **Cleaning Surfaces:** Wipe wooden surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Cleaning Glass:** Use a standard glass cleaner and a lint-free cloth for glass panels and shelves.
- **Dusting:** Regularly dust all surfaces to prevent buildup.
- **Check Fasteners:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary to maintain structural integrity.
- **Avoid Excessive Moisture:** Do not expose the units to excessive moisture or humidity, as this can damage the wood material.

7. Troubleshooting

If you encounter any issues with your display counter set, consider the following:

- **Instability/Wobbling:** Ensure the unit is placed on a level surface. Check all assembly screws and connections for tightness. Retighten any loose fasteners.
- **Glass Panel Issues:** If glass panels are difficult to slide or seem misaligned, recheck the frame assembly to ensure it is square. Do not force glass into place.
- **Minor Aesthetic Imperfections:** As noted in the safety warning, some units may have minor aesthetic imperfections. These are typically cosmetic and do not affect functionality.

For issues not resolved by these steps, please contact customer support.

8. Specifications

Feature	Specification
Brand	Monster Shop
Model Number	5013(2)#5014
Color	White
